

Exterior Multi Protector Spray US

Protects and revitalises poly rattan- and plastic garden furnitures and fencing

Exterior Multi Protector is an environmentally-friendly, ready for use spray for protection and impregnation of poly rattan- and plastic garden furniture and fencing. The product refreshes the glossy look and leaves the surface with a highly water, grime, oil and grease-repellent protective coating, which will keep your garden furniture looking great for many years.

- Ready for use
- Leaves and attractive, glossy surface
- Water-repellent effect
- Environmentally friendly

Application area

For protection and impregnation of all poly rattan and plastic outdoor surfaces, such as garden furniture, fences and tables. Before commencing treatment, the surface should be cleaned with WOCA Exterior Multi Cleaner.

Work description

Preparation

The surface should be cleaned with WOCA Exterior Multi Cleaner and left to dry for approx. 2 hours before treating. See the product's instructions for use. Shake the spray of Exterior Multi Protector well before use.

Always Remember

Always remember to test on a less visible spot to check the compatibility of the surface with the product.

Treatment

Spray a thin layer of Exterior Multi Protector over the entire surface from a distance of approx. 20-30 cm and leave to stand for approx. 30 min. Carefully wipe off the surface using a lint-free cotton cloth, to remove any excess liquid. Leave the surface to dry for 4-5 hours before use.

Please note

Exterior Multi Protector will be fully hardened after 24-48 hours.

Drying time

Drying time: 4-5 hours at 68°F

Technical data

Density: 1.00-1.10 g/ml.

pH-value: pH 6-7
