NIGHT SHIFT SHOE LIGHTS

PRODUCT:
NIGHT SHIFT SHOE
LIGHT 1 PAIR WITH
CHARGING CHORD

PART # NS 301

DESCRIPTION:

Designed to help workers identify potential hazards and reduce workplace falls. They provide hands-free lighting in low-light work environments with 400 lumens of LED lights that deliver 50 feet of forward beam and visibility from all sides to prevent workplace accidents, lost productivity and employer liability.

WEIGHT: 2.4 OZ

NIGHT SHIFT SHOE LIGHTS

PRODUCT DETAILS:

PRODUCT:
NIGHT SHIFT SHOE LIGHT
KIT W/ BLUETOOTH AND
CHARGING CORD

PART # NSB 302

DESCRIPTION:

Bluetooth allows the shoe light to be used as a peripheral that remotely modulates light intensity and connects to third-party applications. The light units provide safety flash alerts based on user specifications. The wearer is able to receive visual warnings for dangerous conditions that are preprogrammed by the user.
