OUR CORE PRINCIPLES:

Though the years have passed, the core principles Power Planter® was founded on remain strong. We are committed to putting our customers' needs first – every single time.

Our augers:

- Are 100% made in the USA
- Feature high quality, durable craftsmanship
- Come with 1-on-1 customer service assistance and more

We will always work hard to create high quality augers for our customers today, tomorrow, and for many years to come.

OUR COMPANY TODAY:

Our founder, Wayne Niewold, invented the first garden-friendly earth auger more than 30 years ago. Today, we manufacture and sell more than thirty different sizes and models. Power Planter® is now operated by the original owner's grandson, Greg Niewold. Greg took over in 2013 and has spurred significant company growth while expanding the reach of Power Planter® to serve customers across the U.S., Canada, Australia, New Zealand, Norway, select countries in Europe, and more.

Testimonials

Can't believe how happy I am to have these augers!

I'm going to have a ceremonial burning of my post hole digger and finally be able to park my truck in the garage! Life is good! - **Bill B.**

I cannot tell you how GREAT your augers are!

I bought myself a set of the Ultimate Landscaping Tools for my retirement present to myself; it is truly unbelievable how easily I can now plant. I used to pay the local nursery to plant but now I can do it myself and quickly, too. I have been getting requests from family to borrow it after they see how easy it makes work. I just wanted to let you know how happy your tool has made me! Thank you! - **Marianne Condon**

I'm having so much fun with this auger!

It's so easy to make a plant hole now it should be illegal! - **John P.**

So far, I am very pleased with the Power Planter Guru Auger.

Cut my planting time in half. Much less pain in my hands. Have been able to plant in dirt that my garden trowel wouldn't touch. I have broken other brands. Pleased enough to have bought one for my brother. - **Connie**

Put it to work immediately and planted 15 hydrangeas in an afternoon! - **Roger C.**

Today I planted 42, 3 gallon plants in a few hours.

I was amazed at the speed and ease I was able to work. Also, the shut off in the event of a kickback made the safety factor excellent. Great product, customer service, and timely delivery of the shipment. A five star experience! - **Richard D.**

Gardener's COLLECTION

GARDEN PLANTING AUGER & GRASS PLUG TOOL

2" x 7"

BULB PLANTING AUGER & BEDDING PLANT TOOL

3" x 7"

This Plant Auger Is Perfect For Planting Flowers

Our *Garden Planting Auger & Grass Plug Tool* is specifically designed to help you plant grass plugs and small annuals faster than with a shovel or a garden trowel.

PRODUCT SPECIFICATIONS

- Digs holes up to 6" deep
- Rugged, 5/8" 100% steel shaft with 10-gauge flighting
- 3/8" non-slip hex drive
- 2" W x 7" L
- Drill sold separately

An Expert Bulb Planter To Have In The Garden

Our *Bulb Auger & Flower Planting Tool* is great for homeowners who want to plant more flower bulbs in less time. The bulb planting auger is perfect for planting 3-4" potted bedding plants.

PRODUCT SPECIFICATIONS

- Digs holes up to 6" deep
- Rugged, 5/8" 100% steel shaft with 10-gauge flighting
- 3/8" non-slip hex drive
- 3" W x 7" L
- Drill sold separately

2" x 7" GARDEN PLANTING AUGER & GRASS PLUG TOOL

3" x 7" BULB PLANTING AUGER & BEDDING PLANT TOOL

Gardener's COLLECTION

DIY GURU AUGER

3" x 12"

The Perfect Handheld Auger For All Projects

Our *DIY Guru Handheld Auger* is perfect for homeowners who want to plant more in less time. Do-it-yourselfers can give their plants better root-to-soil contact and reduce plant loss.

Also great for little jobs around the house – like mixing gallons of paint, mortar, grass seed or fertilizer.

PRODUCT SPECIFICATIONS

- Digs holes up to 11" deep
- Rugged, 5/8" 100% steel shaft with 10-gauge flighting
- 3/8" non-slip hex drive
- 3" W x 12" L
- Drill sold separately

3" x 12" DIY GURU AUGER

EXTENDED LENGTH BULB AUGER

3" x 24"

When You Want Power And Versatility

Our *Extended Length Bulb Auger* is great for professional landscapers to increase the speed of planting bulbs and 3"/4" potted plants. It's also ideal for post hole digging and planting bare root trees or shrubs.

This bit works wonders as a sand and beach umbrella auger. It makes installing beach volleyball poles or boring holes under sidewalks for irrigation lines easier and more efficient.

PRODUCT SPECIFICATIONS

- Digs holes up to 24" deep
- Strong, 5/8" 100% steel shaft with 12-18" of 10-gauge flighting
- 3" in diameter
- Drill sold separately

3" x 24" EXTENDED LENGTH BULB AUGER

Landscape COLLECTION

THE DO-IT-ALL TREE, SHRUB & TERMITE AUGER

2" x 24-54"

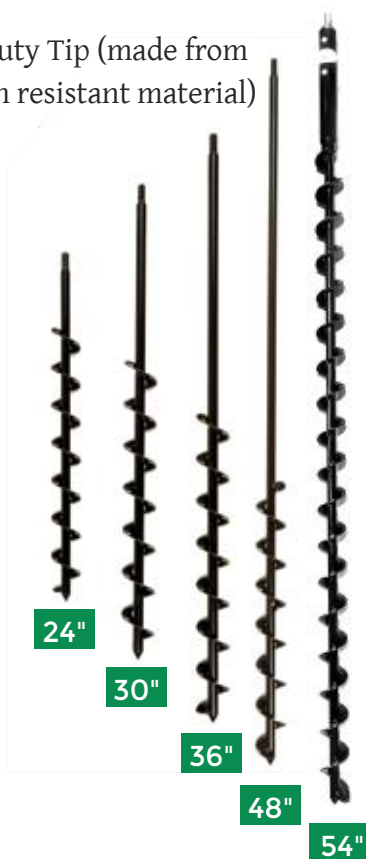

*Designed To Help You
Plant Quickly & Easily*

With our *Tree Auger & Planting Tool*, you can dig holes for bare root trees and saplings quickly and without bending. The rugged, durable design allows you to power through rocky, sandy soils as well as harder clay soil. Dig horizontally under sidewalks. This tree planting tool is also perfect for installing termite bait stations, deep feeding and aerating trees or shrubs, and planting grass plugs and 4- or 6-pack annuals.

- Digs holes 23 - 53" deep – choose your length
- Rugged, 5/8" 100% steel shaft with 18" of 10-gauge flighting
- 2" in diameter
- Option to add Heavy Duty Tip (made from military grade abrasion resistant material)

Option to Add
Heavy Duty Tip

EXTENDED LENGTH BULB AUGER

3" x 24-48"

*Get Power
And Versatility*

Plant bulbs and 3" potted plants faster than ever before with this special auger, which also is perfect for post hole digging and planting bare root trees and shrubs. It's also a great choice for other tasks such as installing beach volleyball poles and umbrellas or boring holes under sidewalks for irrigation lines. Now available in black, pink, and lime colors.

- Digs holes 23 - 47" deep – choose your length
- Strong, 5/8", 100% steel shaft with 12 - 18" of 10-gauge flighting
- 3" in diameter
- Option to add Heavy Duty Tip (made from military grade abrasion resistant material)

Option to Add
Heavy Duty Tip

Landscape COLLECTION

LARGE BULB AUGER

4" x 28"

Plant Bulbs with Exceptional Ease

With this auger installed on a large electric drill, you'll have the power to plant large bulbs and bedding plants with exceptional ease. The professional-grade, heavy-duty, long-handled bulb planter features double 10-gauge flighting – doubling the auger's efficiency. Whether you're a professional landscaper or a weekend gardener with a lot of space to cover, this drill bulb planter makes your work a lot easier. Choose the HD tip for heavy-duty digging in dense compacted soil.

• ADAPTER INCLUDED

QUART POT PLANT AUGER

5" x 28"

Plant 5-6" Potted Plants Faster

Designed with the needs of the professional landscaper in mind, this auger delivers the strength and durability you need to plant 5" and 6" potted plants with speed and efficiency. Its double 10-gauge flighting design makes it twice as fast as augers with a single flighting construction. Choose the THD (Tube Drive with Heavy Duty Tip) option for digging in dense compacted soil.

• ADAPTER INCLUDED

GALLON POT AND POST HOLE AUGER

7" x 28"

The Perfect Auger For Digging Post & Gallon Pot Holes

Our *Post Hole Auger* is a professional landscaper's go-to choice when planting gallon potted plants or shrubs. It's perfect for 4" x 4" fence post hole digging, too. The auger is designed to leave room for cement around the post when digging holes. This heavy duty auger features a 1.25" shaft made from 100% steel. Choose the THD (Tube Drive with Heavy Duty Tip) option for digging in dense compacted soil.

• ADAPTER INCLUDED

EXTRA LARGE EARTH AUGER WITH HEAVY DUTY TIP

8-9" x 28"

Tackle The Biggest Digs With Ease

Our *Extra Large Earth Auger* is specifically designed for planting 3-gallon potted plants, and it can also be used as a 6" x 6" post hole auger. This model was recently upgraded with our virtually indestructible and replaceable heavy duty tip. This professional quality auger leaves extra space when digging holes for potted plants – this is just what you need to encourage growth and reduce plant loss.
