IMPORTANT SAFETY INFORMATION

- This cooktop is not to be used by anyone with reduced physical, sensory, or mental capabilities.
- This cooktop is not to be used by children, and they should NEVER leave unsupervised around the device. Playing with the device could cause serious injury.
- Switch off and disconnect the cooktop from the power supply before cleaning. Failure to do so may result in electric shock or death.
- Never leave the cooktop unattended while in use.
- Do not attempt to alter or modify this cooktop.
- Do not allow pets near the cooktop.
- Do not use this cooktop as heater.
- This cooktop must be repaired by a qualified and licensed technician.
- Do not cook using plastic or aluminum cookware products.
- Metallic objects such as forks, knives or spatulas should not be placed on the surface of the cooktop as they can get very hot.
- The cooktop will not heat up unless it senses that there is a pot or pan on the heating area. For this reason, we recommend not switching on the cooktop without having anything on it.

- Do not use this cooktop to warm up plates.
- If the power cord / cable is damaged, it must be replaced by the manufacturer, a service agent, or a licensed technician to avoid hazard.
- Do not place anything heavier than 10kgs on the cooktop.
- Switch off all controls when not in use and allow the surface to cool down before cleaning.
- Do not connect, operate, and disconnect this cooktop with wet hands.
- Incorrect use can result in damage to the appliance, injury, or death. We assume no liability for misuse of the cooktop or noncompliance with the above instructions.

WARNING

- If the surface of this cooktop cracks, switch off the appliance immediately to avoid the possibility of electric shock and contact customer support.
- This cooktop complies with all Australian mandated safety regulations. However, to minimize the risk of burns, we strongly recommend that anyone using this cooktop does so with great care as the surface will become extremely hot during use and will retain heat after use.

RECOMMENDED

- Place the cooktop on a flat, stable surface.
- When using the cooktop outdoors, we strongly recommend that you use the non-slip silicone mat provided.
