- **Detoxify food, water** as well as **skincare and cosmetics.** It can also be used to **create a barrier around the body that prevents toxins from entering.**

- **Repairs hair follicles** that have been damaged resulting in healthier hair.
- **Repairs damage to the ear drums.**
- **Improve telepathy** which increases your connection with your Mult-dimensional self allowing you to read you own Akashic Records and take advantage of the Cosmic Store of Wisdom.
- Cleanses, balances and **restores normal function of the glands of the body.** These are the glands of the endocrine system.
- **Improves your sense of taste and smell.**
- My laser can also be **used on pets and animals** to balance the chakras, create a barrier to toxicity which will help strengthen the immune system as well as improve vision, hearing and coat health.

How Does the Green Laser Remove Toxins?

My green laser can be used to **remove toxins from conventional food** so you can eat organic every day without increasing your grocery expenses. It will **remove impurities from skincare and cosmetics.** Applying the green laser directly to the body (by using the laser on the chakras) **creating a barrier against toxicity** of any kind entering the body through the skin, mucous membranes, olfactory, auditory or visual components eg. food, water, cosmetics, skin care products as well as electro-magnetic interference. (EMI) This interference comes from telephone poles, cellphone towers, overhead electrical wires, microwaves, TVs, cell phones etc.

The chemicals and pesticides used to grow our food and the hormones that are injected into our farm animals scramble the nutritional frequencies of these foods so our bodies are unable to read them. As a result, the body gets no nutrients from the food.

When using the Green Laser directly on the chakras with the intention of creating a barrier to toxicity, this barrier unscrambles the geometric forms that are the chakras. This barrier then unscrambles the frequencies of the food, when your auric field comes in contact with it. If you are the one cooking and preparing the food, all those that consume it will benefit from its nutrient richness.

In addition, when you use the Green Laser directly on the chakras, use your intention to improve vision, hearing and hair as well as cleanse, balance and restore normal function to the glands of the body.

All purchases include lifetime upgrades. Upgrades will be automatically added to any previously purchased units.

How to Use the Green Laser:

It takes less than a minute to use the Green Laser on all your Chakras. Follow the instructions below.

Make 6 clockwise circles WITH INTENTION over each Chakra. If you take a piece of paper and put it on a table and WITH INTENTION make 6 clockwise circles with the Green Laser over this paper naming each Chakra as you go, it will have the same effect as if it were used directly on your body. You can also work with the enclosed Chakra chart.

Remember to ALWAYS apply the Green Laser on the BACK of the 5th and 6th Chakras, (back of the neck and the back of the head) when using directly on the body. You can have more than one intention each time you use the Green Laser on the Chakras.

For BEST RESULTS use the Green Laser daily with Intention to balance the Chakras, creating a Barrier to Toxicity, improving, Vision, Hearing and Hair as well as cleansing, balancing and Restoring Normal Function to the Glands of the Body.

Using the Green Laser on the Higher Chakras

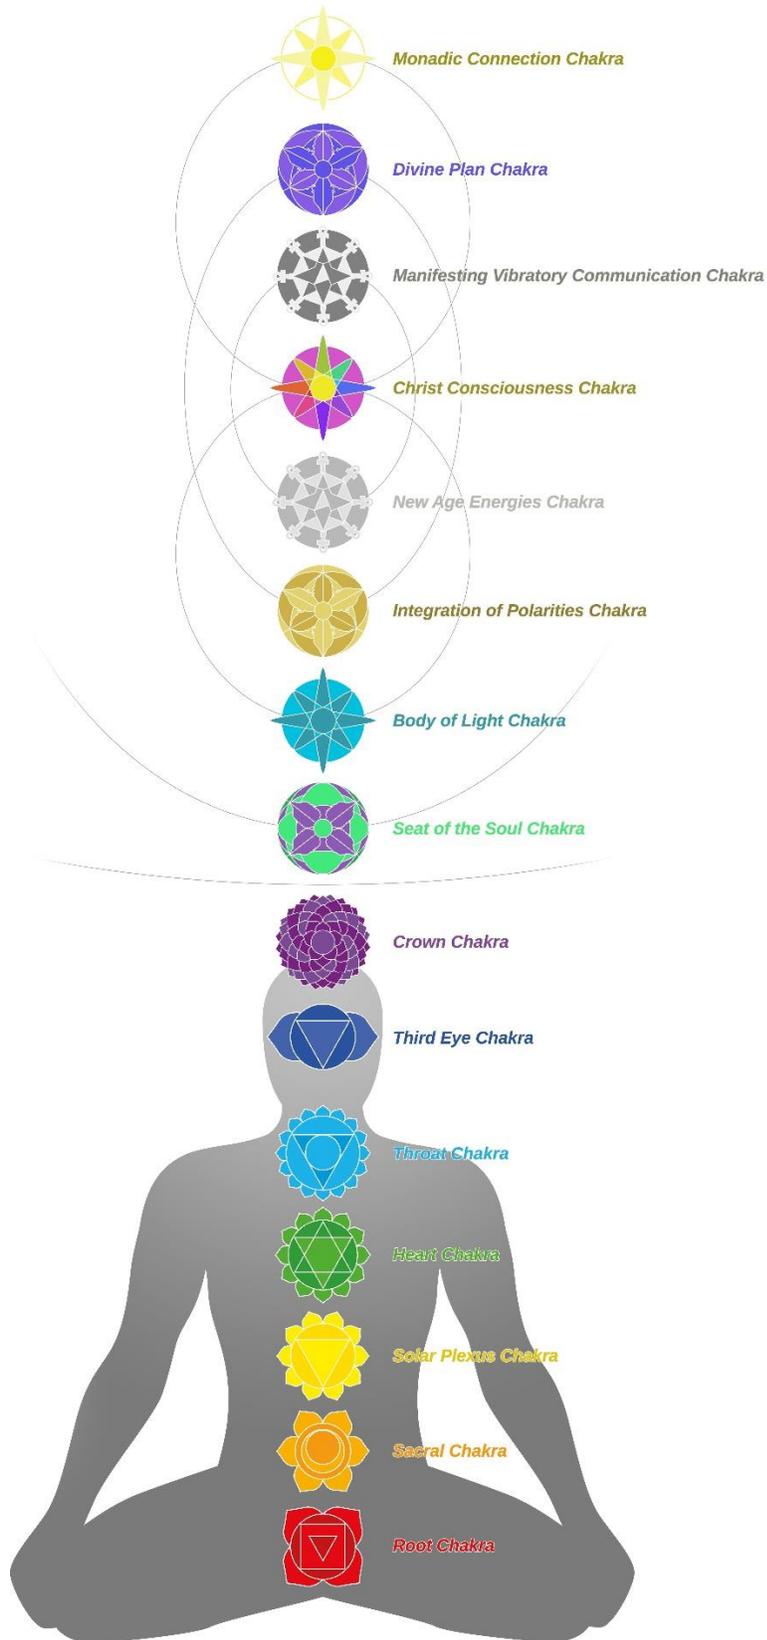

Use the Green Laser daily on the Higher Chakras to improve telepathy. Since these Chakras extend high above the body you will find it difficult to reach them when using the laser directly on the body. As a result, when working on the Higher Chakra use the Green Laser on the enclosed Chakra chart or on a piece of paper.

REMEMBER: Intention is everything.
