

# Refresh™ AntiBac FOAM

Signature Fragrance Invigorating Citrus Antimicrobial Foam Hand Soap

### PRODUCT DESCRIPTION

A mild, biodegradable antimicrobial foam hand soap with added moisturizers and lightly scented with a new Signature Fragrance of Invigorating Citrus. Contains Benzalkonium Chloride to clean the hands and kill bacteria when used as directed.

### WHERE TO USE

Washroom areas in any commercial setting (ex. offices, schools and public facilities).

### INSTRUCTIONS FOR USE

- Apply one shot to dry hands
- Rub across all parts of the hands for 15-20 seconds
- Rinse off with clean water
- Dry thoroughly

FORMAT: **FOAM**

FEATURES	BENEFITS
<b>With Benzalkonium Chloride</b>	Product delivers antimicrobial efficacy of up to 99.999% for a variety of Gram positive and Gram negative bacteria.
<b>AntiBac Signature Fragrance</b>	An Invigorating Citrus fragrance with caring, pleasantly fresh and clean notes to elevate the restroom experience for every day use. Proven to have broad appeal amongst washroom users.
<b>Mild Formulation</b>	Dermatologist tested to verify and confirm this product does not elicit dermal irritation.
<b>Contains Skin Moisturizer</b>	Helps prevent drying and leaves the skin feeling smooth after use.
<b>Readily Biodegradable</b>	The formula and each of its carbon containing ingredients will rapidly decompose into simple, non-toxic substances in 28 days or less in accordance with OECD301F standard.
<b>Excellent Cost in Use</b>	Highly economical, only one dose is required to provide effective hand cleansing. Provides over 30% more washes and uses 36% less product compared to lotion soap.
<b>Reduces Water Consumption</b>	Can save up to 45% on water consumption compared to lotion soaps.
<b>High Quality, Smooth Foam</b>	Pleasant silky-smooth skin feel when washing; helps reinforce good hand washing practice.
<b>Convenient, Quick and Easy</b>	Dispenses foam on the hands which is instantly ready for washing and quick & easy rinsing from hands and sinks.

### STATUTORY REGULATIONS

This product is manufactured and labeled in compliance with the Federal Food, Drug and Cosmetic Act issued by the Food and Drug Administration (FDA). This product complies with the 2016 FDA monograph for the consumer antiseptics.

### SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information, please refer to the Safety Data Sheet which can be downloaded from [www.debgroupp.com/us/sds](http://www.debgroupp.com/us/sds).

### SHELF LIFE

This product has a shelf life of at least 24 months from the date of manufacture when stored unopened at room temperature.

### QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in our high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

### PRODUCT SAFETY ASSURANCE

#### Skin Compatibility Test

Independent clinical dermatological tests conducted to assess the skin compatibility of the product using voluntary test persons in semi occlusive, 48 consecutive hour application models, shows this product to be non-irritating in use.

#### Product Safety Assessment

The product has been independently assessed for human toxicity and product stability. Overall, this item can be considered safe for the intended use; use on the hands of adults and children of all ages.

### EFFICACY TESTS

#### Mild Formulation

Refresh™ AntiBac FOAM did not demonstrate a potential for eliciting dermal irritation or sensitization after conducting an independent 8 week Repeat Irritation Patch Test (RIPT).

#### Water Savings

Independent tests show that washing hands with foam soap rather than lotion soap can reduce average water consumption by as much as 45% (Report: How a simple change in the washroom can significantly reduce water consumption and associated costs. Durrant and McKay, 2011).

#### Time Kill Study

Product showed a reduction of up to 99.999% for a variety of Gram positive and Gram negative bacteria (test conducted at BioScience Laboratories, Inc., Bozeman, MT).
