CROCHET
BASICS

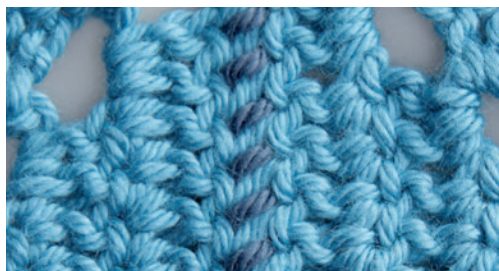

WHIP STITCH

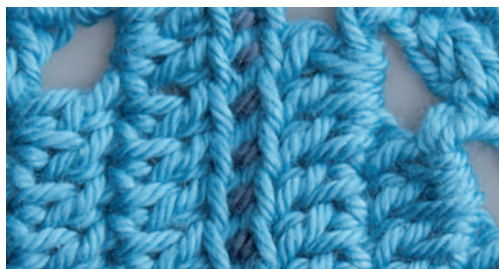

Whip stitch is worked evenly along the edges of two pieces, with the pieces lined up as shown with WS facing you. Connect the pieces at the corner with a stitch, inserting the needle from front to back on one piece and then poking back to front on the other piece. Repeat once more.

Now insert the needle through the “bars” of the next two crocheted stitches, one from each piece, as shown, and pull through.

Continue this way to join the “bars” of each pair of stitches together, as shown.

On the RS, the stitches will be parallel to each other and slightly separated, with the seam barely visible between them.
