

Non-Food Treats Available Here

We support the **TEAL PUMPKIN MOVEMENT**

Purchase non-food treats like pencils, vampire teeth, or glow sticks to hand out to trick-or-treaters.

Place a teal pumpkin on your doorstep to let kids know to come to your door.

Display a sign letting trick-or-treaters know you have non-food treats available.

By having the **option** of handing out non-food treats, you'll make a child's night like those with food allergies, celiac disease, diabetes, FPIES, mast cell disease, eosinophilic esophagitis (EoE), or other restricted diet needs!
