

PLANT A POLLINATOR GARDEN

Our favorite, easy to grow pollinator flowers.

Attract and enjoy diverse pollinators by planting fast growing flowers that will help them thrive throughout summer and fall. The bonus from providing nectar, pollen and habitat for bees, butterflies, hummingbirds and beneficial insects of all kinds —success is a beautiful sight!

Salvia

Sunflowers

Zinnias

Coreopsis

Tithonia

Beekeeper's Mix

Cosmos

Monarda

Marigolds
