## FIVEFOLD MENTORSHIP PROGRAMS FAQ

### WHO SHOULD APPLY FOR THE MENTOR PROGRAM?

Any students hoping to grow in their gifting are welcome to apply for a mentorship, but we especially encourage those who feel they are called as a Fivefold Prophet, Teacher, Pastor, Evangelist or Apostle. At the end of the mentor program students may be chosen to be commissioned, although participation in a mentorship is not a guarantee of commissioning.

### WHAT IS THE TIME COMMITMENT OF PARTICIPATING IN A MENTORSHIP?

Depending on which mentorship you apply for, the average time commitment is 2-4 hours a week. There will be a weekly group video call with your mentor that will be an average of 45-90 minutes long, plus the extra reading and weekly assignments given by your mentor.

## WHAT DO PREVIOUS MENTOR STUDENTS HAVE TO SAY?

### WHAT HAS BEEN THE MOST VALUABLE PART OF YOUR MENTORSHIP EXPERIENCE?

*"I absolutely loved the video calls with Ivan and my classmates. The interaction in the Facebook group was great also but it was a joy to build relationship face to face."* -Prophet Track Student

*"The most valuable part about the mentorship program was getting to know the other students and my mentor. I learned so much and grew so much in such a short time."* -Prophet Track Student

*"Personal time with Ralph. Sharing our hearts with the other students and working together as a team to help and encourage each other."* -Pastor Track Student

*"The assignments were really good for me, especially in pushing me out of my comfort zone. In all the years I have functioned prophetically I have never had someone to challenge me and push me. My mentoring had been by books, conferences and trial and error. This was such an amazing experience for me. The other would be the relationships that were built and friendships formed as we were being forged in this next level of life."* -Prophet Track Student

*"The follow up discussions in the weekly calls gave me confidence and a place to ask questions and essentially practice what I was learning. It really helped me."* -Teacher Track Student

*"Having Eric share with us his heart and some of his communication strategies for speaking to different sized crowds."* -Teacher Track Student

### WHAT ADVICE WOULD YOU GIVE TO SOMEONE WHO ISN'T SURE IF THEY SHOULD APPLY FOR A MENTORSHIP?

*"Do it!!!! Seriously, the relationships with your classmates are so rewarding. There is also a recognizable level of impartation that takes place."* -Prophet Track Student

*"Go through the application process even if you are not sure. The process of applying can help you to find out if you really want to do it. Just because you apply for mentorship, does not mean that you will be accepted."* -Prophet Track Student

*"If they really want to be activated in their gift, and not just learning head knowledge, the mentorship program is the best to achieve that."* -Prophet Track Student

*"I would suggest they spend a lot of time with God, praying and searching to see if he's really put that call on their life and what their motivations are for pursuing it."* -Teacher Track Student

*"Talk to a few people who are close to you and know you well. Get their perspective on whether they see this calling on your life. If in doubt, try it out. You will gain valuable experience either way."* -Teacher Track Student

*"Go for it. Trust God that His desire for you is to bless you and to prosper you. That He will help you through it. Take the step of faith and do it."* - Pastor Track Student

*"If you have any desire to grow and really understand your gift and calling the mentorship Track is exactly what you need. Your peers will encourage and build you up along with your mentor who will also challenge you to go past your comfort zone and stretch into higher places of your call."* -Prophet Track Student
