

Taste of the Wild

**A MODERN DIET,
INSPIRED BY NATURE.**

WELCOME TO THE WILD

The wolf. The fox. The mountain lion.

The wild cat. The ancestors of our now-domesticated dogs and cats were built to live in the wild. Although our pets no longer have to survive in the wilderness, modern science proves that they still share the DNA of those who do. That's why we make Taste of the Wild: quality, complete pet foods based on the protein sources of pets' ancestral diets. These formulas support pets' natural vitality and satisfy their instinctual cravings with a modern diet, inspired by nature.

#1 **INGREDIENT**
IS FROM REAL MEAT
FISH OR FOWL

Taste of the Wild is a family-owned brand.
Proudly made in the USA with globally sourced ingredients.

TABLE OF CONTENTS

	Features Glossary	4
	Pacific Stream Puppy Formula with Smoked Salmon	6
	High Prairie Puppy Formula with Bison & Roasted Venison	7

	Sierra Mountain Canine Formula with Roasted Lamb	9
	Southwest Canyon Canine Formula with Wild Boar	10
	Appalachian Valley Small Breed Canine Formula with Venison & Garbanzo Beans	11
	Pacific Stream Canine Formula with Smoked Salmon	12
	Wetlands Canine Formula with Wild Fowl	13
	High Prairie Canine Formula with Bison & Roasted Venison	14
	Canyon River Feline Formula with Trout & Smoked Salmon	15
	Rocky Mountain Feline Formula with Roasted Venison & Smoked Salmon	16
	Lowland Creek Feline Formula with Roasted Quail & Roasted Duck	17

DOGS AND CATS CRAVE THE FLAVOURS THEIR ANCESTORS ONCE DID. GO AHEAD AND INDULGE THEM.

Taste matters on a primal level to even the most domesticated dogs and cats. Unique proteins like bison, smoked salmon, roasted quail, smoked turkey, wild boar, venison, duck and trout combine with real vegetables, fruits and legumes for flavour options you will only find in Taste of the Wild pet foods. With nine dry formulas for dogs and three dry formulas for cats, Taste of the Wild has something to satisfy the instinctual craving of any dog, cat, puppy or kitten.

TASTE OF THE WILD IS A FAMILY-OWNED BRAND.

Taste of the Wild was created by one family who believes that every pet deserves proper nutrition and every pet owner deserves a fair value. We don't make anything we wouldn't feed to our own pets. It's the standard to which all Taste of the Wild products are held, and we're happy to share it with you and your family. Welcome to the pack.

CAREFULLY SELECTED. METICULOUSLY PREPARED.

All Taste of the Wild formulas are meticulously prepared using only carefully selected ingredients from a limited number of trusted suppliers. We've made the deliberate choice to foster long-term relationships with our suppliers, allowing us to keep a close eye on quality and safety standards while creating efficiencies that contribute to our affordability.

SAFETY FIRST. QUALITY ALWAYS.

You have high standards for the food your pet eats, so we have high standards for how we make it. Every formula is designed by our veterinarians and nutritionists to meet specific nutritional requirements for dogs and cats. Every product is tested for quality and safety before leaving our facilities. Some of our protocols include:

3,458 mycotoxin tests per week

1,538 microbiological tests per week

268 oxidative stability tests per week

5,520 ingredient nutritional tests per week

40,095 finished product nutritional tests per week

MADE IN THE USA

Our priority is to source quality ingredients. All our pet food is made in the USA; sometimes, ingredients come from global suppliers. Whether global or local, we form close relationships with all our suppliers and work with them only after a careful vetting process.

FEATURES GLOSSARY

UNIQUE PROTEINS

We take care to ensure our ingredients are humanely raised by including proteins from animals that are cage-free, pasture-raised, farmed and wild. Our nutrient-rich proteins in unique flavour combinations offer amino acid and fatty acid profiles to help support muscles, organ function, the immune system, healthy skin and a shiny coat.

HIGH PROTEIN CONTENT

PROTEIN BLEND FOR BALANCED NUTRITION

BEEF, LAMB PROTEIN & WILD BOAR

PASTURE-RAISED LAMB

PASTURE-RAISED VENISON

ROASTED QUAIL, ROASTED DUCK & SMOKED TURKEY

CAGE-FREE QUAIL & CAGE-FREE DUCK

BISON & ROASTED VENISON

REAL TROUT & REAL SALMON

DRIED CHICORY ROOTS – This source of prebiotic fibre provides fuel for the beneficial probiotic bacteria in the digestive system.

GARBANZO BEANS – Rich in protein, minerals and fibre, garbanzo beans add a host of nutrients.

LEGUMES – These nutrient-dense ingredients, including garbanzo beans, peas and lentils, are great sources of protein, fibre and carbohydrates.

ANTIOXIDANTS – In addition to antioxidants provided by vegetables, legumes and fruits in our dog and cat foods, guaranteed levels of zinc, selenium and vitamin E help support your pet's immune system.

DHA – Salmon oil is a source of DHA, an omega-3 fatty acid that helps support brain and vision development.

DIGESTIVE SUPPORT – Fibre from garbanzo beans helps support digestive health, while prebiotic fibre from dried chicory root provides fuel for the beneficial probiotic bacteria in the digestive system.

EGG-FREE – Taste of the Wild Pacific Stream Canine and Puppy formulas are made without eggs or egg products, which may be suitable for dogs who have a sensitivity to eggs.

OMEGA FATTY ACID BLEND – Omega-6 and omega-3 fatty acids work together to help maintain healthy skin and a shiny coat as well as overall good health.

SMALL KIBBLE SIZE – The small kibble size of our puppy and small breed formulas is easy for little mouths to chew, while the crunchy texture helps keep teeth clean.

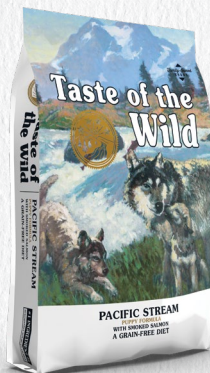

TAURINE – This amino acid is beneficial for all cats and helps to maintain healthy heart and eyes.

NO GRAIN – These grain-free formulas provide your pet with nutrition for health and vitality.

CHELATED MINERALS – During the digestion process, minerals are attached to proteins for absorption from the digestive tract. These formulas include proteinate to assist in easy absorption for desired mineral nutrition.

Pacific Stream Puppy Formula with Smoked Salmon

Composition

salmon (17%), ocean fish meal, sweet potatoes, potatoes, peas, pea protein, canola oil, tomato pomace, smoked salmon (4%), salmon meal (2%), salmon oil (a source of DHA), minerals, dried chicory roots, *Yucca schidigera* juice, tomatoes, blueberries, raspberries.

Analytical Constituents

Protein	27.0%
Fat Content	15.0%
Crude Fibres	5.0%

Zinc (as zinc chelate of amino acids hydrate)	11.25 mg/kg
Zinc (as zinc sulphate monohydrate)	26.625 mg/kg
Selenium (as sodium selenite)	0.018 mg/kg

Sensory additive: natural flavour

A complete pet food for adult dogs.

Feeding Guide

Amount to feed per day

Pet size	Adult Dogs
1kg	33g
2.25kg	50g
4.5kg	100g
9kg	150g
13.5kg	200g
18kg	233g
27kg	325g
36kg	375g
45kg	450g
57kg	525g
68kg	600g
79kg	666g

Changing Food: For 7 - 10 days, gradually decrease the amount of current food while increasing the amount of new food.

Wetlands Canine Formula

with Wild Fowl

Composition

duck (12.5%), duck meal (12.5%), chicken meal (12.5%), sweet potatoes, peas, potatoes, chicken fat (preserved with mixed tocopherols), egg products, ocean fish meal, potato protein, roasted quail (1%), roasted duck (1%), smoked turkey (1%), tomato pomace, minerals, dried chicory roots, tomatoes, blueberries, raspberries, *Yucca schidigera* juice.

Analytical Constituents

Protein	32.0%
Fat Content	18.0%
Crude Fibres	4.0%
Crude Ash	8.8%
Moisture	10.0%
Omega-6 Fatty Acids	2.4%
Omega-3 Fatty Acids	0.4%

Additives (per kg)

Vitamins	
Vitamin A	10,000 IU/kg
Vitamin D ₃	750 IU/kg
Vitamin E	150 IU/kg
Taurine	1,000 mg/kg
Trace Elements	
Iron (as iron(II) chelate of amino acids hydrate)	9 mg/kg
Copper (as copper(II) chelate of amino acids hydrate)	1.05 mg/kg
Iron (as iron(II) sulphate monohydrate)	18 mg/kg
Copper (as copper(II) sulphate pentahydrate)	1.75 mg/kg
Iodine (as potassium iodide)	1.485 mg/kg
Manganese (as manganese chelate of amino acids hydrate)	2.1 mg/kg
Manganese (as manganese (II) oxide)	7.7 mg/kg
Manganese (as manganous sulphate monohydrate)	4.48 mg/kg
Zinc (as zinc chelate of amino acids hydrate)	11.25 mg/kg
Zinc (as zinc sulphate monohydrate)	26.625 mg/kg
Selenium (as sodium selenite)	0.018 mg/kg
Sensory additive:	natural flavour

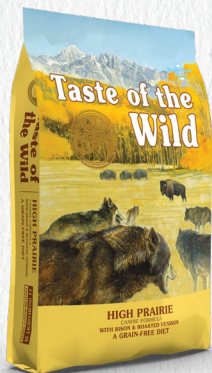

A complete pet food for adult dogs.

Feeding Guide

Amount to feed per day

Pet size	Adult Dogs
1kg	33g
2.25kg	50g
4.5kg	75g
9kg	133g
13.5kg	175g
18kg	225g
27kg	300g
36kg	366g
45kg	433g
57kg	500g
68kg	575g
79kg	633g

Changing Food: For 7 - 10 days, gradually decrease the amount of current food while increasing the amount of new food.

High Prairie Canine Formula

with Bison & Roasted Venison

Composition

bison (12%), lamb meat meal, chicken meal, sweet potatoes, peas, potatoes, chicken fat (preserved with mixed tocopherols), egg products, beef, roasted venison (4%), tomato pomace, potato protein, pea protein, ocean fish meal, minerals, dried chicory roots, tomatoes, blueberries, raspberries, *Yucca schidigera* juice.

Analytical Constituents

Protein	32.0%
Fat Content	18.0%
Crude Fibres	3.0%
Crude Ash	9.2%
Moisture	10.0%
Omega-6 Fatty Acids	2.8%
Omega-3 Fatty Acids	0.3%

Additives (per kg)

Vitamins	
Vitamin A	10,000 IU/kg
Vitamin D ₃	750 IU/kg
Vitamin E	150 IU/kg
Taurine	1,000 mg/kg
Trace Elements	
Iron (as iron(II) chelate of amino acids hydrate)	9 mg/kg

68kg	575g
79kg	650g

Changing Food: For 7 - 10 days, gradually decrease the amount of current food while increasing the amount of new food.

Canyon River Feline Formula

with Trout & Smoked Salmon

Composition

trout (19%), ocean fish meal, sweet potatoes, potatoes, pea protein, potato protein, canola oil, smoked salmon (4%), potassium chloride, minerals, dried chicory roots, tomatoes, blueberries, raspberries, *Yucca schidigera* juice.

Analytical Constituents

Protein	32.0%
Fat Content	16.0%
Crude Fibres	3.0%
Crude Ash	8.0%
Moisture	10.0%
Omega-6 Fatty Acids	2.4%
Omega-3 Fatty Acids	0.3%

Additives (per kg)

Vitamins	
Vitamin A	10,000 IU/kg
Vitamin D ₃	750 IU/kg
Vitamin E	150 IU/kg
Taurine	1,000 mg/kg
Trace Elements	
Copper (as copper(II) chelate of amino acids hydrate)	1.125 mg/kg
Copper (as copper(II) sulphate pentahydrate)	1.75 mg/kg
Iodine (as potassium iodide)	1.782 mg/kg
Manganese (as manganese chelate of amino acids hydrate)	2.1 mg/kg
Manganese (as manganese (II) oxide)	7.7 mg/kg
Manganese (as manganous sulphate monohydrate)	4.48 mg/kg
Zinc (as zinc chelate of amino acids hydrate)	9 mg/kg
Zinc (as zinc sulphate monohydrate)	21.3 mg/kg
Selenium (as sodium selenite)	0.018 mg/kg
Sensory additive: natural flavour	

A complete pet food for cats and suitable for all life stages.

Feeding Guide

For Kittens

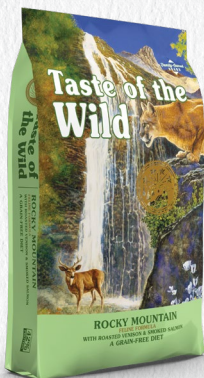

Amount to feed per day

Pet size	Weaning to 16 weeks	5 - 7 months	7 - 9 months	9 - 12 months
0.5 - 1.75kg	78 - 104g	69 - 78g	52 - 69g	34 - 52g
1.75 - 2.75kg	104 - 138g	78 - 104g	69 - 78g	52 - 69g
2.75 - 4kg	138 - 173g	104 - 138g	78 - 104g	69 - 78g
4 - 5.5kg	173 - 208g	138 - 173g	104 - 138g	78 - 104g

For Adult Cats

Pet size	Amount to feed per day
1 - 2.25kg	34 - 52g
2.25 - 4.5kg	52 - 78g
4.5 - 6.8kg	78 - 104g
6.8 - 9kg	104 - 130g

Changing Food: For 7 - 10 days, gradually decrease the amount of current food while increasing the amount of new food.

Rocky Mountain Feline Formula

with Roasted Venison & Smoked Salmon

Composition

chicken meal, peas, sweet potatoes, chicken fat (preserved with mixed tocopherols), pea protein, potato protein, roasted venison (4%), smoked salmon (4%), ocean fish meal, potassium chloride, minerals, dried chicory roots, tomatoes, blueberries, raspberries, *Yucca schidigera* juice.

Analytical Constituents
