

GRANDMA CHANDRA'S MASTER NUMBERS

Grandma Chandra says that all those with master numbers in their birthdates are "in her group". She has come to awaken us to our ascension and the planet's. Her sessions and tools allow us to increase our vibratory rate bringing us further on our path. Remember the master numbers do not have to be side by side, for example, 3/28/2003. This person has a 22 and a 33 in their birth date.

If the Master Numbers are not immediately apparent when looking at your birth date, you may try adding them in a single line to see if they add up to a 22, 33, 44 etc. Also you can add numbers within your birthdate ie. 8/2/1950. Add $8+2+1=11$

Another way to locate your Master Numbers is to look at your Social Security Number, your address, your phone number, your license plate. Remember that you subconsciously chose these numbers.
