ACTIVE CENTERING TIP
Optimum guidance when drilling in concrete and reinforced concrete

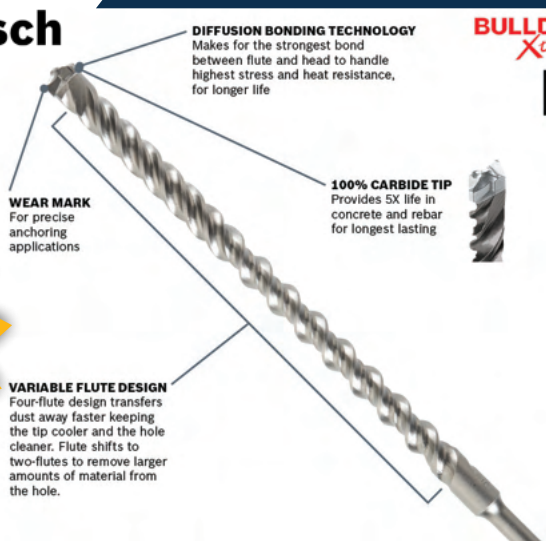

TUNGSTEN-CARBIDE TIP
Provides superior wear resistance in tough applications

LARGE FLUTE VOLUME
Fast drilling, dust transport and less clogging

PATENTED FOUR-CUTTER TIP DESIGN
Provides optimal performance

WEAR MARK
Indicates accurate hole diameter; ensures secure fitting of anchors

Bits of ALL sizes STOCKED!

DIFFUSION BONDING TECHNOLOGY
Makes for the strongest bond between flute and head to handle highest stress and heat resistance, for longer life

WEAR MARK
For precise anchoring applications

VARIABLE FLUTE DESIGN
Four-flute design transfers dust away faster keeping the tip cooler and the hole cleaner. Flute shifts to two-flutes to remove larger amounts of material from the hole.
