MAHOGANY

CHESTNUT

# BATON ROUGE FEATURES

## SOFT TOUCH™ CONTROLS

State-of-the-art digital electronic control with LCD temperature and filtration readout. All functions are located at your fingertips.

## ENERGY SAVER SYSTEM

Heat is generated by the spa's power equipment inside the cabinet. This heated air is captured and returned to the spa's water. This continually helps maintain the water temperature without running the heater as often. The heat recovery system saves you money by reducing electrical cost.

## OZONE SYSTEM

Ozone is a safe, convenient, low cost way to clean your spa water. It is a natural purifier that aids in eliminating bacteria, viruses, mold & mildew. It helps remove minerals while using fewer sanitizing water care products. All USA Spas come equipped with the USA's Ozone System Natural Water Sanitizing System.

## PACKAGE M LIGHTING

Top perimeter LED optics and main lighting.

## PATENTED DURA-BOND™

This four layer, patented strengthening process combines the beauty of Lucite Plus Acrylic™ with a layer of ABS for shell strength and integrity. Then a double strengthening material is applied. This high density material has all the strengthening properties of fiberglass without the environmental concerns.

## SHELL STRENGTHENING SYSTEM

1. Acrylic Plus™
2. ABS
3. Dura-Bond™ with Foam Insulation
4. Polyethylene Foam
5. Maintenance-Free Weather Guard™ Cabinet
6. Polystyrene Insulation
7. Radiant Foil Insulation
8. Thermal Air Barrier
9. Moisture-Resistant Polyethylene Flooring

## MAINTENANCE-FREE WEATHER GUARD™ CABINET

All USA Spas feature our patented, maintenance-free cabinets. The cabinet panels are made from the finest synthetic material with a natural wood grain appearance. It won't split, crack, peel, or splinter. It is insect proof, moisture proof, rot resistant and fade resistant. These panels are known for their rich, beautiful appearance and long lasting durability. They feature fully removable access panels that make service a breeze.
