Superfine 400 #10

Diagonal Striped Scarf
The Stripe Pattern

Written out, the stripe pattern looks long and complicated but you’ll get the rhythm of it before you finish the first repeat. Carry the unused color along the side of your work whenever it makes sense to do so, for example, when you’ll need that color again in a few more rows.

If you weave or knit in your ends as you go, you won’t be sorry. Then, once the knitting is finished, your scarf will be ready to wear.

How to Knit It

Work in stripe pattern throughout.

With A, CO 1 st.
Next row: Kfb – 2 sts; counts as first row of stripe pattern.

INCREASE SECTION
Increase row: Kfb, knit to end of row – 1 st increased.

Rep the increase row 58 more times, remembering to change colors to follow the stripe pattern – 61 sts.

STRAIGHT SECTION
For the straight section of the scarf you will increase at the beginning and decrease at the end of every RS row, and work the WS rows even. Mark the RS of your scarf using a removable RS row or scrap strand of yarn so you can easily tell the RS from the WS.

RS row: Kfb, knit until 2 sts rem, k2tog.
WS row: Knit all sts.

Rep the last 2 rows, remembering to follow the stripe pattern, until your scarf meas 76” (or is as long as you want it to be) measured along the longest edge.

DECREASE SECTION
Decrease row: Knit until 2 sts rem, k2tog – 1 st decreased.
Repeat the decrease row 58 more times – 2 sts rem.
K2tog and fasten off last st.

FINISHING
Your scarf is now complete. If you wove in your ends as you knit, you can now begin wearing your scarf. If not, you still have some work to do weaving in the ends, or you can decide that the dangling ends are fringe and begin wearing your scarf.

CUSTOMIZE YOUR SCARF
Use your leftover yarn to make little pom poms or tassels and attach to bottom edge or corners of your scarf or make fringe for the ends of your scarf.

STICHES AND ABBREVIATIONS
