

Future Form Zen & Zen Plus Red & Near-Infrared Light Therapy Beds

Premium Full-Body Wellness & Recovery Systems

The Future Form Zen and Zen Plus Beds are premium, full-body LED systems designed for advanced wellness and recovery treatments. Featuring a 360° full-body horizontal therapy design, they provide extra-large internal space for comfort and uniform light distribution, enhancing treatment efficiency and reducing session time.

Performance & Power

- Epistar chip LEDs
- Zen: 13,440 LEDs, 1500W LED output power, 2500W total power
- Zen Plus: 26,040 LEDs, 3325W LED output power, 4200W total power
- Irradiance: Zen up to 40 mW/cm² | Zen Plus up to 80 mW/cm²
- 100,000-hour LED lifetime
- Operates at 220V (hardwired by default; plug option available)
