

Blundstone[®]

TASMANIA AUSTRALIA · 1870

Work & Safety.

Worker benefits.

Blundstone work & safety boots are the complete package. Everything we learned about foot safety since 1870 is in there and we still managed to keep it light and comfortable right out of the box.

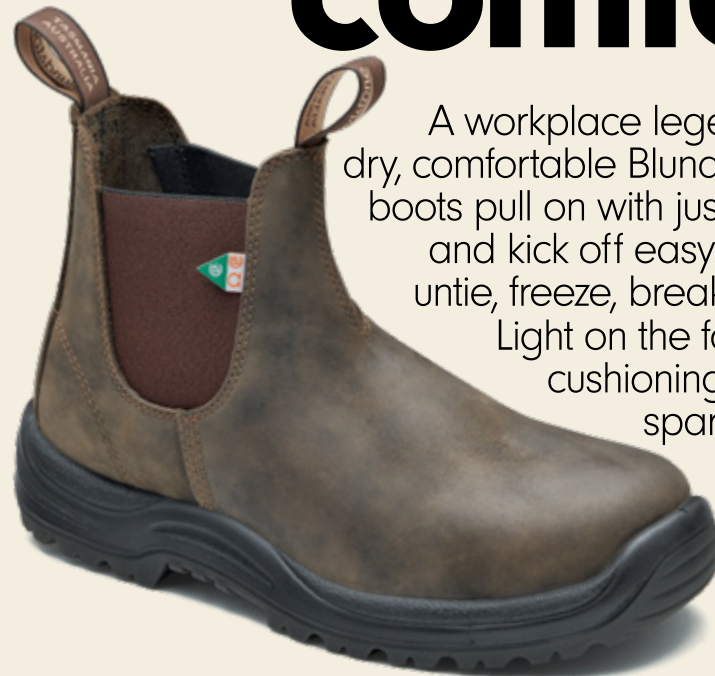

Rugged, yet breathable, leather. No laces to tie or trip over. All-day, all-surface comfort. Heel-to-toe safety. Exceptional service life.

Thanks for buying our boots.

Your getting home safe and sound benefits us all.

All-day comfort.

A workplace legend since 1870, dry, comfortable Blundstone work & safety boots pull on with just a finger and kick off easy. No laces to tie, untie, freeze, break, or trip you up.

Light on the foot, with 90% impact cushioning to reduce fatigue, spare bones and joints.

Excellent stability on everything short of sheer ice.

Work & Safety

#180 Waxy Rustic Brown.

Available in Women's 6 to Men's 14

"#1 comfort. Slipped these boots on the first time and they felt like they'd been mine for months. Most comfortable work boots ever!!"

- Amy D.

Work & Safety

#163 Black, #164 Saddle Brown, and #162 Stout Brown.

Available in Women's 6 to Men's 14

"Lightweight, no laces, very comfortable. I'm a part-time carpenter, part-time backliner and they are great for both situations. Love them!!"

- Jonathan L.

Work & Safety

#180 Waxy Rustic Brown, and #181 Waxy Rustic Black.

Available in Women's 6 to Men's 14

Safety that lasts.

While many toe-cap boots feel as stiff and clunky as ski boots, long-wearing Blundstone rubber-caps feel light and comfortable all day long. Dry, all-season, multi-surface safety and grip to protect you. Blundstone rubber caps to protect your boots. Logic that lasts!

Work & Safety Rubber Toe Cap
#167 Stout Brown.

Available in Women's 7 to Men's 14

These work. Here's how.

"I'm a paramedic... the toe cap really helps them take more wear and tear and avoids chips in the leather. Easy to kick off but won't come off unless you want them to... total lifesaver."
- Jayne H.

Work & Safety Rubber Toe Cap
#167 Stout Brown, #168 Black (on page 10), and #169 Saddle Brown.
Available in Women's 7 to Men's 14

Ultimate safety.

If you've ever dropped a heavy tool on the metatarsal bones on the top of the foot, you will appreciate Blundstone work & safety met guard. Designed for comfort, clever met guards remain soft and flexible until point of impact. Leather-covered elastic gussets protect from side incursions. Bullet-proof Kevlar stitching withstands impact and abrasion. Ultimate safety. Ultimate comfort.

Work & Safety Met Guard
#165 Black.

Available in Women's 7 to Men's 14

Safety XFR.

Here's our most comfortable work boot ever. Blundstone work & safety XFR checks all the boxes. CSA-approved. Durable, solid rubber lug soles. Three-season comfort and stability on everything short of sheer ice. Comfort Arch footbeds absorb 90% of impact, protecting joints & bones and reducing fatigue. Pull on a work boot you'll never want to kick off.

Work & Safety XFR
#962 Waxy Rustic Brown.

Available in Women's 6 to Men's 15

Extreme comfort XFR.

Sturdy front and back pull tabs save time, reduce trip hazards.

Weatherproof leather is 2.5mm thick yet 'breathes' for absolute comfort.

SPS MAX XRD® Technology absorbing up to 90% of the impact as you walk.

Premium Comfort Arch footbed.

Rubber lug sole with deep grooves.
**(Our rubber lug soles are not designed for extreme cold or icy conditions. Rubber lug sole traction is reduced in conditions below freezing and may slip on icy surfaces.)*

Injection-molded soles with no adhesives to come unglued, nor stitching to rot.

CSA Grade 1 protective steel toe cap.

Rubber toe cap provides extra protection & longer wear.

Rubber outsole is highly resistant to hydrolysis and microbial attack. Heat resistant up to 300°C.

"After many years of using traditional work boots I discovered Blundstone. I am on my second pair now and I can't speak highly enough about the comfort and durability. They are my go-to footwear, for life!"

- Jeff K.

Work & Safety XFR

#960 Wheat (on page 16), #962 Waxy Rustic Brown, #969 Saddle Brown, and #968 Black.

Available in Women's 6 to Men's 15

Look who's working under you.

With each step, Comfort Arch footbeds provide outstanding impact absorption. The SPS MAX Protection System works to absorb up to 90% of the impact, punishment your body is spared.

You'll keep your energy and focus longer, and feel better at the end of the day with a Blundstone boot working under you.

Our thickest and most comfortable footbed yet, Comfort Arch technology provides outstanding impact absorption and extra cushioning in every step.

Odour and fungus resistant.

Removable premium footbed that is antibacterial, breathable and washable.

Comfort Arch footbeds also sold separately. Available in XFR styles only.

Let's get technical.

**MET GUARD
PROTECTION**

MET GUARD PROTECTION

Protects the metatarsal bones against impact and crush injuries.

**SPS MAX
COMFORT**

SPS MAX COMFORT

Provides impact resistance, support and enhances underfoot comfort.

Commonly asked questions.

“Do Blundstone Work & Safety boots come in half sizes?”

Yes. However, half sizes in Blundstone boots do not increase the length of the boot. Instead, they increase the amount of space over the foot by adding more leather providing a wider fit.

“Do Blundstone Work & Safety boots have a steel toe?”

Yes! Blundstone uses a CSA Grade 1 Protective toe cap to protect against crushing and drop hazards.

“Are Blundstone Work & Safety boots slip resistant?”

Yes. All Blundstone work & safety boot soles are heat, slip, oil and acid resistant. We recommend the use of traction aids on icy or frozen surfaces.

“Can I use a winter insole or orthotic in my Blundstone Work & Safety boots?”

Our work & safety boots are tested and approved with the Blundstone insoles that come with the boots, so using other insoles may affect the safety and security of the boot.

“How does the fit of a Blundstone Work & Safety boot fit compare to the non-safety, Classics or Originals Series?”

Our recommendation is to visit a Blundstone retailer to be properly fitted into a new pair of Blundstone work & safety boots. Alternatively, visit our size guide on blundstone.ca for fitting recommendations.

Find your perfect fit.

Women's

Men's

<i>CAN/US Size</i>	7	7.5	8	8.5	9	9.5	10	10.5	11	11.5	12	13	14	15
<i>UK/AUS Size</i>	6	6.5	7	7.5	8	8.5	9	9.5	10	10.5	11	12	13	14

Blundstone Rule of Toe:

For women subtract 3 sizes from your Canadian size.

For men subtract 1 size from your Canadian size.

Length is the most important element when fitting Blundstone boots.

It's normal for there to be a slight amount of heel lift in the boot.

The boots will never stretch in length.

With wear it's common to find some “give” over the top of the boot, with the exception of where the steel toes are located. If the fit is initially tight on the top of your feet – be patient, it should stretch with some wear.

Style and size availability subject to change without notice.

Sizes listed in catalogue are Canadian sizes.

All Blundstone Work & Safety boot styles are unisex.

This size conversion chart provides a simple guideline.

Boot colour may not appear exactly as shown.
