# OUR PROCESS

# CFx & VSx PROGRAMS

An exclusive collaboration between CustomFuze®, Volleystrong™, and the biggest volleyball brands in the world. With this partnership, we solve what no one else can: Guaranteed Availability With Gear You Love.

Here's how:  
We use our own brands and manufacture the most important and most difficult products ourselves which are the jerseys and warm ups. We then combine these cornerstone club pieces with big brand essentials that we stock at our HQ. When you partner with us, we'll hold those essentials in our warehouse just for you. Easy to say. Hard to do.
