

SUPERFINE 400 #17
CROCHETED WRAP

How to check your gauge:

With size US F (3.75 mm) hook, ch 18. Work in dc spike stitch until you have a square; measure how many sts fit across 4" then divide by 4; this is your stitches per inch. If you have more than 3 1/2 sts per inch, your crocheting is too tight; unravel and try another swatch on a bigger hook. If you have fewer than 3 1/2 sts per inch, your crocheting is too loose, try again with a smaller hook. If you want to be daring, you can start crocheting and skip checking your gauge – your wrap will still fit.

CROCHETED WRAP

This colorful and squishy wrap can be customized to be longer and thinner or shorter and wider. Leave ends long if you want to make them into fringe

Customize Your Wrap

Use your leftover yarn to add to your ends and knot to make fringe. Or if you carried your yarns up the side, single crochet across the two ends. Add some extra rows to the ends in different colors.
