CapTel® 840i

See captions of everything your caller says!

Be sure of what callers say - **everytime** - with the **CapTel 840i**. This remarkable phone works like a traditional telephone, but it also shows written captions of everything your caller says. You enjoy familiar telephone calls with the added benefit of captions - helping you catch every word.

Requires

- Landline Telephone Service
- High-speed Internet access (WiFi or Ethernet connection)*
- Standard electrical power outlet

* Depending on your setup a router may also be required to connect more than one device to the Internet.

Benefits of CapTel 840i

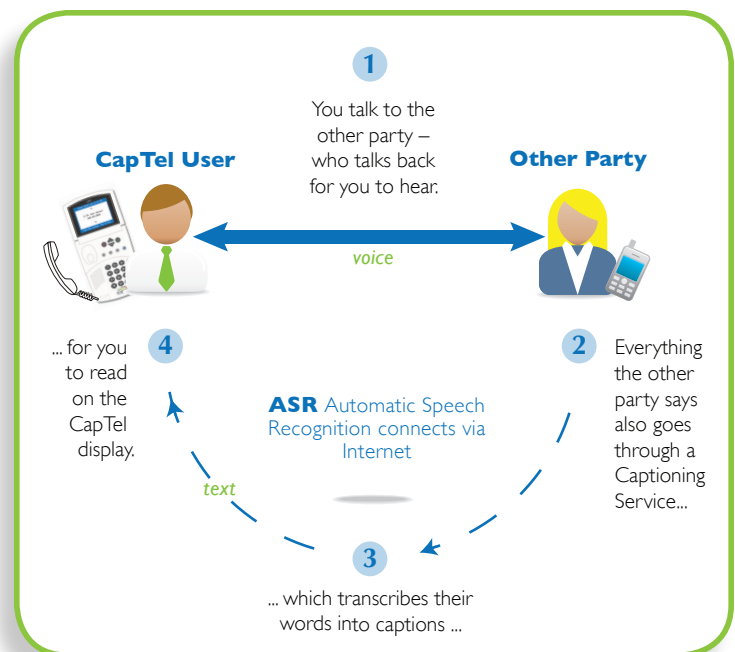

- Extremely large, high-resolution 7" captions window with adjustable font sizes and colors.
- Built-in Answering Machine shows you captions of your voice messages.
- Adjustable volume control (up to 40dB gain) for captioned calls.
- Easy-to-follow menu system with Yes/No questions.
- Phone Book allows you to easily store and dial more than 95 names/numbers.
- Speed dial keys for one-touch dialing of frequently called numbers.
- Caller-ID capable - shows you who is calling right on the display.
- AES encryption for optimal security and privacy.

CapTel 840i Requirements

The CapTel 840i uses your telephone service and an Internet connection to give you the best of both worlds – voice and captions – during your calls.

- High-speed Internet access – connects via WiFi or with an Ethernet jack. Depending on your setup, additional equipment, such as a router, may also be required.
- Telephone service (can be analog line, VOIP, FIOS, DSL or digital cable phone service. Cannot be cellular service.) Not compatible with PBX phone systems unless an analog port is available.
- Electrical power (Adapter plugs into a standard wall outlet).
