

MARINERS

LEARNING SYSTEM

Providing Knowledge & Knowhow... Anytime, Anywhere...

Mariners One-Minute Guide
Captain's License Training-
Does eLearning Really Work?

Ahoy! Meet John.
He's been dreaming
of learning more
about boating.

9AM - 5PM

6PM

But he's a busy guy.
There's no way he'll
ever find the time to
sit in a classroom.

There are online courses, but he's skeptical because of the myths surrounding them.

ONLINE COURSES MYTHS

DEBUNKED!

Let's debunk these myths and explain why the Mariners Learning System is the best solution for improving your boating knowledge and knowhow!

Myth #1—All online courses are the same!

MARINERS
LEARNING
SYSTEM

OTHER COURSES

VERSUS

Not true! While most organizations use formats that offer little more than text-heavy sources, the Mariners Learning System uses colors, graphics, animations, and simulations to make it more enjoyable to learn and easier to understand that course content!

...which gives it the right of way...

Myth #2- Taking online courses is settling for a lesser education.

The Mariners Learning System content is comparable to that found in face to face classrooms in terms of materials covered.

Only it surpasses the classroom atmosphere by providing various methods of learning. You can listen to audio lectures, watch training videos, or read from the companion workbook.

4.

With Mariners Learning System, you learn at your own pace.

Whereas in classrooms, seeing as people take in information at different speeds, some feel held back while others can't keep up!

BLAH! BLAH!
BLAH!

Myth 3#—With online education, you are going it alone, and it isn't as engaging as face to face courses.

Online Education

Over 7 million people take online courses in the U.S. alone.

6. With the Mariners Learning System, you are not going it alone by any measure. We have a robust network of resources in place to support you.

You have access to our online instructors 24/7.

Or you can call us toll-free to speak to our staff during normal business hours.

All of our instructors are USCG-licensed masters that have gone through a rigorous approval process, meeting the United States Coast Guard standards.

ONLINE LEARNING

MYTHS

DEBUNKED

With online education, you are going it alone, and it isn't as engaging as face to face courses.

8.

ONLINE LEARNING

REALITY

Mariners Learning System (MLS) is unique—it uses colors, graphics, animations, and simulation to make it more enjoyable to learn and easier to understand course content.

MLS provides the same experience as a face to face classroom in terms of materials covered. This allows students to work at their own pace rather than being held back or having to catch up with other students. It also provides the student with options of learning from audio lectures, reading the companion workbooks, or watching training videos!

MLS provides 24/7 online support, and you can reach our instructors by phone during normal business hours!

IS MARINERS LEARNING SYSTEM RIGHT FOR YOU?

- First online program in the nation to receive the Coast Guards Coveted approval
- 60,000 successful graduates since 2006
