

Congratulations on taking the first steps toward earning your World Instructor Training Schools exclusive digital badge! Let's take a moment and review how you can access and share your accomplishment with the world via social media!

W.I.T.S. recently switched from using Credly as our digital badge provider to [Badgr](#). We switched to Badgr because it was recently selected as the native badging tool for Canvas, which means we can issue all of our badges directly through your learning platform! You can still contact us if you need assistance, but you will no longer need to contact us to claim your badge.
