

Enviro Champ

Powdered Dish Machine Detergent

An innovative new product designed with the environment in mind. Enviro Champ rinses quickly and suited for use in both low temperature and high temperature dish machine applications. This encapsulated warewash detergent is highly concentrated for maximum economy. It quickly dissolves away the most difficult food soils, oils, protein and food stains. Contains highly-effective functional ingredients that fight stubborn food soils and provide reserve capacity for tough cleaning jobs.

Directions for Use

Enviro Champ is designed specifically for use with automatic dispensing equipment. Your service representative can install the dispenser and set it to dispense the correct amount of product for your cleaning requirements. Use 1/16 oz. per gallon of wash water. Hard water, heavy soils and low wash temperatures may require additional product. **DO NOT USE ON SOFT METALS SUCH AS ALUMINUM AND PEWTER.**

Safety Reminder

Consult Product Label and Safety Data Sheet (SDS) before use. Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Safety Data Sheet (SDS). The label and SDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.
