GAUGE

4½ sts and 9½ rows = 1" in garter stitch.

Suggested needle size:

US 6 (4 mm)

How to check your gauge:

With size US 6 (4 mm), needles, CO 18 sts. Work in garter stitch until you have a square; measure how many sts fit across 4" then divide by 4; this is your stitches per inch. If you have more than 4½ sts per inch, your knitting is too tight; unravel and try another swatch on a bigger needle. If you have fewer than 4½ sts per inch, your knitting is too loose, try again with a smaller needle. If you want to be daring, you can cast on and skip checking your gauge – your scarf will still fit.
