Capability Statement

Frontier Market Solutions®, operating as **Ravenox®**, is a veteran family-owned and operated business, proudly manufacturing high-quality rope and cord in the United States. Embracing traditional craftsmanship alongside modern innovation, Ravenox ensures each product meets a broad spectrum of applications—from recreational adventures to military operations. Ravenox's commitment to quality, sustainability, and American manufacturing allows it to offer durable, reliable cordage, reflecting the rigorous standards diverse clientele expect. Samples of Ravenox's Made in America products are available upon request, showcasing a dedication to excellence and client satisfaction.

Industries Served

Commercial Marine	Oil, Gas & Mining
Defense & Aerospace	Theatrical
Industrial & Construction	Utility
Wind Energy	Oceanographic

Core Competencies

- **Made in the USA:** Commitment to American manufacturing excellence.
- **Sustainability:** Use of upcycled materials for near-zero waste.
- **Strength & Flexibility:** Products celebrated for their exceptional durability and versatility.
- **USDA Certification:** Ropes & cords are USDA tested and Certified Biobased products.
- **American Cordage Institute Membership:** One of only 27 manufacturer members in the world, setting industry standards.
- **Global Exporter:** A focused approach to customization and sustainability with a global reach.
- **Customization Capabilities:** Ability to tailor products like spliced mooring lines with custom chafe protection and unique rope color combinations to meet precise customer specifications.
- **Certified Tensile Strength:** Assurance of product reliability through rigorous testing and certification for tensile strength.
- **Customer Satisfaction:** Demonstrated commitment to meeting customer needs, validated by thousands of five-star reviews highlighting quality and service.

Past Performance

Ravenox has a strong record in meeting the demands of a wide range of contracts, demonstrated by successful partnerships with:

- **U.S. Customs and Border Protection:** Supplying essential fiber rope, cordage, and twine for security operations.
- **U.S. Army Corps of Engineers:** Providing durable products for critical engineering projects.
- **Department of the Navy:** Delivering high-quality ropes and cords for Naval operations.
- **Department of the Army:** Catering to specific needs with specialized products for Army use.
- **Amazon:** Recognized as one of the nation's top six small businesses, showcasing Ravenox's influence in the market and affirming its leadership through consistent #1 Best Seller status on one of the world's largest marketplaces.
