

# Exterior Wood Cleaner

## Removes dirt and stains

Exterior Wood Cleaner was developed for the thorough cleaning of all types of wood surfaces, such as terraces, garden furniture, fences, canopies, doors and windows. The product quickly and efficiently dissolves dirt, thereby assuring an optimal surface for subsequent treatment.

- Removes moss and dissolves dirt
- Suitable for decking, garden furniture, cladding and siding
- Manual or mechanical cleaning
- Not harmful to vegetation
- No need for pressure washing. Cleaning with WOCA Exterior Cleaner forces less moisture into the wood than pressure washing

## Application area

For new and old wood. Ideal for surfaces such as garden furniture, terraces, fences, canopies, window frames, doors and carports. Can also be used on masonry and concrete.

## Work description

### Preparation

Treatment should only be performed in dry weather conditions. Avoid direct sunlight and excessive heat.

### Always Remember

Always remember to test on a less visible spot to check the compatibility of the surface with the product.

### Treatment

Mix Exterior Wood Cleaner with water in a ratio of 1:2 - 1:10, depending on how dirty the wood is. Apply the cleaner in an even coat, using a brush or spray nozzle. Leave the cleaner to work for five minutes. Scrub in the longitudinal direction of the wood grain using a stiff-bristled brush, until the surface is clean. We recommend WOCA's silicon brush or terrace brush for the best results. Rinse the surface with plenty of water and leave the wood to dry for 24-48 hours. The wood must be completely dry before after treatment with oil, paint or impregnation. If a completely smooth surface is desired, any uneven wood fibres can be removed with sandpaper grit 180-240 before oiling.

### Please note

Exterior Wood Cleaner can also be used on masonry and concrete.

## Drying time

**Drying time:** 24-48 hours at 68°F

## Technical data

**Density:** 1.00-1.10 g/ml.

**pH-value:** pH 10-11

**Shelf life:** 3 years

**Application Temperature:** +50-77°F, ideally cloudy weather.

**Coverage:** 65-110 sq.ft./L

**Colours:** Colorless

**Cleaning of tools:** Use water

**Storage:** +50-77°F. Keep out of reach of children. Do not expose to heat (e.g. sunlight). Store frost-free during winter and cool during summer.

**Packaging:** 84.535 FL.OZ.

**Dilution:** Water

**Odour:** Faint

**Mixing ratio:** 1:2 - 1:10
