

Blundstone[®]

TASMANIA AUSTRALIA · 1870

Things that last.

Landfills are full of footwear fads and fails but not with Blundstone boots.

Blundstone boots are made to last, plain and simple, same as they have been since 1870.

Comfortable right out-of-the-box, Blundstone boots get even more so as they gradually 'personalize' to the shape of your foot.

Dry, multi-surface, all-season comfort. New colours and leathers each year. This is a feeling, and a product, made to last.

Classics Series.

Classic Blundstone comfort from the first step.
Soft leather inside, tough leather outside.
Blundstone shock-absorption cushioning for up to 90% less body stress.
Steel shank boosts arch support and stability on uneven surfaces.
Colours and finishes to fit your classic style.

Classics

#585 Rustic Brown.

Available in Women's 6 to Men's 14

"Seriously worth every dollar. They are exceptional quality, comfortable, good support, warm and so durable."

- Heidi S.

"4 years and counting! I tried these boots after a friend recommended them. I will NEVER buy another brand again. THE BEST boot I've ever owned."

- Peter M.

All styles available in Women's 6 to Men's 14

A few points on quality.

Sturdy front and back pull tabs that are meant to be used.

Weatherproof leather keeps feet dry and comfortable.

Weatherproof elastic contributes to dry comfort and retains its shape.

Injection-molded soles with no adhesive to come unglued, stitches to rot, or access for leaks.

The patented Blundstone Shock Protection System (SPS) MAX reduces skeletal stress absorbing up to 90% of the impact as you walk.

Contoured removable footbed, with the added cushioning of XRD® in the heel pad.

Radically simple construction, anatomically designed to follow the foot's natural shape.

"The boots are so comfortable that I ordered a second pair right away. The only regret I have is to not have tried this brand before. The quality/price ratio makes this an even greater product."

- JPL

Originals Series.

Originals Series is where the Blundstone pull-on kick-off revolution started more than 50 years ago. Comfort right out-of-the-box—the promise Originals were built on—is all-day comfort that increases as Originals "personalize" to your feet. Dry, all-weather, all-season versatility and multi-surface, bone-and-joint-sparing cushioning. Some things never get old.

All styles available in Women's 6 to 11

Since 1870.

John Blundstone set out in 1870 to make a boot that provided “fair value for price paid”—solid footing that has lasted to this day.

Over the decades, Blundstone boots gained popularity mainly for comfort at work, but inevitably work gave way to barn dances and weddings and festival weekends and darned if these boots didn't show up at the party.

The combination of ease, comfort and good value made the company one of the largest footwear makers in Australia. All from a modest factory in Hobart, Tasmania.

All-day, all-season, multi-surface comfort.
Australian since 1870.

All-Terrain Series.

Vibram® soles shed debris to expose treads and maximize grip.

The resulting walk is street and trail friendly, light and stable through a variety of surface challenges.

All-day, dry comfort right out of the box.

Wipe-clean ease.

Outstanding performance.

Destination: Value.

All-Terrain

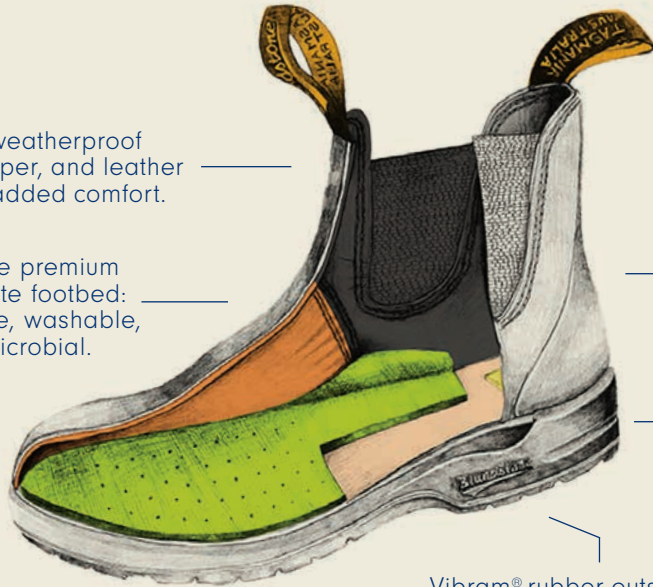

#2056 Rustic Brown.

Available in Women's 6 to Men's 14

All the dirt on All-Terrain.

Premium weatherproof leather upper, and leather lining for added comfort.

Removable premium Comfort Lite footbed: breathable, washable, and antimicrobial.

Injection-molded PU midsole with SPS strike zones for all-day comfort.

Vibram® rubber outsole performance: Heat resistant to 300° C.

Self-cleaning outsole design is proprietary to Blundstone.

Vibram® rubber outsole pattern with exclusive rubber sole compound aids traction and cushioning.

**(Traction is reduced in conditions below freezing and may slip on icy surfaces.)*

"These are everything you expect, hope for and more. I am really happy with these boots. The quality is top notch, there isn't much I can't wear them with."

- Raquel R.

Work & Safety.

Chalk it up to experience.
Blundstone has been perfecting foot protection since 1870.

This CSA-approved Work & Safety boot is so light, dry and comfortable that many pros wear theirs even on the weekend.

No laces to snag, tie, untie, unknot, freeze up or trip over. All-day comfort even on concrete.

Uniform approved.
The safest work boot is the one you actually want to wear.

- Mindful consumption strategies
- Recycled & recyclable considerations

OUR PLANET

Today and tomorrow.

We have established the Every Step Better (ESB) program to ensure we are continually monitoring and measuring our impact & actively seeking ways to improve business practices.

OUR PRODUCTS

Every individual matters.

- Encouragement of best practice outcomes
- Voluntary employment practices
- Advocate the right to freedom of association and bargaining
- No discrimination
- No child labour
- Fair working hours
- No harassment or abuse
- All employees paid according to the law
- Proper time sheets and human resource practices

Commonly asked questions.

“Do Blundstone boots come in half sizes?”

Yes. However, half sizes in Blundstone boots do not increase the length of the boot. Instead, they increase the amount of space over the foot by adding more leather providing a wider fit.

“Can I put a footbed in my Blundstone boots?”

Your boots come equipped with an extra pair of footbeds that will snug up the fit. If you don't require the footbeds now, keep them to use as the boots stretch out a bit over time. Boots too tight? The extra footbeds may already be inside the boots. Please remove them and try on your boots again.

“How can I learn about the size and fit differences of the various Blundstone series?”

Our recommendation is to visit a Blundstone retailer to be properly fitted into a new pair of Blundstone boots. Alternatively, visit our size guide on [blundstone.ca](https://www.blundstone.ca) for fitting recommendations, or scan the QR code.

“Are Blundstone boots water resistant?”

Blundstone weatherproof leather is as water resistant as any leather can be, while still allowing the foot to breathe. If properly cared for, the leather will prevent most water penetration, keeping your feet dry. Unique Blundstone construction with a limited number of seams means few places for water to penetrate.

Style and size availability subject to change without notice and may vary by retailer.

Sizes listed in catalogue are listed in Canadian sizes.

Boot colour may not appear exactly as shown.

Find the perfect fit.

Blundstone Rule of Toe:

For women subtract 3 sizes from your Canadian size.

For men subtract 1 size from your Canadian size.

For kids' subtract 1 size from your Canadian size.

Length is the most important element when fitting Blundstone boots.

It's normal for there to be a slight amount of heel lift in the boot.

The boots will never stretch in length.

With wear it's common to find some “give” over the top of the boot, with the exception of where the steel toes are located. If the fit is initially tight on the top of your feet – be patient, it should stretch with some wear.

All Blundstone styles, aside from the Women's Series, are unisex.

This size conversion chart provides a simple guideline.
