Service Parts	6
Touch-up	6
Dent Repair	6
Maintenance	7
Product Registration	7

Required Tools

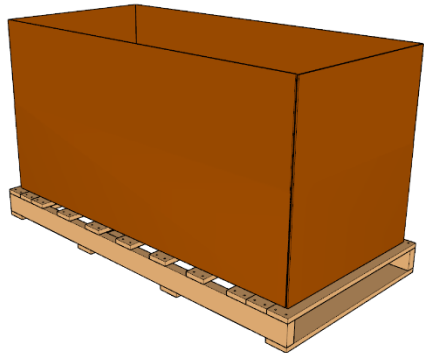

- **One (1) AAA Battery (not included)** - *Required for piezoelectric igniter installation.*

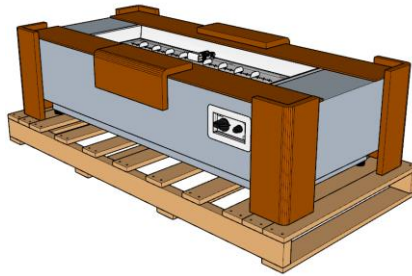

- Do not attempt to perform installation by yourself. This fire table is heavy. Have at least one other person help you.

Unboxing your Fire Table

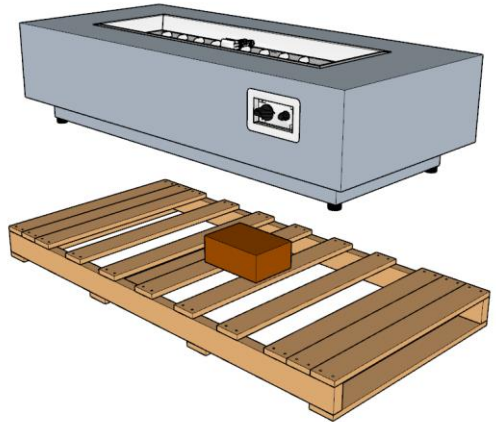

1. Cut strap(s) & tape
Unfold flaps on box

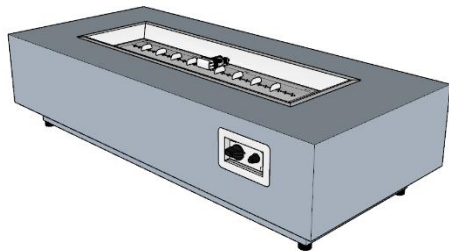

2. Slide box upwards. Remove all packing materials.

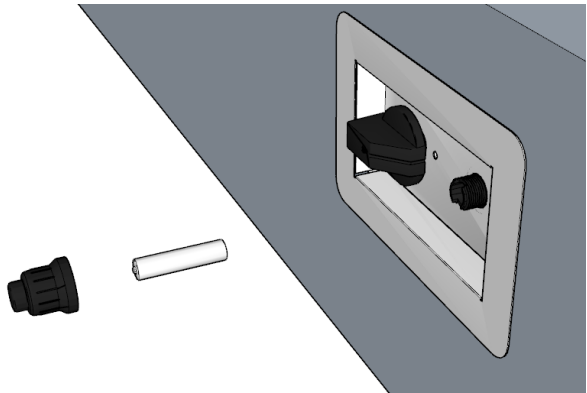

3. Lift unit up off pallet.
Lift over media box
attached to pallet.

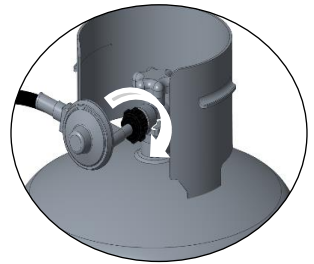

4. Refer to the Crystal Fire® Plus manual for clearance to combustibles.
 - a. Remove film on metal around burner.
 - b. Scatter media on burner surface forming an even layer.
 - c. Release hose & regulator from shipping clips.

5. Install AAA battery (Not included) in sparker.

6. Remove tie(s) for gas line and set into place.
With your propane tank in OFF position, connect the regulator hose to your propane tank. Hand tighten connection, do not use tools for this connection.

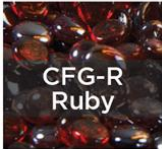

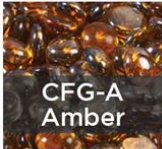

**DO NOT BURN WITHOUT GLASS OR OTHER APPROVED
DECORATIVE FIRE MEDIA**

Fire Media

Service Parts

- Refer to Crystal Fire® Plus instruction manual for burner service parts.

Touch-Up Kit (Paint only)	HBV-TU
Dent Repair Kit (Includes Paint)	HBV-DR

Touch-Up

- Shake up bottle of stain.
- Using the included brush inside the bottle, spread stain evenly across the scratch.
- Wipe up any excess with a paper towel. Let dry.

Dent Repair

- Take bottle of powder, dump into disposable cup.
- Add 2 teaspoons of water, stir.
- Spread onto dent with trowel/putty knife. Let dry.
- Lightly sand excess off to create smooth surface.
- Wipe with a wet paper towel to remove dust. Let dry.
- Use Touch-Up paint, with larger brush to feather edges.
- Let dry.

Maintenance

Annual maintenance: Recommended to reseal concrete annually with clear concrete sealer, available at your local hardware store.
