Notes: Due to the complexity of texturizing, expect some striations to occur

Shipping Weight: 9lbs Per Linear Foot with 5mm Foam

Warranty: 5 Year Wear and Fade (wear warranty excludes pivot points)

Product Highlights:

ST52N was engineered for use in soccer, football, spike proof hitting mats and areas of extreme traffic and abuse. ST52N Turf with the 5mm soccer is one of the most durable turfs on the market. Velcro can be sewn on each seam for quick installation.

- A national branded nylon fiber is used, most companies use unbranded nylons that can be inconsistent quality.
- Nylon will not melt or leave residue in highly abrasive situations
- Extra crimp/spring set in the Nylon adds over 100% more crush resistance
- Dense tufting method creates a true non-directional surface and will not show traffic patterns
