

HydraTowel™ Datasheet

The HydraTowel™ from Watershed Innovations® is the perfect drying solution for industrial sized jobs. HydraTowel's large size and generous absorption capacity provide a highly effective and reusable drying solution. Simply wring out the HydraTowel to see its part towel, part sponge abilities in action.

HydraTowel Applications

With HydraTowel's large size and absorption capacity, heavy-duty problems like cleaning up after leaky pipes or wiping up garage spills can be easily tackled. Everyday needs like soaking up household spills, wiping down vehicles, or drying the family pet, can also be quickly addressed with HydraTowel. Once finished using a HydraTowel, simply place in the wash and dry for the next time water absorption needs arise. HydraTowels provide an effective, easy, and reusable solution for cleaning up.

HydraTowel Technical Information

Table 1 - HydraBarrier Standard Specifications and Order Information

Family Name	Part Number	Height	Width	Dry Weight	Material	Volume of Water Absorbed
HydraTowel	HT-5X3	36"	60"	1lb	100% Viscose 240 gsm	~1 gallon/unit

Table 2 - HydraTowel Washing, Drying, and Storage Recommendations

Parameter	Parameter (Recommended)
Washing	HydraTowels can be washed in a standard washing machine on permanent press cycle with standard detergent.
Drying	It is recommended that HydraTowels be dried in air. They can be place in a dryer to dry but that may slightly affect their size and longevity.
Storage	Dry before storing.

Warranty Information

HydraTowel products by Watershed Innovations come with a 30-day warranty. Please see www.hydrabarrier.com for more details.
