Forever Young Foundation

WONDERFUL *"How wonderful it is that nobody needs to wait a single moment
before starting to improve the world."*
IMPROVE Anne Frank

Letter from the Co-Chairs

Don't judge each day by the harvest you reap, but by the seeds you plant.
- Robert Louis Stevenson

This year provides us wonderful opportunities as a foundation, as a community, as a country to make a difference. The need is greater than ever before to support the children served by Forever Young Foundation and our family of charities.

We learn who we are in times of adversity and our current economic environment leaves many of us feeling vulnerable. It is important to take account of who we are as a community and make a collective commitment to move forward and turn intention into action and offer support to today's youth. We need to create positive, sustainable educational and health opportunities for them as we move forward into 2009. Barb and I are more dedicated than ever to volunteer our time, our expertise, and our resources. We invite you to do the same. Test yourself; challenge who you are fundamentally and find ways to join us in serving the many children and families in need.

My family continues to be grateful to each of you who have partnered with us in the work and support of Forever Young Foundation. Although we know there is much to be done, the future is bright.

Steve & Barb Young

Mission and Description

Passing on hope and resources for the development,
strength, and education of children.

HOPE CHILDREN

Forever Young Foundation

Founded in 1993 by NFL Hall of Famer and Super Bowl MVP Steve Young, Forever Young Foundation is a non-profit, 501(c)(3) organization that serves children facing significant physical, emotional, and financial challenges. Funds raised further our efforts to provide academic, athletic, and therapeutic opportunities currently unavailable to these children. Forever Young Foundation has determined the best way to accomplish our mission is through the development and support of charitable organizations with a proven track record in delivering services.

Forever Young Foundation primarily focuses our efforts in Northern California, Arizona, Utah, and Ghana, Africa. We have also joined the NFL in their nationwide project developing Youth Education Towns (YET). The Foundation's development efforts include the creation of Forever Young Zones, which include technology and multimedia labs in YET Centers and state-of-the-art interactive play areas in children's hospitals.

Forever International

Forever Young International Schools

Forever Young Foundation believes every child should have access to a quality education. Under the direction of our friends Bob & Lynette Gay, Forever Young has undertaken two significant educational projects in Ghana, West Africa. In both instances, we have joined with carefully chosen partners that will ensure our investment is utilized to its fullest and that resources will be managed wisely.

Forever Young Foundation recently completed a capital improvement project at the Golden Sunbeam School in Ghana's capital city, Accra. Enrollment has doubled and we have expanded, refurbished and revitalized the existing facility. The goal of this state of the art school is to provide the students served relevant, safe, innovative programming that responds to their current needs as well as providing educators tools to support their curriculum. These children are excelling academically and surpassing educational benchmarks initially set by their teachers.

We began construction on our first Forever Young International School this year and were able to complete a sufficient number of classrooms to allow students immediate access. Children residing in the remote Central Region of Ghana, now have a local school to pursue an education that was previously unavailable to them. Construction continues on administrative and other support buildings along with first-class recreational facilities. Upon completion, the Forever Young International School will be a beacon for education in Ghana.

Young Schools

Right To Play

Forever Young Foundation is proud to partner with Olympic Champion Johann Olav Koss and Right To Play to create a healthier and safer Ghana through the power of sport and play. Right To Play uses specially designed sport and play programs to improve health, build life skills, and foster peace for children and communities affected by war, poverty, and disease. Steve Young is proud to be an Athlete Ambassador with Right To Play.

Golden Sunbeam School

The Golden Sunbeam School strives to create a secure, happy, and challenging environment within which there is a clear sense of purpose and opportunity to develop children to their full potential. Forever Young Foundation has embarked upon a capital improvement project which will double the enrollment capacity at the school and refurbish and revitalize the existing facilities - ensuring that Sunbeam will continue to lead the way in training Ghana's future leaders.

Programs listed below include organizations we have supported in 2008. These charities exemplify the mission of the Foundation by promoting the development, strength, and education of children.

 Utah Autism Foundation
 Wasatch Adaptive Sports

Forever Young Charities

Komart Foundation

Komart Foundation is bringing hope and opportunity to the children and families of Ghana. Komart provides business, student, and microcredit loans to deserving and motivated individuals – giving them the chance to make a lasting impact on their future. Komart also provides humanitarian assistance to families in situations where immediate measures are needed to sustain life. Forever Young provides strategic and financial support to Komart and relies upon them to manage many of our initiatives in Ghana.

The Taylor Family Foundation

The Taylor Family Foundation (TFF) has been committed to enhancing the quality of life for children in Northern California suffering from life-threatening illnesses and disabilities. In its second decade of operations, TFF has helped over 12,000 children living with a variety of skin and heart diseases, Crohn's, colitis, diabetes, autism, HIV/AIDS and other life-threatening illnesses. TFF provides these children the opportunity to attend summer camp at Camp Arroyo. tfff.org

EB Medical Research Foundation

The EB Medical Research Foundation is a nonprofit, sole purpose foundation dedicated to the support of medical research of epidermolysis bullosa (EB) – its causes, its cure, and the development of successful treatments. EB is a group of diseases characterized by blister formations after minor injury to the skin. This family of disorders, most of which are inherited, range in degrees of severity from mild to severely disabling and life-threatening. The EB Medical Research Foundation was established by Gary and Lynn Anderson who have lost two children, Chuck and Christine, to epidermolysis bullosa. ebkids.org

ANASAZI Foundation

Founded in 1988 by Larry D. Olsen and Ezekiel C. Sanchez, ANASAZI Foundation is a non-profit 501(c)(3) nationally accredited outdoor behavioral healthcare provider serving youth 12-17, young adults 18-25, and their parents. With remarkable results, the caring staff at ANASAZI provide treatment for substance abuse, depression, family conflict, and other concerns. The mission of ANASAZI is to prepare parents and children to turn their hearts to one another and walk in harmony in the wilderness of the world. Forever Young Foundation supports ANASAZI in its efforts, and provides scholarships to financially challenged families for whom the cost would otherwise be preclusive.

The Opportunity Foundation of America

EagleEyes is an innovative eye-controlled technology developed at Boston College. The purpose of the EagleEyes project is to help children and adults with profound physical disabilities interact with the outside world and communicate with other people by using the computer. EagleEyes allows an individual to control the mouse pointer on the computer by using only his or her eyes. EagleEyes is used for entertainment, communication and education, including gaining access to the Internet.

ofoa.net

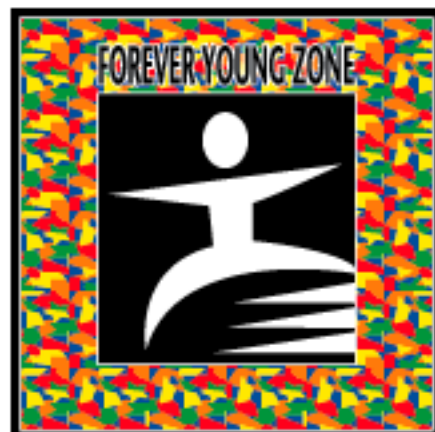

Wasatch Adaptive Sports

Wasatch Adaptive Sports is a premier ski and summer program for children with special needs. Wasatch Adaptive Sports offers ski lessons, snowshoe tours, and sledge hockey throughout the winter, and numerous outdoor recreational activities such as hiking on barrier-free trails, fishing, biking, tram rides, and environmental awareness programs in the summer. With the aid of the Forever Young Foundation, the Wasatch Adaptive Sports program gave 1,500 lessons to special needs children in both the summer and winter. At least 90% of the lessons provided by Wasatch Adaptive Sports are on either full or partial scholarship.

wasatchadaptivesports.org

Forever Young Zones

Hospital Forever Young Zones are recreational therapy rooms created to provide tools for exercising the imagination of seriously ill children who face emotional and physical challenges. Forever Young Foundation has completed two of these Zones, one at Primary Children's Medical Center and the other at Lucille Packard Children's Hospital. It has been found that child life specialists and psychosocial professionals are more effective in helping children cope in treatment rooms if they have related to them first in these Forever Young Zone playrooms. These Zones provide a sanctuary or safe place where staff can build supportive relationships with the children and teens to help them in their recovery processes.

Technology Forever Young Zones are interactive education rooms created to provide children in underserved communities with access to state-of-the-art technology as well as web-based education and training. These are attractive facilities that act as a safe haven for children to gather after school rather than on the streets. Forever Young Zones not only provide immediate help to underprivileged children, resulting in better grades and increased learning opportunities, but afford them the skills that will prepare them for the future.

Many of the Zones are now in the process of being updated with multimedia capabilities which engage older teens in activities such as creating websites, recording music, and making movies.

SPONSORS

Forever Young Foundation once again held our four annual signature events in 2008, and even in a difficult economic year we were able to increase net revenues from the previous year. In each event, sponsors & celebrities join together in a fun atmosphere of competition to raise money and awareness for the children and causes served by Forever Young.
