

HydraTarp® 12 MIL Premium Camo

DON'T WORRY - WE'VE GOT YOU COVERED!

Rugged Reversible Waterproof Design

Not your typical tarp -- HydraTarps are built to last

HydraTarp Heavy Duty Camo tarps are designed for general purpose use and are manufactured with industrial grade materials that are built to last. Watershed Innovations delivers a superior tarp to withstand harsh environments by using high grade 6 oz per square yard weight material with a 12 mil thickness, a 14x14 cross weave, double re-enforcing all corners with rope hem along all four edges, and using the highest quality brass grommets spaced approximately every 18". Reversible green/camo colors.

About Watershed Innovations

Watershed Innovations was founded in 2008 with the goal of creating user-friendly products that protect valuable property and land from water damage. Our customers include construction companies, agricultural entities, manufacturing facilities, premiere hotels, the military, and other organizations that have large-scale water protection needs.

HydraTarp Heavy Duty - Reversible Camo/Green Color

No Compromises - We built this HydraTarp for The Great Outdoors

Double Reinforced Corners

The corner of a tarp is the most vulnerable section. Instead of fitting a small rubber piece to the corners, we sew an extra layer of material to each corner adding significant strength.

Thick Rope Along Edges

We heat seal a thick nylon rope along all the edges of our tarps. This minimizes tarp shearing and tearing as the material wears and adds significant overall strength to the covering.

Waterproof and Reversible

HydraTarp Heavy Duty tarps are designed for general purpose use and are manufactured with industrial grade materials that are built to last.

Not Your Typical Tarp

HydraTarp - Full Length Tarp

Material Specifications

Camo HydraTarps Blend Well with Nature!

The Highest Quality Tarp for The Great Outdoors

Perfect for Camping and Outdoor Protection

Handy on camping trips to use under a tent or to cover your camping gear and firewood, as well as for protecting your equipment or shelter while hiking or hunting. Also, great for RVs, trucks, and trailers!

Designed to be abused

If your application requires more than twine to tie down your tarp or you are looking for something to last many cold winters and hot summers, our 12 mil Camo HydraTarp can handle it.

This is No Box Store Tarp

This waterproof, reversible tarp can be installed with either side facing up. This thick 12 mil Camo Tarp can protect from more than just the sun and rain and can withstand falling branches and other unwanted objects without tearing.
