## Rapport du Président

Chers membres,

Déjà deux mandats de terminés, mais encore tellement de travail à accomplir que je n'ai même pas vu le temps passer. Je suis toujours très fier de notre club, notamment grâce au travail accompli par nos bénévoles, personnel technique et administratif.

Tous les membres du CA ont travaillé très fort dans leur domaine de responsabilité respectif afin de continuer à améliorer les services offerts à nos membres. Suite à la mise en place par Soccer Canada du nouveau programme de reconnaissance des clubs, nous avons amorcé la mise en place des structures techniques requises afin de nous qualifier comme club juvénile nationale, ce qui nous permettra de continuer à offrir à nos jeunes la possibilité de compétitionner au plus haut niveau de compétition au Canada. Les changements que nous apporterons impliqueront la prise en charge des pratiques des jeunes U4 à U14 par du personnel technique et des entraîneurs qualifiés.

En ce qui concerne nos relations avec l'arrondissement de CDN/NDG, nous sommes très heureux de l'aboutissement du projet de terrain synthétique au parc Loyola, mais je travaille déjà depuis plusieurs mois sur un autre projet similaire, cette fois sur le terrain du parc Mackenzie-King. La réfection du bâtiment du parc Trenholme, qui pourrait éventuellement accueillir les bureaux de l'ASNDG, fait aussi parti de nos plans à plus long termes.

En ce qui concerne nos relations avec l'Association régionale de soccer Concordia (ARSC), la dynamique de travail entre la région et les clubs n'a plus rien à voir avec les foires d'empoigne historiques. Je suis très heureux d'enfin pouvoir travailler avec un groupe dévoué de personnes réellement à l'écoute des clubs. Nous avons d'ailleurs élu un deuxième membre de l'ASNDG, Joanne Kay, qui va rejoindre Mathieu Desjardins sur le CA de l'ARSC. Par son expérience chez Sports Canada, Joanne apporte une connaissance du soccer féminin qui va bénéficier à toute la région.

Lors des 2 années de mon prochain mandat (si je suis réélu), j'espère pouvoir continuer à maintenir une bonne relation de travail efficace au sein de notre CA afin nous puissions tous contribuer à faire en sorte que l'ASNDG devienne un des meilleurs clubs de soccer au Québec, et ce, tant au niveau de la régie interne que du développement des jeunes et du succès de nos équipes élites.

Pour terminer, j'aimerais remercier Eric Heddle au nom de l'ASNDG, qui quitte son poste de VP Récréatif après 12 années au CA de l'ASNDG, pour l'énorme contribution qu'il a fait à l'ASNDG. Un grand merci aussi à Lester Shepherd qui quitte après avoir terminé son mandat de Directeur des ressources humaines, mais qui devient notre premier Directeur à l'arbitrage certifié par Soccer Québec

## VP RECREATIONAL DIVISION REPORT - 2018

The recreational division of the NDG Soccer Association organized summer soccer for 1,446 players and 150 coaches. This is a slight decrease over 2017. While there has been a noticeable drop-off in the numbers of teenagers over the years, we have remained relatively stable this year in our various full-field divisions which is a reflection of the effort from both the administration and coaches to create a positive environment for our children. The highlights of our summer and winter programs are summarized as follows.

### Novice Division

Our numbers in our U4, 5 & 6 divisions amounted to 400 children in 2018 which was a decrease versus 2017. We were able to maintain both boy's and girl's divisions which has proven very beneficial and is welcomed by the parents.

### Mini-field Division

The mini-field division operated well in 2018 with few problems. Coaches were found for all teams and the games were equally competitive. Highlights include:-

- The total number in this division amounted to 519 which was an increase versus 2017.
- The mini-field division included U7, U8, U9, and U10 boy's divisions and U7/8 and U9/10 girl's divisions.
- Allstar teams were formed in the U7M, U8M, U8F and U10F divisions and teams played in 2 tournaments.
- The CSA Active Start Mini Soccer Festival was held in late August with Novice (U4/5/6) playing on Saturday and the Minifield players on Sunday. The festival was a great success - a credit to Cate, Maddie, Christian Schuller and the technical team, and the coaches.

### Full-Field Divisions

This year, we had a U13M, U13F, U16F and U16M divisions. Highlights include:-

- The total number of players in this division amounted to 290, a slight decrease versus 2017.
- This year to maximize the numbers within our girls and boys divisions, we formed U13 and U16 divisions rather than the normal U12, U14, U17 divisions. The U17 players played in our senior division leagues.
- As a part of our development program, the U13F and U13M division's games were played on a 9v9 format on modified  $\frac{3}{4}$  fields.
- The U16F and U16M divisions played on full fields.
- Allstar teams were formed in the U11F, U13M, U14M, U14F and Senior F divisions and these teams played in 1-2 tournaments.
- The finals for all full field divisions were held on the weekend of September 8/9, 2018. Judging by the parents and friends in the stands, the event was very successful.

In an effort to continue to provide the most balanced teams in every age category, preseason player evaluation sessions were held to assign an evaluation to players who had never been affiliated with NDGSA before.

### Senior / Coach's Divisions

We continue to promote soccer among seniors (U18+) to give everyone an opportunity to play a recreational game of soccer. There were 227 players registered in the senior leagues plus coaches who played for free in appreciation for their time and effort coaching our young players. Highlights include:-

- We had a 2 team division in the U29M senior men's division. The finals were held in late August. Thanks go to Mark Blaker, Maureen Scully and Paul Gregory for organizing the U29M division.
- Seven teams were formed in senior women's league for women 17 and older. The finals were played in September.
- Five teams in the U30+ senior men's division including 1 NDGSA coach's team. The finals for the U30+ senior men's divisions were held during September.

We continue to provide our Soccer Mom's program during the summer and in the fall under the leadership of Loree Tamanaha. This program continues to grow as it gives an opportunity for many women who have never been involved in soccer to learn the game from an expert. In 2018, we had 28 players in our summer program and 25 players in the fall.

### Referees

Clinics for the referees were presented by Concordia in the spring in preparation for the 2018 season and all new referees attended. We also provided our refresher course under the instruction of Lester Sheppard to all returning referees. The co-ordination of the recreational referees was under the control of Maddie with technical guidance from Lester. Lester established a 4 person mentoring team to further assist our young referees. We are dealing with young teenagers who are doing their best and coaches and parents have to realize the necessity of keeping their comments to themselves. Our thanks and appreciation go to both Maddie and Lester.

### Coaches

The success of our programs is dependent on our coaches, assistant coaches, and other volunteers. With a few minor exceptions, we were able to field both coaches and assistant coaches for all teams. Our goal remains to develop our younger players and support our older players. We heartily thank all of our coaches and assistants for their dedication to our recreational program.

### Technical

In 2018, the NDGSA Executive continued their emphasis on the training and development of our recreational U4 - 14 players. Our Recreational Technical Director, Christian Horst Schuller, assisted by Calin Ordean, Ovidiu Olten, Olga Massombo, William Veloce, Florin David, and Leo Cernica provided training sessions to coaches in April/May, and training sessions to all of our teams on a 2 week basis during the summer soccer season, as well as providing assistance to the Allstar coaches.

In 2018, we continued our Soccer Academy programs which included:-

- Spring Soccer Academy – 5 Saturdays beginning in late April – Fee program. We had 46 players in 2018.
- Summer Soccer Academy – 12 Saturdays during the summer – this program is free
- Fall Soccer Academy – 6 Saturdays and Tuesday/Thursday night sessions in September & October – Fee program. We had 157 players in our Fall program.
- Winter Soccer Academies – 224 players in our 2 winter programs.
  - Dome: 20 week programs in the Concordia dome on Saturdays (U7 - U10) and Mondays (U11- U14) from November to April. (65 Players)
  - Gym: 18 week training programs in various NDG gyms – U4 – Senior.(157 players)

These programs were run by Christian & his staff and were very successful.

### Lion's Programs

We initiated a new soccer program for children from U7-U12 with intellectual disabilities. We had 10 players in our program. Special thanks go to Christopher Simeone and Cate Gregory for dedication to this program.

### Motivational Training

Statistical analyses has indicated a significant drop in participation of most activities once children become 12 year's old. This can be attributed to a number of factors but research in North America has concluded that parents and coaches can have a major effect on whether children remain in an activity. Undo pressure and high expectations are the primary factors that will cause a very high percentage of children to quit. Most children wish to participate in activities that are fun and involve their friends. The statistical drop-off is noticeable within the NDGSA as 65-70% of our U18 players are U11. Research has indicated that physical activity is very important for the healthy development of children and the NDGSA remains committed to providing an enjoyable experience for our players. We are working closely with both our coaches & parents relieve some of the pressure that our children experience while playing soccer with us and to emphasize the fun and joy in playing the world's most popular game.

### Administrative

Finally, after 12 years on the NDGSA CA as Vice-President Recreation, I have decided to retire and let others provide the leadership to our recreational programs. I want to thank all of the coaches and other volunteers who have made my participation a lot of fun. It is their dedication to the NDGSA that have made our association such a successful organization. As well, I want to thank Cate for her dedication to the NDGSA families and our recreational programs. Our success is a reflection of her efforts.

Regional "A"	2	0	-2
Quebec Cup	1	1	-

- The competitive division has remained a popular option for players; the division has enjoyed record membership numbers over the last three years. We had 512 juvenile competitive members in 2018, which is the same number of registrations that we had in 2017, which ties with the second best ever membership numbers. The NDGSA fielded 30 juvenile teams.
- Performance on the field remained stable as can be seen in table #2. The NDGSA gained two additional "AAA" teams for a total of five for 2018. The U-14MAA qualified for the LSEQ by finishing third in their respective division and the U-17MAA gained access to the LSEQ by reaching the final of the "2017 Promotion Cup". Unfortunately, the U-18MAAA was cancelled due registration issues.
- Discipline on the field; the total number of yellow cards, again remained stable while red cards increased over the previous year
  - 2017: Total Yellow Cards = 196 Total Red Card = 21
  - 2018: Total Yellow Cards = 223 Total Red Card = 18
    - (Senior teams = 73 Yellow cards)
    - (Senior teams = 10 Red cards)

These cards represent the totals levied against 22 teams and a total of roughly 380 games; the categories included are U-12 to Senior teams inclusively. While there are no statistics published for the categories U-09 to U-11 inclusively.

- The competitive division continued with the successful technical training program which was started in 2015, under the direction of Mahfoud's technical team, which included two assistants and one goalkeeper trainer. The goalkeeper training program has been very successful and well attended, through the summer months.
- It was realized that a mentoring and detection program of young players is required, as they transition from the recreational to the competitive division. To be fully implemented in 2019.

In closing, the Competitive division would like to thank all the coaches, assistant coaches managers, volunteers, players and parents for making the season a success.

Thank You, the Competitive Division

## Human Resources Report 2018 NDGSA

The NDGSA is the success it is today because of the coaches, volunteers, employees and everyone involved with the association.

With over 250 volunteers the NDGSA is a huge organization that requires a lot of planning and organization, and we accomplish everything we do, because of the employees and volunteers that offer all they do.

2018, was a good year, very few issues and complains.

We will continue to support the training and development of our Coaches and Referees.

The General Manager Cate Gregory has done a great job updating the years of service of all the volunteers in the association. This will allow us going forward to better keep track of milestones.

2018 also saw the second year of our Referee Mentoring program, to help and continue to develop our referees and allow us to offer a better experience to all the players that play in NDG.

For 2019, Human Resources will continue to work on volunteer training and growth, to better equip are coaches and volunteer to help the association.

Any volunteers, coaches and employees that have any suggestions in regards to Human Resources can feel free to contact me at [dir.ressources.humaines@ndgsa.com](mailto:dir.ressources.humaines@ndgsa.com),

## Report- Feminin Soccer

With a broad vision for improving the experience of girls and women in soccer programs, I represented NDGSA on Concordia's Committee for Feminin Soccer.

The committee recognized that all clubs faced the same problems with recruiting and retaining girls in soccer and women in leadership positions. It also recognized the urgency of enhancing the training of coaches of girls' soccer teams to adapt coaching practices to the specific socio-psychological needs of female participants.

After a review of research and previous attempts to increase female participation in soccer, the committee proposed a course of action to provide mentorship and training to leaders working with girls and to implement a pilot project, in partnership with ÉgaleAction, in 2019 (that would ultimately be implemented across all the clubs in 2020). The NDGSA has submitted its statement of interest to participate in the pilot project.

The pilot project will address:

The recruitment and retention of girls and women as participants, leaders, officials, volunteers and administrators;

Training of all leaders, officials, volunteers and administrators on consumer-needs of female participants;

A tool box for clubs supporting recruitment and retention of girls and women; and

A forum for coaches of female players.

## Annual AGA Equipment Report

Last season the uniforms and the majority of the equipment was supplied by Campea. The assistance of Campea's staff and numerous NDGSA volunteers made the season successful for all divisions of NDGSA.

This past winter some NDGSA referees came in to assist me in the deconstruction, cleaning and restocking of the House League coach bags. They also helped in performing a complete inventory of the locker. Their assistance was invaluable.

We are again able to recycle all the shorts and socks we had on hand back into the House League uniform order and receive a credit from Campea.

All used socks, leftover jerseys and other soccer related items found in House League Coach bags were collected, sorted and packed. Soccer balls were sorted into good, garbage and donation. Donation balls were generally surface damaged, or physically hard to the touch, or very old (12+ years). Various IC coaches also donated items that they had collected over the years. All of the above was donated to Chance to play.

Chance to Play is an organisation that promotes soccer to developing countries all over the world. Their website and Facebook page have pictures of NDGSA uniforms on various teams in Kenya and other countries.

[www.chancetoplay.ca](http://www.chancetoplay.ca)  
[www.facebook.com/ChancetoPlay](https://www.facebook.com/ChancetoPlay)

This season the House League was using the Evolution uniform. These uniforms are an improvement from the old style we had been using previously.

This season the IC will have a completely redesigned uniform. The home uniform is called the Mystique and the away uniform is called the Sprinter (Similar to the images below). Uniforms are still custom sized to the players but for this season the shorts size must be identical to the jersey size. The Mystique is a completely unique design and NDGSA will be the only Association in Quebec with it.

## Rapport du Directeur des Commandites

Nous avons eu une bonne année en commandite encore en 2018, mais il faut continuellement être à l'affût de nouveaux commanditaires au cas où certains d'entre eux ne renouvellent par leur commandite pour l'année suivante, ce qui a été le cas de Telnova, qui n'a même pas honoré les termes de son engagement. Cependant, certains de nos commanditaires actuels ont déjà exprimé leur désir de continuer avec nous en s'affichant d'avantage. Les subventions de l'organisme Sports et Loisirs de l'Île de Montréal ont pris fin en 2018. Nous avons approché des parents travaillant pour des compagnies à fort potentiel de devenir commanditaire, mais sans succès. Le détail de chaque commandite pour 2019 est présenté dans le tableau ci-dessous, mais il n'inclut pas les compagnies qui ont achetés de l'espace publicitaires dans nos brochures d'inscription ou du tournoi.
