# WELCOME TO SALE 350

I am delighted to welcome you to Sale 350 – the last sale of Downies Australian Coin Auctions' 60th anniversary year!

It has been an outstanding twelve months for both Downies and Australian numismatics. Driven by our 60th anniversary celebrations, global focus on our first three sales has been extraordinary, and I am sure that the concluding auction of our landmark year is sure to prove a truly grand finale to 2023.

Notable for our 'seasonal' Spring catalogue cover, Sale 350 encompasses well over 3,000 lots. Underpinned by a tremendous variety of material, with the Australian predecimal and decimal coins and notes particularly strong, the auction is packed with individual highlights.

Including such classic rarities as a 1934 Proof Set (PCGS PR62-PR66), a 1930 Penny, an 1852 Adelaide Pound and a 1966 Coombs/Wilson \$10 Star Note Unc Consec Pair, Sale 350 also encompasses an amazing range of Perth Mint gold, two 2017 Planetary Coin Sets, and an astonishing number of RAM \$2 C Mintmark lots – over 50 in all! Also featuring world coins & notes, stamps, watches, jewellery, model cars and more, there's something for everybody in Sale 350!

As always, I would like to pay tribute to Downies staff. The intensity of our 60th anniversary year has naturally brought a great deal of pressure on those who work behind the scenes, and they have handled the task with aplomb. For their composure, commitment and exceptional work ethic, they have my sincere thanks.

Our 60th anniversary year may not be over, and the Festive Season may be nearly upon us, but we are already looking forward to an exciting – and very busy! – 2024. Our first sale for the year will be held in February, so if you are keen to sell part or all of your collection, you can consign material until the end of December.

To all of our collectors, I hope you enjoy the range of material in Sale 350. Don't forget, our Live Auction Platform ([auctions.downies.com](https://www.downies.com)) will be in full swing, and keep an eye on [www.downies.com/auctions](https://www.downies.com/auctions) to stay up-to-date with our viewing and sale conditions.

Enjoy your collecting!

# ADVICE

## FOR ABSENTEE & NEW BIDDERS

- As a bidder at our Public Auction, you will be able to decide the level at which you would like to purchase an item. To assist bidders in the preparation of their bids, the Auctioneer has set an “estimated market price” on each lot. This is a conservative guide to the market value of the items described, and you may bid above or below this estimate. Please note however, that bids below 60% of this estimate will not be processed.
- Purchase of lots on extension (extended payment terms) will NOT be permitted
- Our descriptions are complete and our grading is conservative. Our aim is to give you the best possible guide to the actual condition of the item you are seeking. We value our absentee bidders and believe that our grading and pricing policies work to the mutual long term benefit of both the vendor and buyer.
- Your bids will be executed in the strictest confidence by an official representative of the Company. They will be regarded as the maximum bids that you are prepared to pay and we will always try to purchase on your behalf at a price lower than your maximum bids given.
- On items that you anticipate the price may far exceed the estimate, we can offer you some flexibility in the execution of your bid. Obviously, you may submit a bid well above the estimate and this will be treated as your maximum bid (excluding the buyer's commission). Alternatively, you can place a conservative bid and, if the bidding far exceeds it, you can elect to increase that bid by a fixed percentage. The higher bid will only be executed if necessary, and strictly according to your instructions. Please fill in the appropriate space on the bid sheet if this is required.
- If you are interested in a number of lots, but only wish to spend a limited amount of money, please write down your bids and then clearly indicate, in the space provided, the maximum amount you wish to spend.
- If you are interested in a particular item, and there are two or more identical lots; you can clearly indicate on your bid sheet that you wish to bid for “one or more only” of the nominated lots on offer. This must be made very clear on the bid sheet.
- Remember, the benefit is yours by buying at Public Auction: you can decide exactly what you want to pay for any item, and bid to that level.
- In preparing your bids, it is important to note that a 22.0% buyer's commission including GST with a minimum charge per lot of \$10, is added to the knock down price of each lot. Do not add commission to your maximum bid.

**Remember that successful absentee bids at the same level will be awarded to the earliest bidder at that level – so bid early!  
And please note that bids submitted by normal mail may be affected by recent Australia Post delivery policy changes.**

### Gradings and terminology used in this catalogue

**Proof:** Proof coins are the most beautiful coins imaginable. They are struck using specially hardened dies, and highly polished blanks. The result is a coin of great clarity and depth of detail. Most modern proofs (1966 onwards) contrast a brilliant mirror background against delicately frosted detail.

**Prooflike:** Often a non-official mint strike, or medallic in nature.

**Brilliant Uncirculated (B/Unc) or choice Unc:** Uncirculated, but with higher than normal sheen.

**Uncirculated (Unc):** An uncirculated or unused item. Full detail, no wear, brilliance and lustre are hallmarks of an uncirculated coin, whereas no bends, folds or staining are qualities of an uncirculated banknote.

**Extremely Fine (EF):** Coins show only traces of wear to the high points of the design and only light surface marks from circulating. Otherwise the design is clear and sharp and the coin will have much lustre. Notes are clean and crisp with only the slightest signs of creases and folds.

**Very Fine (VF):** Lustre has gone and there will be flatness on the design of a coin. Other traces of wear may also be evident. Banknotes of this grade will show distinct signs of handling though the paper will still be reasonably crisp.

**Fine (F):** The effects of handling will be quite evident from the amount of flatness to the design of a coin. Notes will

have clear signs of soiling and heavy creasing, possibly also some tearing.

**Very Good (VG):** Most details of a coin's design will be all but gone, but the basic design and date are still visible. Notes of this grade are near the end of their useful life, and are of little value unless they are very scarce or rare.

**choice:** An exceptional example of the given grade.

**good (g):** Use of the prefix good (e.g. gVF) indicates that the item is slightly better than the grade stated.

**about (a):** Use of this prefix (e.g. aEF) indicates that the item is almost at the grading designated.

The submission of absentee bids constitutes registration; though the Auctioneer reserves the right to further establish the bona fides of such bidders and require a security deposit or credit card details prior to acceptance of the bids.

Clients unknown to Downies Australian Coin Auctions must register no later than 24 hours prior to the commencement of the sale.

## Agent Bidding

- Agents bidding on behalf of disclosed and undisclosed clients do so on their own responsibility both for payment and safe delivery of the lots.

Agents will be responsible for any non-payment or shortfall of accounts.

## Payment Terms

- Title of purchased lots shall not pass until the purchase price and buyer's expenses are paid in full with cleared funds in **Australian Dollars**. We accept Cash, EFTPOS, Electronic Funds Transfer, Bank or Personal Cheque, Paypal and Credit Card (subject to surcharge). Overseas buyers not using credit card facilities will be required to add AUD \$30 to payments to cover bank charges; this will appear on the buyer's invoice.

## Purchaser Responsibilities

- The buyer of each lot is to be responsible for it from the time it is "knocked down". Payment is to be made in full with cleared funds before delivery or collection. The lot(s) are to be paid for by Australian buyers within two days of receiving the invoice, and by overseas buyers within 7 days of receiving the invoice. **A service charge of 2% per month will be added to all overdue accounts.** Failure to pay in full within the specified time also entitles the Auctioneer to re-sell the lots, with any resulting deficiency being made good by the defaulter.

## Delivery/Collection of Lots

- Lots can be picked up from 3 Redland Drive Mitcham. No lots will be delivered to buyers without payment in full. Lots purchased on behalf of absentee bidders will be forwarded, fully insured, by the most practical method at the risk of the purchaser who shall bear **all costs** incurred. No lots will be delivered or collected during the Auction.

Absentee and room bidders may vary these delivery methods, but at their own risk. Such alterations must be advised in advance.

## General

- Each lot is sold as genuine and correctly described. Unless described, all official packaging and relevant certificates are presented within the lot. The purchaser is at liberty to return the lot by giving written notice with seven days (or in the case of overseas buyers, within 14 days) of the sale, if he/she proves that the lot is not genuine or not correctly described. The onus on proving a lot to be not genuine lies with the purchaser. Proof of the inability of a recognised expert to express a definite opinion will not discharge this onus.
- Watches, instruments and devices with working mechanisms are verified to be accurately described. Whilst every care is taken to provide secure packaging for all items in transit, no responsibility may be assigned to the Auctioneer for lots which are described as being 'in working order' but are found to be not working at time of receipt. Such lots are sold "as is" and are not subject to return.
- No lot is to be rejected if subsequent to the sale it has been removed from its sealed holder and/or has been treated by any process, unless the Auctioneer's permission to subject the lot to such treatment has first been obtained in writing.
- No lot is to be rejected if the purchaser or their agent has inspected the lot prior to the sale, irrespective of whether or not any item or items are incorrectly described.
- Failure on the part of the bidder or purchaser to comply with the conditions stated previously, entitles the Auctioneer to cause the bidder or purchaser to forfeit any deposit held. Any uncleared lots may be re-sold by public or private sale and any resultant deficiency shall be made good by the defaulter.
- Bids from minors will not be accepted unless accompanied by a full cash deposit or suitable guarantee.
- Phone bids are most welcome but must be confirmed in writing well before the sale.

## Viewing

- Downies Australian Coin Auctions will apply the following strict guidelines for intending auction viewers:
- Viewers will be admitted to the viewing room subject to positive proof of identity – this requires the furnishing of a Government issue photo ID (such as a driver licence, passport). If no photo ID is available, then two forms of ID, with at least one with a signature (credit card etc.), will be acceptable. These conditions will be strictly adhered to, regardless of any previous dealings the viewer has had with Downies or Downies Australian Coin Auctions.
- No hand luggage (such as bags) or hand-held apparel will be permitted in the viewing room under any circumstances. Staff are happy to hold such items in a secure room on your behalf.

**766** One Dollar 2019 D-Day 75th Anniversary, choice Unc *Arguably the scarcest of all regular sized AU/Br issues, and missing from most collections, this coin was specially struck for a private release 4-nation 4-coin commemorative coin set marking the 75th Anniversary of the Allied D-Day Landing at Normandy in 1944 that turned the tide against the Axis forces and brought about an eventual end to World War II. It is believed that around 10,000 D-Day commemorative coins were struck for these sets, but only approximately 5,000 sets were eventually issued. The remaining coins have been held by the private company in London since 2019, and have only just been returned to Australia for sale on the open market. The coin has recently been recognised and acknowledged by Renniks*

## CHARITY AUCTION ZERO NOTES

- 2970** Charity auction zero notes are privately cut from sheets donated each year by the Governor of the Reserve Bank of Australia for auction to support children's charities. The first five sheets (Five Dollars to One Hundred Dollars) had the same prefix AA, and from 1997 subsequent sheet issues were offered with a progression of prefixes (e.g. AA to DA) but all with the serial 000000. Some sheets can also inadvertently reach the market from the normal production run, but this occurrence is very rare. They differ from Specimen notes in that they do not carry the word "Specimen" or bear a specimen number in red. It is common for these sheets to be later cut down and sold as single notes (normally around 40 to 45 units per sheet) hence the opportunity to offer this outstanding collection of six lots including the whole range of first polymer issue types
- Five Dollars Fraser-Cole polymer prefix AA00 serial 000000 dark green serials (R214) Unc and one of only 34 existing as a single note, very rare as such*
- The full sheet of notes with this prefix and serial was auctioned for charity over 25 years ago by Australian Associated Press Group Financial Markets at a dinner held in Sydney. The sheet was signed by Fraser and Cole and later cut into a block of four, one pair and 34 single note notes that were retailed at the time for \$2,500 each* *Est. \$750*
