SWISS ARMY KNIVES
2018 – 2019

MAKERS OF THE ORIGINAL SWISS ARMY KNIFE | ESTABLISHED 1884

VICTORINOX 1884–2018 MORE THAN 130 YEARS OF EXPERIENCE AND SWISS TRADITION

The little red pocket knife with the Cross & Shield emblem on the handle is an instantly recognizable symbol of our company. In a unique way, it conveys excellence in Swiss craftsmanship, as well as the impressive expertise of more than 2,000 employees worldwide.

The principles by which we do business are as relevant today as they were in 1897 when our company founder, Karl Elsener, developed the “Original Swiss Army Knife”: functionality, innovation, iconic design and uncompromising quality. Our commitment to these principles for more than 130 years has allowed us to develop products that are extraordinary not only in design and quality, but also in their ability to serve as reliable companions on life’s adventures, both great and small.

Today, the full range of Victorinox knives is comprised of over 1,200 models. We are pleased to offer this assortment with our best—and perhaps future—classics.

Carl Elsener
CEO Victorinox

SWISS MADE

SWISS QUALITY

The knives and tools produced by Victorinox are manufactured entirely in Ibach-Schwyz and Delémont. They are thus “Swiss Made” and this is shown on the blade and packaging.

PACKAGING & ICONOLOGY

There are two types of packaging for pocket knives:
Board-to-Board packaging and Boxed packaging.

**BOXED
PACKAGING**

BOARD-TO-BOARD PACKAGING

Victorinox Swiss Army Board-to-Board packaging is a recyclable paperboard-based packaging solution that significantly reduces our overall packaging material volume. It combines a highly durable, tear-resistant paperboard with a thermoform blister to protect our product from theft and damage.

SMALL POCKET KNIVES

FOR EVERYDAY ADVENTURES

FUNCTIONAL

VERSATILE

SWISS MADE

Our smallest models are practical, light and discreet – whether in your pocket or attached to your keys – making them the perfect companion for everyday life. These high-quality pocket knives are built for years of use, with specially alloyed and hardened blades that ensure the stainless steel tool edges retain their sharpness and are always ready to use.

Thanks to a range of attractive designs and a wide variety of carefully chosen tool combinations, there's a friend for life for everyone among the small Victorinox Swiss Army pocket knives.

VICTORINOX
MADE IN SWITZERLAND

MEDIUM POCKET KNIVES

THE ORIGINAL SWISS ARMY KNIFE

MULTIFUNCTIONAL

RELIABLE

ICONIC

*Evolution
of the Officer's Knife
from 1897 to date*

Victorinox founder Karl Elsener patented his elegant, lightweight and exceptionally versatile “Officer’s and Sports Knife” on July 12, 1897. Today, the iconic Officer’s Knife is exhibited in museums all over the world, including New York’s Museum of Modern Art and the International Design Museum in Munich, Germany. The Original Swiss Army Knife has become an established classic – synonymous with creativity, functionality and, of course, unparalleled Swiss quality.

FUNCTIONAL

TOUGH

If you're looking for that little bit extra, our large pocket knives should be your first port of call. Produced with exceptional attention to safety, functionality and robustness, all the models in this range incorporate design features that make them safer to use – including the reliable locking mechanism for the sharp main blade. Thicker individual tools and rivet joints make these knives even more stable, while the ergonomically designed scales create a firm, comfortable grip, increasing safety, performance and efficiency.

SWISSTOOL™ COLLECTION

MULTI-TALENT

DEPENDABLE

VERSATILE

STURDY

Ask anyone who's ever gotten out of a sticky situation thanks to a multi-tool of this kind or anyone who has come to appreciate the SwissTool's precision, versatility and stability in everyday life – they wouldn't be caught without it. These are the most robust tools currently available in the Victorinox Swiss Army range – the exceptionally powerful SwissTool™ and its younger and slightly handier brother, SwissTool™ Spirit.

With strong, ergonomically designed handles made of finely polished, easy-care stainless steel, these solidly built all-arounders are exceptionally satisfying to use.

105 mm / 115 mm ►►

SWISSTOOL™ COLLECTION 105 mm, 115 mm

From its lightweight design, to its ergonomic handles, to its outside-opening implements, there's not much the SwissTool™ Spirit X can't do. Here's what sets it apart from the competition:

1. ONE STEP ACCESS
Tools can be opened directly from the outside of the handle without opening the pliers.

2. NO CLUMPING
Individual springs hold other tools in place. Access one tool, not a clump of tools.

3. LOCK AND RELEASE
Tools lock into place when opened. To close, simply slide the release button and fold the tool away.

4.3302 SWISS ARMY KNIFE OIL

NEW 9.5204.1 THE SWISS ARMY KNIFE BOOK

In his latest book, the successful Swiss Army Knife expert Felix Immler, shows you how to set up a comfortable forest camp with a pocket knife using only a saw as single tool. You'll find 63 inspirational Bushcraft projects and other great tips and tricks for your outdoor experience. The simplest natural materials can be used to build a waterproof roof, chair, table, bed, refrigerator and even a stove. He also shows you how to carve spoons, knives and bowls. Be ready for exciting outdoor adventures.

NEW EDITION 17006 WHITTLING BOOK

The Victorinox Swiss Army Knife Whittling Book shows you how to carve useful and whimsical objects in just a few minutes using nothing more than an original Swiss Army Knife and a twig.

Whether you're relaxing by a campfire or just looking for a way to de-stress on the weekend, whittling is a creative way to unwind and have fun. Learn how to choose your wood, sharpen your blade and control your knife with dozens of easy step-by-step projects.

Written by world-famous whittler Chris Lubkemann, this book is perfect for campers, hikers, scouts, fans of Ray Mears and anyone looking to learn a new hobby!

17004 SWISS ARMY KNIVES: A COLLECTOR'S COMPANION

This book, by Derek Jackson, is a colorful, wonderfully illustrated history of Victorinox and the Original Swiss Army Knife. From the original multi-tools to the CyberTool, the legend of Victorinox Swiss Army Knives makes fascinating and informative reading.

A great gift item for the pocket knife enthusiast and collector. An eye-catching display item.

NEW 9.6092.1 POCKET KNIFE TOY

Learning through play is the best way to learn. The new Pocket Knife Toy from the "Klein" company meets these requirements. The toy includes plastic Swiss Army Knife implements and is suitable for children from the age of 3 onwards. It might even serve as a forerunner to the "My First Victorinox" pocket knife and later the famous Swiss Army Knife.

CARE TIPS FOR SWISS ARMY KNIVES

The various tools are manufactured from high-quality steel with precisely tuned features that are essential for the particular application. The steel is tempered, annealed and polished to achieve the necessary hardness and provide optimum resistance to corrosion.

Sharpening

To resharpen your knife, use a whetstone at an angle of 15°–20°. This will result in a cutting angle of 30°–40°. If sharpening on a grinding wheel, always cool with plenty of water to avoid excessive temperatures and the resulting damages that may occur.

Cleaning

When cutting or peeling fruit, fruit juice often runs down between the blades, causing them to stick together once the juice has dried. To fix this, open and close the blades in warm water several times, and the tools will easily move again. Once they have dried, it is recommended, but not always necessary, to apply a small drop of oil between the blade or tool shank and the spring. On the locking mechanism, adding a drop of our Swiss Army Knife Oil every six months, or as needed, is recommended (see below). Do not put Swiss Army Knives in the dishwasher!

When selecting knife oil, various properties need to be taken into account, including the legal provisions relating to the safety of foodstuffs. Some oils intended for Swiss Army Knives do not provide satisfactory lubrication or may even prevent the knife from working properly (i.e., causing it to stick).

Our Recommendation

Swiss Army Knife Oil (Part. # 4.3302)

The main features of this multipurpose oil are:

- neutral odor and taste
- highly resistant to aging
- good wear and corrosion protection qualities
- suitable for use with foodstuffs

HOW CAN VICTORINOX SWISS ARMY OFFER A LIFETIME WARRANTY?

The Victorinox Quality System

- Since 1884, the quality of our products has been our first priority.
- Inspections ensure all incoming materials conform to quality specifications.
- Victorinox labs meet the latest standard of engineering.
- All employees are responsible for following quality procedures.
- Quality control personnel are thoroughly trained.
- 100 people work in the final inspection department.
- Two main controlling points checked are function and finish.
- Each knife is opened and closed, and the function of each implement is checked.
- We maintain our worldwide reputation by implementing high standards of quality, functionality, design and finish.

AUTHENTICITY

To ensure your product is an authentic Victorinox Swiss Army Knife or specialty tool, simply look at the base of your large blade for the Victorinox name. Don't be fooled by imitations. Attempts have been made worldwide to copy Victorinox and our symbol of superior craftsmanship – the red-handled knife bearing the “cross and shield.”

GUARANTEE

Victorinox guarantees all of its Swiss Army Knives to be of first-class stainless steel, and provides a lifetime guarantee against any defects in material and workmanship. The casing of the SwissCard® is covered by a one-year warranty.

**If it doesn't say Victorinox,
it's not the Original Swiss Army Knife.**
