

Residential & Commercial Outdoor Furniture

Premium outdoor furniture, world class customer service.

For over 20 years, Sequoia's proprietary poly lumber has been hailed as one of the most beautiful wood replacement materials on the market. We're proud to say that since the beginning, our products have always been 100% made in the USA, crafted with various types of eco-friendly recycled plastics. Every step of the way we have ensured that we not only make great looking furniture, but we do it with re-used plastics as a primary input in our mission.

Where natural wood often deteriorates and weakens, our material surpasses it as our engineered synthetic lumber resists weather and water damage in any climate. Snow, ice, rain, and heat will not cause it to crack or break, allowing it to last for years.

Sequoia products feature multiple color options, so there's no need to paint or stain the furniture. By utilizing 304 grade stainless steel hardware that is hidden by design, each product will maintain its beautiful and comfortable style season after season.

Each product is constructed to provide maximum comfort, and unsurpassed outdoor durability. To ensure this, we give all of our products a 7* year commercial warranty and 15 year residential warranty. Please refer to our website www.seqoutdoor.com for additional warranty information.

No matter where our furniture is used, it is our passion to exceed expectations by producing innovative products and delivering exceptional service.

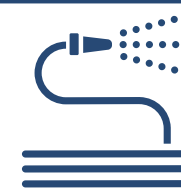

Products proudly made 100% in the
USA by skilled Pennsylvania Craftsmen

Comfortable, yet durable poly lumber
that is strong and built to stand
the test of time

Weather resistant materials that are
resistant to damaging UV rays, water
damage, and harsh weather

Low maintenance poly lumber helps
your furniture look great year after year,
with no need to paint or stain

Eco-friendly furniture made using solar
power and recycled materials means
less waste in landfills and waterways

THE SUNRISE COAST COLLECTION

Sunrise Coast Garden Bench - 5ft
Sunrise Coast Rocking Chairs
Sunrise Coast Small Side Tables
Sunrise Coast Conversation Table
Shown in Citrus Orange

Our Sunrise Coast products are crafted using high-quality polyethylene material. Flexible and strong, it's able to take more stress than other plastic furniture material, and it won't snap or break. Be at ease even with strong winds, snow, rain, or ice: These furniture sets hold up in all weather conditions.

COLOR OPTIONS

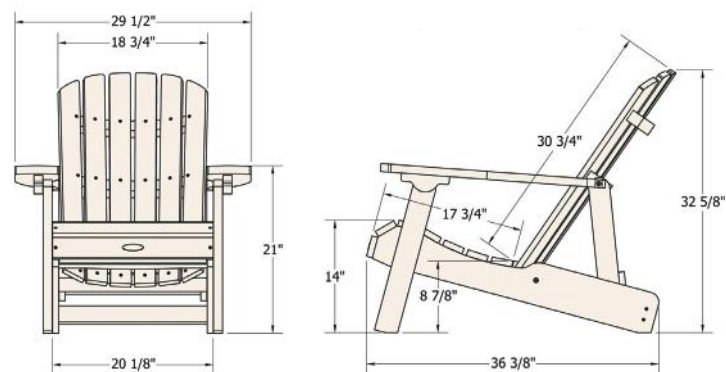

TWO-TONE OPTIONS

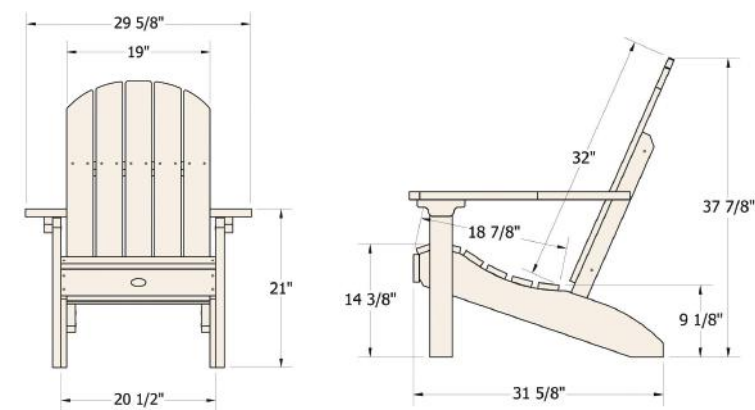

Our proprietary materials are mold, rot, and pest resistant, and are made with UV inhibitors. They provide protection from environmental degradation, holding up to all of nature's elements. Rest assured that you'll never need to stain or paint.
