February 2015

It's Time To Start Tomatoes!

If you love succulent tomatoes, mid-March to early April is the time to start your own plants from seed. It's the only way to have the very best tasting and old fashioned heirloom varieties which are not usually available as nursery started plants. It's fun to watch the whole growing cycle and the seed starting process is my favorite way to celebrate the gardening season as I watch baby seedlings grow into sturdy plants bearing wonderfully colored, superb tasting fruits to relish freshly picked.
