- Introduction
- Getting Started
- Operating Instructions
- Safety Precautions

### 1. Introduction:

The Incendio Magic Fireball Wand is a magical device designed for entertainment purposes. It allows you to create captivating fireball effects. Please use this wand responsibly, and always prioritize safety.

### 2. Getting Started:

Before using your Incendio Magic Fireball Wand, follow these initial steps:

#### ***a. Unboxing:***

Carefully unbox your wand and ensure all components are included: the wand, bag with a flash paper, wooden stick and USB charging cable.

#### ***b. Batteries:***

**Prior to your first use, it is crucial to charge your wand.** Simply connect it to a standard USB charging adapter and allow it to charge for 20-40 minutes to ensure that the batteries are properly setup for use. Ensure the wand is correctly powered off while it's on the charger. You can find the small switch located on the bottom side, next to the charging port.

### 3. Operating Instructions:

To create fireball effects using your wand, follow these instructions:

#### ***a. Flash Paper Handling:***

Flash paper should be handled with extreme care due to its flammability. Always tear and roll flash paper in small, controlled quantities.

Avoid tearing or using large pieces of flash paper, as it can stuck inside the wand.
