# Forever Young Foundation

Annual Report 2007

*"I shall pass through this world but once. Any good therefore that I can do or any kindness that I can show to any human being, let me do it now. Let me not defer or neglect it, for I shall not pass this way again."*

*Mahatma Gandhi*

## Letter from the Co-Chairs

A Native American boy was talking with his grandfather.

“What do you think about the world’s situation?” he asked.

The grandfather replied, “I feel like wolves are fighting in my heart. One is full of anger and hatred; the other is full of love, forgiveness, and peace.”

“Which one will win?” asked the boy.

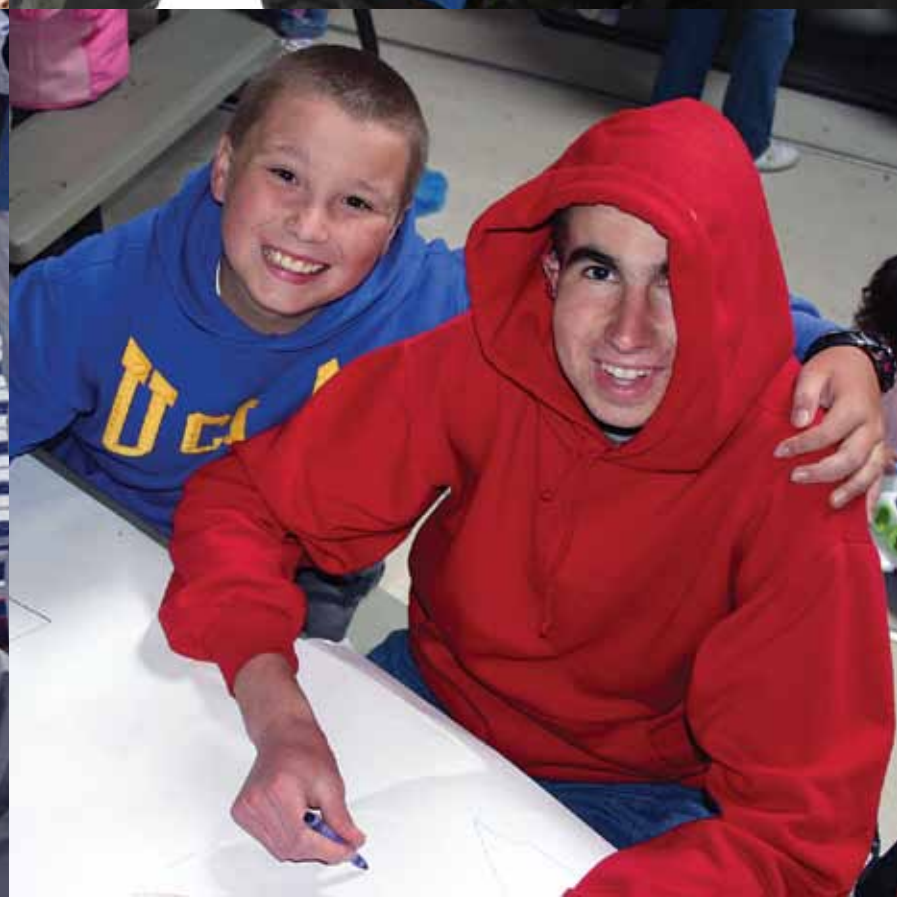

To which the grandfather replied, “The one I feed.”  
(Origin Unknown)

We continue to be blessed by the significant work the Forever Young Foundation family of charities provide throughout the country. Their communities are enriched by their outstanding service, dedication, and support of so many youth. These charities continue to maintain a strong commitment to their charitable purpose. Our desire is to promote “love, forgiveness and peace”, as well as pass on hope and resources to our youth as the need to create opportunities continues to intensify.

In 2007, we had many life changing experiences in our work at Forever Young Foundation. It is often said that when you give, you receive far more in return. We experienced the full impact of those words as Barb and I assembled our Forever Young staff, Board of Directors and many of our Forever Young friends to make the journey from the states to Ghana, West Africa, witnessing first- hand the remarkable work being done. Under the direction of our friend and fellow board member, Bob Gay, we have completed the expansion of the Golden Sunbeam School and finalized plans to build our first Forever Young International School. We marveled at the people and country that will forever touch our hearts.

We understand Forever Young Foundation’s successes in blessing our youth is a direct result of your support and partnership. We invite you to continue this journey with us as we move into this new year of possibilities.

Steve & Barb Young

# *Mission and Description*

*Passing on hope and resources for the development, strength, and education of children.*

## Forever Young Foundation®

Founded in 1993 by NFL Hall of Famer and Super Bowl MVP Steve Young, Forever Young Foundation is a non-profit, 501(c)(3) organization that serves children facing significant physical, emotional, and financial challenges. Funds raised further our efforts to provide academic, athletic, and therapeutic opportunities currently unavailable to these children. Forever Young Foundation has determined the best way to accomplish our mission is through the development and support of charitable organizations with a proven track record in delivering services.

Forever Young Foundation primarily focuses our efforts in Northern California, Arizona, Utah, and Ghana, Africa. We have also joined the NFL in their nationwide project developing Youth Education Towns (YET). The Foundation's development efforts include the creation of Forever Young Zones, which include technology and multimedia labs in YET Centers and state-of-the-art interactive play areas in children's hospitals.

# *Forever Young Initiatives*

*"Everybody can be great because anybody can serve. You only need a heart full of grace.  
A soul generated by love. And you can be that servant."*

*Martin Luther King, Jr.*

# Forever Young

## Right To Play

Forever Young Foundation is proud to partner with Olympic Champion Johann Olav Koss and Right To Play to create a healthier and safer Ghana through the power of sport and play. Right To Play uses specially designed sport and play programs to improve health, build life skills, and foster peace for children and communities affected by war, poverty, and disease. Steve Young is proud to be an Athlete Ambassador with Right To Play.

## Komart Foundation

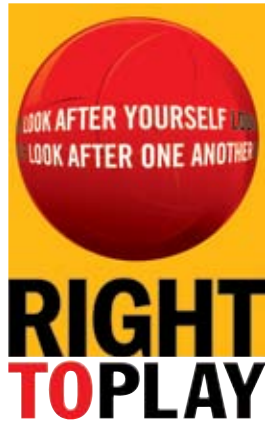

Komart Foundation, founded by Robert & Lynette Gay, is bringing hope and opportunity to the children and families of Ghana. Komart provides business, student, and microcredit loans to deserving and motivated individuals – giving them the chance to make a lasting impact on their future. Komart also provides humanitarian assistance to families in situations where immediate measures are needed to sustain life. Forever Young provides strategic and financial support to Komart and relies upon them to manage many of our initiatives in Ghana.

## Golden Sunbeam School

The Golden Sunbeam School strives to create a secure, happy, and challenging environment within which there is a clear sense of purpose and opportunity to develop children to their full potential. Forever Young Foundation completed a capital improvement project which will double the enrollment capacity at the school and refurbish and revitalize the existing facilities – ensuring that Sunbeam will continue to lead the way in training Ghana's future leaders.

*in Ghana*

Programs listed below include organizations we have supported in 2007. These charities exemplify the mission of the Foundation by promoting the development, strength, and education of children.

## Forever Young Charities

828 Foundation

Rawhide Boys Ranch  
Right to Play  
The Taylor Family Foundation  
The Tech Museum of Innovation  
Treehouse Children's Museum  
Utah Autism Foundation  
Wasatch Adaptive Sports

### Interplast

Interplast is the first humanitarian organization to provide free reconstructive surgery for children with clefts, disabling burns, and hand injuries. Forever Young Foundation has provided funding to allow Interplast to bring its life-changing work to the children of Ghana. Through Visiting Educator Programs, Surgical Outreach Centers, and Volunteer Surgery Expeditions, Forever Young and Interplast will impact medical care in Ghana for generations to come. [interplast.org](http://interplast.org)

### The Taylor Family Foundation

The Taylor Family Foundation (TFF) has been committed to enhancing the quality of life for children in Northern California suffering from life-threatening illnesses and disabilities. In its second decade of operations, TFF has helped over 12,000 children living with a variety of skin and heart diseases, Crohn's, colitis, diabetes, autism, HIV/AIDS and other life-threatening illnesses. TFF provides these children the opportunity to attend summer camp at Camp Arroyo. [tfff.org](http://tfff.org)

### EB Medical Research Foundation

The EB Medical Research Foundation is a nonprofit, sole purpose foundation dedicated to the support of medical research of epidermolysis bullosa (EB) – its causes, its cure, and the development of successful treatments. EB is a group of diseases characterized by blister formations after minor injury to the skin. This family of disorders, most of which are inherited, range in degrees of severity from mild to severely disabling and life-threatening. The EB Medical Research Foundation was established by Gary and Lynn Anderson who have lost two children, Chuck and Christine, to epidermolysis bullosa. [ebkids.org](http://ebkids.org)

## ANASAZI Foundation

Founded in 1988 by Larry D. Olsen and Ezekiel C. Sanchez, ANASAZI Foundation is a non-profit 501(c)(3) nationally accredited outdoor behavioral healthcare provider serving youth 12-17, young adults 18-25, and their parents. With remarkable results, the caring staff at ANASAZI provide treatment for substance abuse, depression, family conflict, and other concerns. The mission of ANASAZI is to prepare parents and children to turn their hearts to one another and walk in harmony in the wilderness of the world. Forever Young Foundation supports ANASAZI in its efforts, and provides scholarships to financially challenged families for whom the cost would otherwise be preclusive.

[anasazi.org](http://anasazi.org)

## The Opportunity Foundation of America

EagleEyes is an innovative eye-controlled technology developed at Boston College. The purpose of the EagleEyes project is to help children and adults with profound physical disabilities interact with the outside world and communicate with other people by using the computer. EagleEyes allows an individual to control the mouse pointer on the computer by using only his or her eyes. EagleEyes is used for entertainment, communication and education, including gaining access to the Internet.

[ofoa.net](http://ofoa.net)

## Wasatch Adaptive Sports

Wasatch Adaptive Sports is a premier ski and summer program for children with special needs. Wasatch Adaptive Sports offers ski lessons, snowshoe tours, and sledge hockey throughout the winter, and numerous outdoor recreational activities such as hiking on barrier-free trails, fishing, biking, tram rides, and environmental awareness programs in the summer. With the aid of the Forever Young Foundation, the Wasatch Adaptive Sports program gave 1,500 lessons to special needs children in both the summer and winter. At least 90% of the lessons provided by Wasatch Adaptive Sports are on either full or partial scholarship.

[wasatchadaptivesports.org](http://wasatchadaptivesports.org)

### Forever Young Zones

Technology Forever Young Zones are interactive education rooms created to provide children in underserved communities with access to state-of-the-art technology as well as web-based education and training. These are attractive facilities that act as a safe haven for children to gather after school rather than on the streets. Forever Young Zones not only provide immediate help to underprivileged children, resulting in better grades and increased learning opportunities, but afford them the skills that will prepare them for the future. Many of the Zones are now in the process of being updated with multimedia capabilities which engage older teens in activities such as creating websites, recording music, and making movies.

Hospital Forever Young Zones are recreational therapy rooms created to provide tools for exercising the imagination of seriously ill children who face emotional and physical challenges. Forever Young Foundation has completed two of these Zones, one at Primary Children's Medical Center and the other at Lucille Packard Children's Hospital. It has been found that child life specialists and psychosocial professionals are more effective in helping children cope in treatment rooms if they have related to them first in these Forever Young Zone playrooms. These Zones provide a sanctuary or safe place where staff can build supportive relationships with the children and teens to help them in their recovery process.
