

CAPABILITY STATEMENT

Professional Fit Testing Services, Inc. (PFTS) supports organizations that need help implementing a respiratory protection program and meeting the requirements of OSHA Respiratory Protection Standard 29 CFR 1910.134.

We provide a complete solution including preparation of your OSHA required written plan and then conduct an onsite fit-test clinic or assist with training someone in the organization to administer a Respiratory Protection Program.

We also supply respiratory protection PPE including N-95's, half-face and full face respirators, filters and fit testing supplies.

Onsite Respiratory Fit Testing

Company Principal:

Charles McConkey, RN, BSN - PFTS President and founder

Management:

Melody Holder - Client Support, Training

Timothy Jones - CTO and Managing Partner

Differentiation:

PFTS provides comprehensive fit testing services for respiratory protection program implementation. Our current focus supports organizations within a 300 mile radius

PFTS mobilized a five person team to support Cleveland's St. Vincent Charity Hospital. We completed a turn-key solution including a written plan, and conducted an "on-site" clinic for 700+ employees in 8 days including OSHA compliant documentation.

Past Performance:

- Siemens Corp
- ServPro of NC
- Forsyth County, NC Agricultural Extension Service
- Howard County, MD Health De-
- State Farm Insurance
- St. Vincent Charity Hospital
- Charlotte Douglas Airport
- Rowan County Agriculture Extension Service
- Aviagen Corp.

Our Secure Medical Evaluation Questionnaire (MEQ) service is available as an online form or encrypted fax.

We provide Fit Testing clinics in multiple locations and multiple shifts to accommodate all work schedules in factories, construction sites or health care/clinical settings.
