WELCOME TO SALE 349

I am delighted to welcome you to Sale 349 – the third sale in Downies Australian Coin Auctions' 60th anniversary year!

A significant milestone in Downies long history, our 60th anniversary year has generated unprecedented worldwide focus – as evidenced by the fervent interest in our first two sales of 2023. Sure to warm the hearts of all collectors, our Winter Sale is sure to be just as successful.

Notable for our 'seasonal' catalogue cover, Sale 349 encompasses well over 3,000 lots. Underpinned by a tremendous variety of rare and highly desirable material, across an array of fields, the auction is perhaps highlighted by the extensive offering of decimal coinage – a whopping 1,465 lots! The range of decimal banknotes will also command attention, with Star Notes, Uncut Issues, signature sets and First & Last Prefixes found among the 180+ lots. With a superb selection of Ancients, Australian predecimal coins, world coins & banknotes – as well as stamps, model cars, artworks and more – there's something for everyone in Sale 349!

Naturally, I would like to pay tribute to all of Downies staff, who have worked tirelessly to guarantee that Sale 349 continues our 60th anniversary year in style. As always, our popular Live Auction Platform ([auctions.downies.com](https://www.downies.com)) will be in full swing, and please keep an eye on www.downies.com/auctions to stay up-to-date with our viewing and sale conditions.

Trusted by a vast array of consignors, and continuing to expand our global audience, Downies concluding sale of 2023 will undoubtedly be a truly grand finale to our 60th anniversary year. To be held in October, consignments for Sale 350 will be accepted until the 31st of August, so if you are keen to sell part or all of your collection, we would love to hear from you.

ADVICE

FOR ABSENTEE & NEW BIDDERS

- As a bidder at our Public Auction, you will be able to decide the level at which you would like to purchase an item. To assist bidders in the preparation of their bids, the Auctioneer has set an “estimated market price” on each lot. This is a conservative guide to the market value of the items described, and you may bid above or below this estimate. Please note however, that bids below 60% of this estimate will not be processed.
- Purchase of lots on extension (extended payment terms) will NOT be permitted
- Our descriptions are complete and our grading is conservative. Our aim is to give you the best possible guide to the actual condition of the item you are seeking. We value our absentee bidders and believe that our grading and pricing policies work to the mutual long term benefit of both the vendor and buyer.
- Your bids will be executed in the strictest confidence by an official representative of the Company. They will be regarded as the maximum bids that you are prepared to pay and we will always try to purchase on your behalf at a price lower than your maximum bids given.
- On items that you anticipate the price may far exceed the estimate, we can offer you some flexibility in the execution of your bid. Obviously, you may submit a bid well above the estimate and this will be treated as your maximum bid (excluding the buyer's commission). Alternatively, you can place a conservative bid and, if the bidding far exceeds it, you can elect to increase that bid by a fixed percentage. The higher bid will only be executed if necessary, and strictly according to your instructions. Please fill in the appropriate space on the bid sheet if this is required.
- If you are interested in a number of lots, but only wish to spend a limited amount of money, please write down your bids and then clearly indicate, in the space provided, the maximum amount you wish to spend.
- If you are interested in a particular item, and there are two or more identical lots; you can clearly indicate on your bid sheet that you wish to bid for “one or more only” of the nominated lots on offer. This must be made very clear on the bid sheet.
- Remember, the benefit is yours by buying at Public Auction: you can decide exactly what you want to pay for any item, and bid to that level.
- In preparing your bids, it is important to note that a 22.0% buyer's commission including GST with a minimum charge per lot of \$10, is added to the knock down price of each lot. Do not add commission to your maximum bid.

Remember that successful absentee bids at the same level will be awarded to the earliest bidder at that level – so bid early!
And please note that bids submitted by normal mail may be affected by recent Australia Post delivery policy changes.

Gradings and terminology used in this catalogue

Proof: Proof coins are the most beautiful coins imaginable. They are struck using specially hardened dies, and highly polished blanks. The result is a coin of great clarity and depth of detail. Most modern proofs (1966 onwards) contrast a brilliant mirror background against delicately frosted detail.

Prooflike: Often a non-official mint strike, or medallic in nature.

Brilliant Uncirculated (B/Unc) or choice Unc: Uncirculated, but with higher than normal sheen.

Uncirculated (Unc): An uncirculated or unused item. Full detail, no wear, brilliance and lustre are hallmarks of an uncirculated coin, whereas no bends, folds or staining are qualities of an uncirculated banknote.

Extremely Fine (EF): Coins show only traces of wear to the high points of the design and only light surface marks from circulating. Otherwise the design is clear and sharp and the coin will have much lustre. Notes are clean and crisp with only the slightest signs of creases and folds.

Very Fine (VF): Lustre has gone and there will be flatness on the design of a coin. Other traces of wear may also be evident. Banknotes of this grade will show distinct signs of handling though the paper will still be reasonably crisp.

Fine (F): The effects of handling will be quite evident from the amount of flatness to the design of a coin. Notes will

have clear signs of soiling and heavy creasing, possibly also some tearing.

Very Good (VG): Most details of a coin's design will be all but gone, but the basic design and date are still visible. Notes of this grade are near the end of their useful life, and are of little value unless they are very scarce or rare.

choice: An exceptional example of the given grade.

good (g): Use of the prefix good (e.g. gVF) indicates that the item is slightly better than the grade stated.

about (a): Use of this prefix (e.g. aEF) indicates that the item is almost at the grading designated.

Overseas buyers not using credit card facilities will be required to add AUD \$30 to payments to cover bank charges; this will appear on the buyer's invoice.

Purchaser Responsibilities

- The buyer of each lot is to be responsible for it from the time it is "knocked down". Payment is to be made in full with cleared funds before delivery or collection. The lot(s) are to be paid for by Australian buyers within two days of receiving the invoice, and by overseas buyers within 7 days of receiving the invoice. **A service charge of 2% per month will be added to all overdue accounts.** Failure to pay in full within the specified time also entitles the Auctioneer to re-sell the lots, with any resulting deficiency being made good by the defaulter.

Delivery/Collection of Lots

- Lots can be picked up from 3 Redland Drive Mitcham. No lots will be delivered to buyers without payment in full. Lots purchased on behalf of absentee bidders will be forwarded, fully insured, by the most practical method at the risk of the purchaser who shall bear **all costs** incurred. Absentee and room bidders may vary these delivery methods, but at their own risk. Such alterations must be advised in advance.

General

- Each lot is sold as genuine and correctly described. Unless described, all official packaging and relevant certificates are presented within the lot. The purchaser is at liberty to return the lot by giving written notice with seven days (or in the case of overseas buyers, within 14 days) of the sale, if he/she proves that the lot is not genuine or not correctly described. The onus on proving a lot to be not genuine lies with the purchaser. Proof of the inability of a recognised expert to express a definite opinion will not discharge this onus.
- Watches, instruments and devices with working mechanisms are verified to be accurately described. Whilst every care is taken to provide secure packaging for all items in transit, no responsibility may be assigned to the Auctioneer for lots which are described as being 'in working order' but are found to be not working at time of receipt. Such lots are sold "as is" and are not subject to return.
- No lot is to be rejected if subsequent to the sale it has been removed from its sealed holder and/or has been treated by any process, unless the Auctioneer's permission to subject the lot to such treatment has first been obtained in writing.
- No lot is to be rejected if the purchaser or their agent has inspected the lot prior to the sale, irrespective of whether or not any item or items are incorrectly described.
- Failure on the part of the bidder or purchaser to comply with the conditions stated previously, entitles the Auctioneer to cause the bidder or purchaser to forfeit any deposit held. Any uncleared lots may be re-sold by public or private sale and any resultant deficiency shall be made good by the defaulter.
- Bids from minors will not be accepted unless accompanied by a full cash deposit or suitable guarantee.
- Phone bids are most welcome but must be confirmed in writing well before the sale.

Viewing

- Downies Australian Coin Auctions will apply the following strict guidelines for intending auction viewers:

These conditions will be strictly adhered to, regardless of any previous dealings the viewer has had with Downies or Downies Australian Coin Auctions.
- No hand luggage (such as bags) or hand-held apparel will be permitted in the viewing room under any circumstances. Staff are happy to hold such items in a secure room on your behalf.

- 1131** One and Two Cents 1966-1991 set complete with six spares of each denomination in custom Dansco 'Supreme' album, some coins have been cleaned to some degree but a useful starter set (64 coins) *Est. \$60*
- 1132** One and Two Cents 1966-1991 set complete with five spares of each denomination in custom Dansco press-in album, many coins with loss of colour and a few may have seen circulation to some degree but a useful starter set (64 coins) *Est. \$60*
- 1133** Fifty Cents 1966-2022 set very near complete in two Dansco press-in albums - the first album contains 1966 to 2005 coins and appears to be complete except for 2002 Accession Golden Jubilee, though the 1990 is a Proof and several dates show clear signs of circulation (64 coins, incl four spares). The 2006-2012 album contains all the 2006 Games sports coins and all listed commems incl coloured 2009 Moon Landing and 2011 Triple Zero. Manual annotations cater for later dates to 2022 with four commems included (53 coins incl obverse types). An excellent starting point to a first class advanced collection with the inclusion of most choice Unc mint-set-only types and the coloured coins a bonus (117 coins)
It should be noted that most generic releases are displayed by their reverses, but a cursory glance indicates that the correct coins are present *Est. \$300*

PHOTOGRAPHS

- 2570** A most impressive collection of photographs focussing primarily on scenes of devastation of London and other parts of Britain during the Blitz Sept 1940 to May 1941, with further images up to 1944, neatly but haphazardly arranged date-wise in large album. The photos ranging in size from 115x160mm to 195x240mm, clearly the work of a professional photographer or photographers, are firmly hinged and/or pasted into place in most cases, displaying the after effects of bombing raids, remains of downed enemy aircraft, and the resoluteness of military officials and civilians in cleaning up after the devastation. Many of the larger photos have descriptions in white ink with many dated. Seemingly out of place in the collection is a photo of a Japanese transport plane about to crash in flames after being struck down by an American Liberator aircraft in September 1943. Although the source of the collection cannot be confirmed unequivocally, a couple of loose photos are back stamped

"Certified by Planet News Ltd...as having been passed by Censor" and are therefore likely to be a compilation of photos prepared by a photographer or staff member of the news agency (it is also likely that most descriptions were obtained from typewritten ones on the backs of some photos). Only one photo missing from the album and most in very good condition or better (111 photos). The lot also comes with two 35mm negatives (film frames?) depicting Hitler and Himmler from an unknown source (lot)

Planet News commenced operations in the early 1900s and opened its London office in 1927. It supplied news and photographs to Britain, the Commonwealth and USA up until 1958 when it was taken over by the American United Press Association to become United Press International (UPI). In its heyday in the 1930s it became known as a breeding ground for famous photographers. In 1970 UPI abandoned its London operation, leaving the Planet News picture library in poor condition, only for it to be restored decades later Est. \$250

The response, however, was below expectations, due to people's resistance to change and complications with implementing the newly-shaped coins Est. \$30,000
