Setting up for the Client

1 Manicures

Setup a Scrummi small towel over the wrist support or pillow and a stack of mini towels for removing polish and cleaning the nail bed.

2 Pedicures

Lay a Scrummi medium towel across the footrest and a stack of mini towels for removing polish and cleaning the nail bed. If the client has booked a leg scrub, set either one large or two medium Scrummi towels on your station for wrapping the legs.

3 Optional: Hot Towels

NOTE: If you use hot towels during your service, ensure to place soaking wet Scrummi medium towels into your towel warmer at least one hour before the service. Scrummi is highly absorbent so it needs a lot of water to remain wet.
