

The Vehicle Softpack First Aid Kit is the go to solution for cars, trucks, loaders and any machinery requiring a driver. These grab and go kits have 55 items essential for the administration of first aid and were specifically designed to assist management of lone worker and mobile worker compliance.

WORKSAFE FACT: You must provide a portable first aid kit in the vehicles of mobile workers if that is their workplace (for example, couriers, taxi drivers, sales representatives, bus drivers, inspectors). The kit must be located in a secure place within the vehicle, where it will not move and cause injury or damage in a collision.

\$39.50+GST

KEY NOTES TO SUPPORT KIT MANAGEMENT:

- The majority of products have a two to three year expiry.
- Items that expire are saline, dressings, wipes and eye pads.
- On receipt of a vehicle kit register the date to the vehicle and set a reminder in your calendar system.
- Add a tamper tag to save time on checking at tool box meets ie: if the tamper tag is not broken the kit has not been used.
