

Garage Floor Tiles

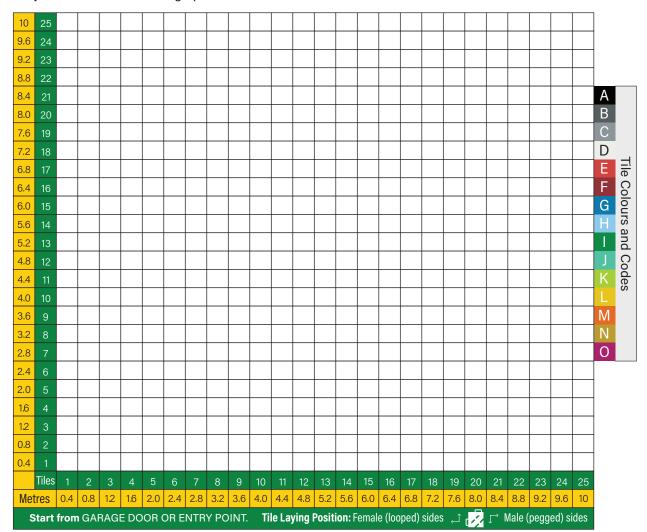

Australian Brand. Quality. Trust.

Experience Australia's Finest Interlocking Modular Flexible Garage Floor Tiles.

FLOOR PLANNER

Name Email	Space Size
------------	------------

Step 1: Create a scaled design plan. Use colours or colour codes for the tiles.

Step 2: Count the number tiles from your design.

Ramps and Corners: Install edge ramps at level entrances for smoother floor transitions. If you want ramps on other sides, choose ramps to match the adjoining tile side - looped ramps fit with pegged tiles and vice versa.

Colour	Tiles	Ramps (F)	Ramps(M)	Corners
A Jet Black				
B Slate Grey				
C Silver Grey				
D Arctic White
