TrackMyAED.ca

How it works

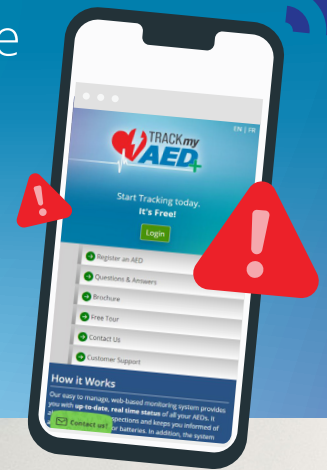

Our easy to manage, web-based monitoring system provides you with up-to-date, real time status of all your AEDs. Track monthly inspections and keep informed of any expiring pads and batteries. In addition, the system will track and manage the training status of your trained staff. Getting your AED(s) into the system is quick and easy. Once your AED is entered, our team will have the ability to add and edit all data for you, view important AED information, track trained staff and download detailed reports, and at no additional cost!

- ✓ Fast and easy
- ✓ Downloadable reports
- ✓ Push notifications
- ✓ Track the training of staff
- ✓ Manage the locations and placements of your AED devices
- ✓ Online training, user manuals, videos and more!

Whether you are managing a large organization with hundreds of AEDs, a small office, or at home with a single AED, tracking and maintenance keeps your AEDs **Ready to Rescue!**

TrackMyAED programs tracks all of your public access AEDs, AED accessories, Narcan kits, Epi Kits, Bleed Kits, First Aid Kits.

What's included?

- ✓ 24/7 access to your custom AED program and units. There is no download required and it's available at anytime from any device with an internet connection.
- ✓ Bill 141 compliant with downloadable PDF inspection reports
- ✓ TrackMyAED barcode app for easy access to maintain your units
- ✓ Battery and pad replacement reminders and push notifications
- ✓ Reminders for monthly inspections, reports and budget forecasts
- ✓ Google mapping for all locations including 911 CAD system compliance
- ✓ Unlimited locations, program access and AEDs added to the system
- ✓ Excellent customer service including live chat during business hours
- ✓ Trade in programs for older AED units
- ✓ Competitive pricing with the 110% Price Guarantee on our products.

Easy as 1-2-3!

Choose the right AED

Our trained staff will help you select the best AED for your needs and help you determine the best placement within your facility.

Set up your AED

Our educators will train your staff to ensure they are prepared with the required knowledge to be rescue ready in case of an emergency.

Maintain your program

TrackMyAED Plus will automatically notify you when your AED requires attention and when trained staff is in need of recertification.

Be prepared for rescue.

TrackMyAED provides peace of mind knowing your equipment is ready when it's needed.

Trusted and preferred. TrackMyAED offers more than any other provider and tracking is FREE!
