

# About...

The Children's Park of Georgia is being developed by Remember Georgia's Children Foundation. This unique park will be a special place to **celebrate the lives of ALL children**. It will provide opportunities for natural play and quiet meditation along with opportunities to engrave children's names along the sidewalks and monuments. The Children's Park of Georgia will be a place that **children will love to visit... to play, explore and discover**. They will leave feeling encouraged and appreciated. Parents, grandparents and others will also be refueled in their journey, whatever it may be, and find comfort and renewed focus to **cherish each moment with precious children**.

CELEBRATING LIFE. FINDING PEACE. HONORING MEMORIES.

# Children's Park of Georgia

Celebrating the lives of ALL Children

Based on the model of The Children's Park in Tyler, TX:

"As one strolls through the beautifully landscaped park, sits on the benches, listens to the gentle flow of the waterfalls and streams, we all experience a heightened awareness of how precious life is. The love and appreciation for our existing children is reaffirmed and we realize that we should never take our children for granted. We must celebrate every day with them."

This extraordinary park will honor thousands of children by name and be a landmark for metro Atlanta. It will be a peaceful refuge, appealing to all ages and anyone who has ever been touched by the life of a child.

**A PARK EVERY CHILD WILL LOVE TO VISIT...  
A THOUGHTFUL PARK WITH MEANING**

It will be a living work of art that will be appreciated for its meaning and attention to detail as much as for its beauty. Horticulture lovers will especially appreciate the great attention to every detail in the design right down to the plant selection.

## FAMILIES

For all families, this park will be a source of inspiration and encouragement to cherish the time we have with our children.

For children, this park will be a place they will beg to visit. A fun place to make them feel special, honored, and loved

## BEREAVED

For the family suffering the loss of a child, this park will be a comforting refuge, a special place to properly honor and grieve their beloved child and ensure that their life – no matter how long or short – will never be forgotten

## SPECIAL NEEDS

Families of children with special needs will find visiting the Children's Park of Georgia a delight. From the carefully designed grounds and thoughtful safety measures to the fun/sensory rich environments and encouraging poems/writings pertaining to their struggles

## MEDICALLY FRAGILE

Whether it be a much needed, happy recess from a child's difficult medical battle or simply a safe place to pray and process a really difficult time, both needs will be accommodated through the well planned park space

## ADOPTION

Perhaps no one needs to be told more that they are loved and accepted than an adopted child or a child hoping to be adopted. In this park, we aim to fill every child with this encouragement as well as recognize the experiences of adoptive parents
