# WELCOME TO SALE 351

I am delighted to welcome you to Sale 351 – Downies Australian Coin Auctions first sale of 2024!

We go into the new year with even greater gusto than usual, following the success of our 60th anniversary auctions in 2023. The global focus inspired by our landmark year was unprecedented, and the enthusiasm of vendor and collector alike has instantly spilled over into 2024 – as illustrated by our massive Sale 351!

Sure to provide an explosive start to what is certain to be a sensational year for numismatics, Sale 351 encompasses over 4,000 lots – making it one of the largest sales in our history! Notable for the remarkable variety of material, with Australian decimal coins and world coins & banknotes especially strong, the auction is chock-a-block with individual highlights.

Including such classic rarities as a 1930 Penny PCGS VF25, a 1923 Halfpenny PCGS AU58, a 1918 Half Sovereign PCGS MS64 and TWO Proclamation Portuguese-Brazilian Gold Johannas, Sale 351 also encompasses two RAM Centenary of Federation 2001 Gold Proof Sets and two complete Perth Mint 1899-1931 Sovereign Sets! When you also take into account the 1988 \$10 Bicentennial Specimen Note, 1983 \$2 Johnston/Stone Type 3 Specimen Note and Sir Donald Bradman/MCG AA00 Prefix Trial Note, you will see why we are so excited about this sale.

As always, I would like to pay tribute to Downies staff, who have worked incredibly hard over summer in putting Sale 351 together. Please note that our popular Live Auction Platform ([auctions.downies.com](https://www.downies.com)) will be up and running in Sale 351, and to keep up-to-date with our viewing and sale conditions, please check our website, [www.downies.com/auctions](https://www.downies.com/auctions).

We fully anticipate 2024 is going to be a record-breaking year, meaning there has never been a better time to consign to Downies. We are still accepting consignments for Sale 352, to be held in May, with two more sales to follow. If you are keen to sell part or all of your collection, we would love to hear from you!

To all of our collectors, I trust you enjoy examining the range of exciting material in Sale 351. Enjoy your collecting!

# ADVICE

## FOR ABSENTEE & NEW BIDDERS

- As a bidder at our Public Auction, you will be able to decide the level at which you would like to purchase an item. To assist bidders in the preparation of their bids, the Auctioneer has set an “estimated market price” on each lot. This is a conservative guide to the market value of the items described, and you may bid above or below this estimate. Please note however, that bids below 60% of this estimate will not be processed.
- Purchase of lots on extension (extended payment terms) will NOT be permitted
- Our descriptions are complete and our grading is conservative. Our aim is to give you the best possible guide to the actual condition of the item you are seeking. We value our absentee bidders and believe that our grading and pricing policies work to the mutual long term benefit of both the vendor and buyer.
- Your bids will be executed in the strictest confidence by an official representative of the Company. They will be regarded as the maximum bids that you are prepared to pay and we will always try to purchase on your behalf at a price lower than your maximum bids given.
- On items that you anticipate the price may far exceed the estimate, we can offer you some flexibility in the execution of your bid. Obviously, you may submit a bid well above the estimate and this will be treated as your maximum bid (excluding the buyer's commission). Alternatively, you can place a conservative bid and, if the bidding far exceeds it, you can elect to increase that bid by a fixed percentage. The higher bid will only be executed if necessary, and strictly according to your instructions. Please fill in the appropriate space on the bid sheet if this is required.
- If you are interested in a number of lots, but only wish to spend a limited amount of money, please write down your bids and then clearly indicate, in the space provided, the maximum amount you wish to spend.
- If you are interested in a particular item, and there are two or more identical lots; you can clearly indicate on your bid sheet that you wish to bid for “one or more only” of the nominated lots on offer. This must be made very clear on the bid sheet.
- Remember, the benefit is yours by buying at Public Auction: you can decide exactly what you want to pay for any item, and bid to that level.
- In preparing your bids, it is important to note that a 22.0% buyer's commission including GST with a minimum charge per lot of \$10, is added to the knock down price of each lot. Do not add commission to your maximum bid.

**Remember that successful absentee bids at the same level will be awarded to the earliest bidder at that level – so bid early!  
And please note that bids submitted by normal mail may be affected by recent Australia Post delivery policy changes.**

### Gradings and terminology used in this catalogue

**Proof:** Proof coins are the most beautiful coins imaginable. They are struck using specially hardened dies, and highly polished blanks. The result is a coin of great clarity and depth of detail. Most modern proofs (1966 onwards) contrast a brilliant mirror background against delicately frosted detail.

**Prooflike:** Often a non-official mint strike, or medallion in nature.

**Brilliant Uncirculated (B/Unc) or choice Unc:** Uncirculated, but with higher than normal sheen.

**Uncirculated (Unc):** An uncirculated or unused item. Full detail, no wear, brilliance and lustre are hallmarks of an uncirculated coin, whereas no bends, folds or staining are qualities of an uncirculated banknote.

**Extremely Fine (EF):** Coins show only traces of wear to the high points of the design and only light surface marks from circulating. Otherwise the design is clear and sharp and the coin will have much lustre. Notes are clean and crisp with only the slightest signs of creases and folds.

**Very Fine (VF):** Lustre has gone and there will be flatness on the design of a coin. Other traces of wear may also be evident. Banknotes of this grade will show distinct signs of handling though the paper will still be reasonably crisp.

**Fine (F):** The effects of handling will be quite evident from the amount of flatness to the design of a coin. Notes will

have clear signs of soiling and heavy creasing, possibly also some tearing.

**Very Good (VG):** Most details of a coin's design will be all but gone, but the basic design and date are still visible. Notes of this grade are near the end of their useful life, and are of little value unless they are very scarce or rare.

**choice:** An exceptional example of the given grade.

**good (g):** Use of the prefix good (e.g. gVF) indicates that the item is slightly better than the grade stated.

**about (a):** Use of this prefix (e.g. aEF) indicates that the item is almost at the grading designated.

## Delivery/Collection of Lots

- Lots can be picked up from 3 Redland Drive Mitcham. No lots will be delivered to buyers without payment in full. Lots purchased on behalf of absentee bidders will be forwarded, fully insured, by the most practical method at the risk of the purchaser who shall bear **all costs** incurred. Absentee and room bidders may vary these delivery methods, but at their own risk. Such alterations must be advised in advance.

## General

- Each lot is sold as genuine and correctly described. Unless described, all official packaging and relevant certificates are presented within the lot. The purchaser is at liberty to return the lot by giving written notice with seven days (or in the case of overseas buyers, within 14 days) of the sale, if he/she proves that the lot is not genuine or not correctly described. The onus on proving a lot to be not genuine lies with the purchaser. Proof of the inability of a recognised expert to express a definite opinion will not discharge this onus.
- Watches, instruments and devices with working mechanisms are verified to be accurately described. Whilst every care is taken to provide secure packaging for all items in transit, no responsibility may be assigned to the Auctioneer for lots which are described as being 'in working order' but are found to be not working at time of receipt. Such lots are sold "as is" and are not subject to return.
- No lot is to be rejected if subsequent to the sale it has been removed from its sealed holder and/or has been treated by any process, unless the Auctioneer's permission to subject the lot to such treatment has first been obtained in writing.
- No lot is to be rejected if the purchaser or their agent has inspected the lot prior to the sale, irrespective of whether or not any item or items are incorrectly described.
- Failure on the part of the bidder or purchaser to comply with the conditions stated previously, entitles the Auctioneer to cause the bidder or purchaser to forfeit any deposit held. Any uncleared lots may be re-sold by public or private sale and any resultant deficiency shall be made good by the defaulter.
- Bids from minors will not be accepted unless accompanied by a full cash deposit or suitable guarantee.
- Phone bids are most welcome but must be confirmed in writing well before the sale.

These conditions will be strictly adhered to, regardless of any previous dealings the viewer has had with Downies or Downies Australian Coin Auctions.
- No hand luggage (such as bags) or hand-held apparel will be permitted in the viewing room under any circumstances. Staff are happy to hold such items in a secure room on your behalf.

## Decimal Sets

- 1227** One and Two Cents 1966-1991 complete in custom Dansco 'Supreme' album, a few of the earliest red and brown but a way above average set (52 coins) *Est. \$90*
- 1228** Virtually complete set of circulation issues One Cent to Two Dollars 1966-2021, the majority appearing to be ex mint sets, which also includes mint-set-only issues. The copper coins are full red. The only major omission is the Two Dollars 2012 Red Poppy issue (the 2013 Coronation coin is present). The collection is housed by obverse bust design in four Lighthouse albums with slip cases. What sets this collection apart is the superb quality and presentation of the coins, each housed in an inert flip before placement in the album. A rare opportunity to obtain a collection of this quality and completeness, inspection will reward (lot) *Est. \$1,000*

- 1229** One and Two Cents 1966-1991 set complete in custom Dansco 'Supreme' album, a few of the earliest red and brown otherwise mainly red Unc-choice Unc - a superior set (52 coins) *Est. \$150*
- 1230** Five to Fifty Cents 1966-2006 complete with Centenary of Federation commems and Fifty Cents Student Design issues in three Dansco 'Supreme' albums, generally Unc-choice Unc - a superior set (189 coins) *Est. \$125*
- 1231** Twenty Cents 1966-2021 complete in Numis album and slipcase. The set includes 1995 UN, all 2001 types, and a selection of many other commem issues up to 2017 incl many Newscorp set types (the 1993 is a Proof). Earlier coins down in grade but the remainder generally Unc-choice Unc - a good start to a comprehensive collection (86 coins) *Est. \$60*

**The following six lots represent the most comprehensive collection of RAM One Dollars I have encountered. Spread over six albums/lots, almost every RAM A/Br coin type is represented with a few others in Cu/Ni and other metals present. Most lots represent full years, but occasionally the enormity of the series means that there is a carryover within yearly issues - if it's not in one lot, it's almost certainly in the next**

- 1232** One Dollar 1984 to 2006-7 collection in Dansco 'Supreme' One Dollar album - the set contains every mintmark and commem type to 2006 except 2000 Last Anzacs and 2001 Army S mintmark, but does include 1999 Dollar ex Masterpieces in Silver set, 2000 Proof Mob of Roos coin, and complete 2006-7 Ocean series, Unc-FDC (96 coins) *Est. \$350*
- 1233** One Dollar 2007 to 2014 collection in generic Dansco 'Supreme' album - the set contains every baby set, 2-coin, lunar series and commem type to 2014 that I can think of, every mint mark and privy mark to 2013 and also includes 2014 hypermetallic coin, Mob of Roos S privy mark, and 2015 Year of the Goat, along with Proof 2007 Surf Lifesaver and 2009 Astronomy coins (did not notice 2014 Cu/Ni 30th Anniv or Medi-mazing). Naturally, it also contains 2008-9, 2011, 2012, 2013 and 2014 6-coloured coin sets, Unc-FDC (128 coins) *Est. \$600*

- 1234** One Dollar 2015 to 2017 collection in generic Dansco 'Supreme' album - an extraordinary set that contains 2015, 2016 and 2017 Alphabet sets along with 2015 War Heroes; 2016 Cu/Ni W, M, F trio; 2017 Neptune - and barring the 2017 Trans-Australian Railway series - every other conceivable coin series and singles that one could dream of - if I looked further I'm sure I'd find the kitchen sink! As a bonus, all the original cards for all three Alphabet series are present (minus the coin capsules, unfortunately). Astonishing! (144 coins) *Est. \$4,000*
- 1235** One Dollar 2017 Trans-Australian Railways series and 2018 to 2019 collection in generic Dansco 'Supreme' album - a set that contains mixed 2019 Rank-Broadley and Jody Clark portrait types, and a complete set of 2019 Great Aussie Coin Hunt coins (27, incl the A privy mark coin) - there is duplication with the 2018 Games Borobi GC counterstamp coin corresponding to the 11 days of the event (the original cards are present along with some other packaging for related coins). Even noticed WWI Centenary 1914-1918 set in the mix, Unc-choice Unc - magnificent this complete (112 coins)  
*Note: the postal cover for the 2018 Armistice Centenary/War Memorials coin is a numbered Brisbane Money Expo example* *Est. \$500*
- 1236** One Dollar 2019 D-Day and 2020 to 2022 collection in generic Dansco 'Supreme' album - a collection that contains both 2021 and 2022 Great Aussie Coin Hunt coin sets (incl the coloured 2022 Crux coin) - there is duplication with some coins that corresponds to the different packaging which is present, along with some other packaging for related coins) Unc-choice Unc (128 coins)  
*Note: the 2020 Qantas Centenary copper coin is with the packaging for other coins in the series* *Est. \$450*

- 1237** One Dollar 2022 and 2023 collection in generic Dansco 'Supreme' album - the collection contains the 2022 Dinosaurs series with and without privymarks, 2023 AFL Teams and Big Things series - even the 2022 Downies Collectables 90th Anniv coin. There is duplication of the 2023 Creatures in the Deep C mintmark coin that corresponds to the different packaging which is present, along with some other packaging for related coins) Unc-choice Unc (75 coins) *Est. \$200*
- 1238** One Dollar 1984-2008 near complete; Two Dollars 1988-2006 complete in generic Dansco 'Supreme' album. The One Dollar set missing 2000 Last Anzacs, VC and one or two Mob of Roos types but with one example of each mintmark type to 2007 (44 coins in total) generally Unc-choice Unc (63 coins) *Est. \$150*
- 1239** Two Dollars 1988 to 2020 less 2012 red Poppy but including all other coloured and commem types I can think of on plastic page - the spot for the red Poppy is taken by a 2021 Dorothy the Dinosaur coin! Generally Unc but would welcome rehousing (72 coins) *Est. \$300*
- 1240** Year sets 1966 to 2006 less 1981 Charles & Di; 2001 Fifty Cents coat of arms, Two Dollars, states and territories in two plastic page albums with extra part sets and singles (FV=\$13.50 approx, incl a few mint-set-only types). No mint mark Dollars or the 2006 coppers. The collection is generally way above average but it cries out for rehousing (beginnings of PVC damage and some pages degrading) (100s) *Est. \$100*
- 1241** Collection of partial sets in album 1966-mid 1980s with some later dates compr One, Two and Five Cents; Ten and Twenty Cents (two of each); plus One Dollar 1985 and 1986; all coins Unc-choice Unc with the coppers full red (approx. 230 coins) *Est. \$150*
- 1242** One Cent 1966-1989; Two Cents 1966-1985 (less 1984); Five Cents 1966-1994 (less 1991); Ten Cents 1966-1983; Twenty Cents 1966-1982; Fifty Cents 1966-1983 (less 1973 and 1974); all coins Unc-choice Unc (118 coins) *Est. \$90*
- 1243** Group of full and part sets in Dansco press-in albums comprising:
- One and Two Cents 1966-1991 complete
  - Five Cents 1966-2010 less 1992 else complete, with small collection of later loose issues to 2021 (not complete)
  - Ten Cents 1966-2010 less 1995 and 1996 (substituted by 2014 and 2016 Changeover coins) with loose spare 1986, Proof 1987, and a few post 2010 coins
  - Fifty Cents 1966-2012 incl 2001 types and a couple of other commems
  - One Dollar collection in three albums compr 1984-2007 with several commem types (noted complete set of Ocean series, little or no mintmarks), 2008-2012 sparsely filled but with several mintmark types and commems, and a generic album with a confused selection of 2013-2022 issues

The lot also contains a Twenty and Fifty Cents album containing two misc Twenty Cents; Fifty Cents 1966 (2) and standard issues 2014-2022 with a few commems thrown in

Overall, the collection is better than average - most earlier coins are down in grade but the majority of later dates are Unc. Many of the albums have notations, some coins have been taped in, and some of the collections are out of chronological order in parts. Total face value is \$165 approx and the collection contains most mint-set-only types and some very good pickings (lot) *Est. \$350*
