

# READY-TO-FINISH FIRE PIT KITS

RTF48S-K

RTF48L-K

## PERFECT FOR CUSTOMIZATION

Ready-to-finish fire pit enclosures are made from Fiberock® backerboard and G90 marine-grade galvanized steel framing. These can be finished on-site to match your landscaping, hardscaping, or exterior design with granite, stone, stucco, or Supercast Concrete tops. Save time on your project but still customize the look to fit the surrounding patio and landscaping design. A UL Listed Crystal Fire® Plus Burner is included to complete the stunning look.

## FEATURES:

- Available in linear and square shapes
- Made using G90 marine-grade galvanized steel framing and Fiberock® backerboard
- Fire pit opening enclosure is lined with aluminum
- Includes aluminum top, burner insert, two ventilation plates, and standard control panel
- Burner insert comes standard with clear glass gems – additional fire media may be necessary depending on enclosure opening
- Control panel will either have turn dial or switch depending on ignition type
- Other [DSI controls](#), timers, e-stops, and fire media sold separately
- Can be used for liquid propane or natural gas installations – hard-pipe installation recommended
- Most ship in one piece with drop-ship option available
- Most do not fit 20 lb. liquid propane tank in base
- UL Listed, Made in USA with US and imported parts
