

Master Care

For lacquered, vinyl/LVT and laminate floors

Care for your vinyl floor, laminate floor or lacquered wood floor using Master Care. This care product smoothens small scratches, increases the resistance of the surface and provides effective protection against wear. This extends the lifetime of the surface or floor. Because Master Care does not build up a thick layer, you can use the product whenever it is required.

- Care treatment to refresh floors
- Extends the lifetime of the floor
- Protects against wear and scratches
- Easy to use
- Indoor Climate labelled

Application area

Can be applied on all types of vinyl, laminate, PVC, lacquered and painted surfaces.

Work description

Preparation

Wash the floor thoroughly with WOCA Intensive Wood Cleaner, until the surface is perfectly clean. Wash with clean water afterwards. Leave the floor to dry completely before application of Master Care.

Always Remember

Always remember to test on a less visible spot to check the compatibility of the surface with the product.

Treatment

Shake the container well before use. Apply the concentrated care product as a thin, even coat. If the cloth/mop becomes dirty, rinse in clean water and wring thoroughly. Then continue the application. Do not apply additional Master Care once a surface has begun to dry. Leave the floor to dry for approximately 30-60 minutes or until it is completely dry before use. No polishing or other treatment is required afterwards.

Please note

For best results, use WOCA Master Cleaner for regular cleaning of the treated surface.

Drying time

Drying time: 1-2 hours at 20°C

Re-treatment: 2-4 times a year or when required.

Technical data

Declaration: Triisobutylphosphate. Can trigger allergic reaction.

VOC: 30 g/l, maximum VOC content (A/i (WB)): 140 g/l.

Density: 1.00-1.10 g/ml.

pH-value: pH 7-8

Shelf life: 2 years

Application Temperature: +15-30°C and approx. 50% air humidity.

Coverage: 60 m²/L

Colours: Colourless

Cleaning of tools: Use soap and water

Storage: +10-25°C. Keep out of reach of children. Do not expose to heat (e.g. sunlight). Store frost-free during winter and cool during summer.

Packaging: 1 L

Dilution: Undiluted

Odour: Faint

Solid content: Under 10%

Mixing ratio: Ready to use. Do not dilute.

Maintenance and related products

Maintaining and cleaning

For daily cleaning, WOCA Master Cleaner is recommended.
