Mariners Learning System™ is not responsible or liable for any adverse effects or consequences to any person or entity with respect to any loss or damage caused or alleged to be caused or indirectly from use of information contained in this publication.

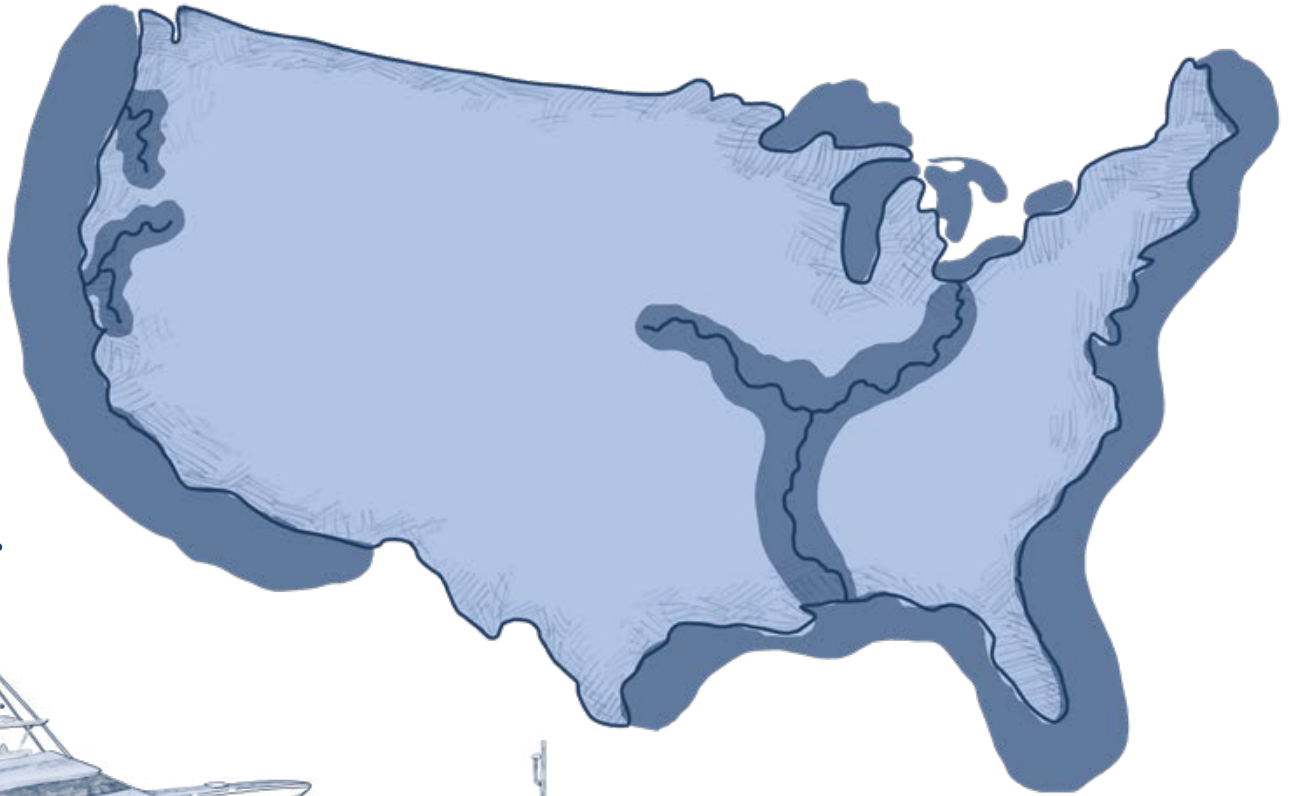

The *Master License* is the highest level which can be obtained and allows you to perform the duties of an OUPV/Six-Pack Captain and also operate Inspected Vessels.

Inspected Vessels are approved to carry seven or more paying passengers and have been built in accordance with rigid USCG standards.

A Master License is issued operation on the Great Lakes, Inland and Near Coastal waterways.

A Master License comes in three versions: 25, 50 or a 100 Ton License.

25 TON

50 TON

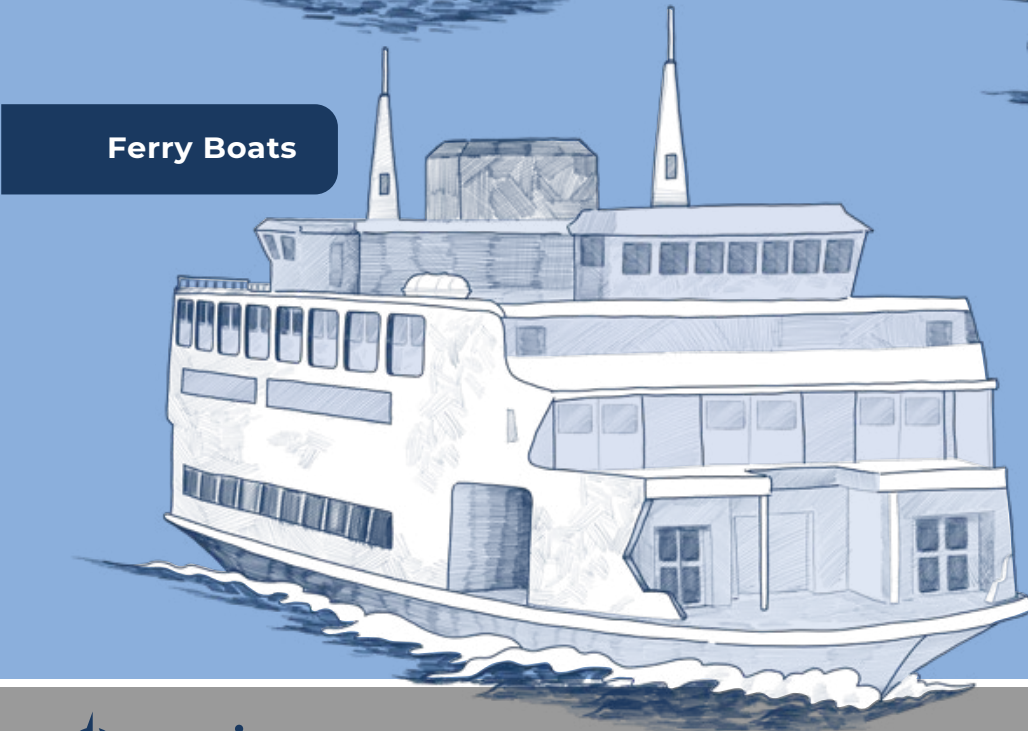

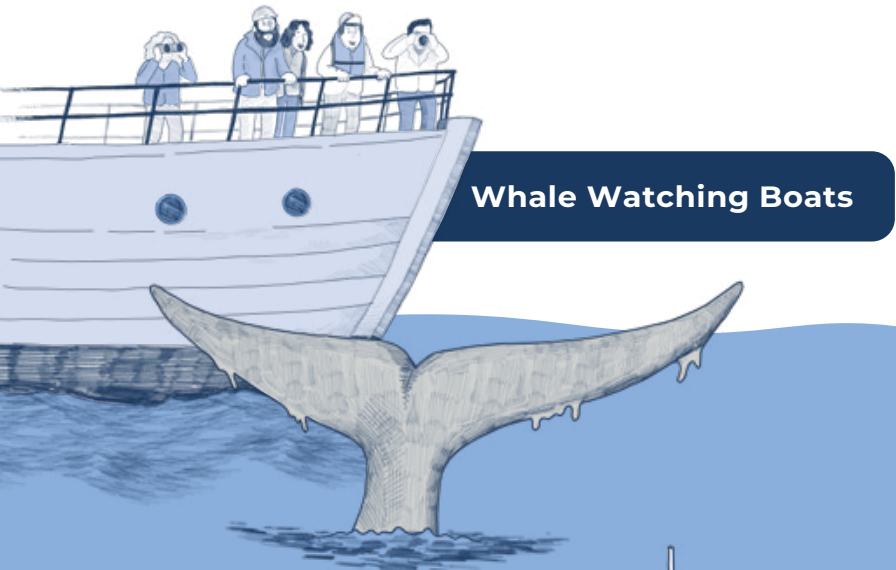

100 TON

Both the amount of sea service time and the size vessels you have been on will influence the license you are eligible for.

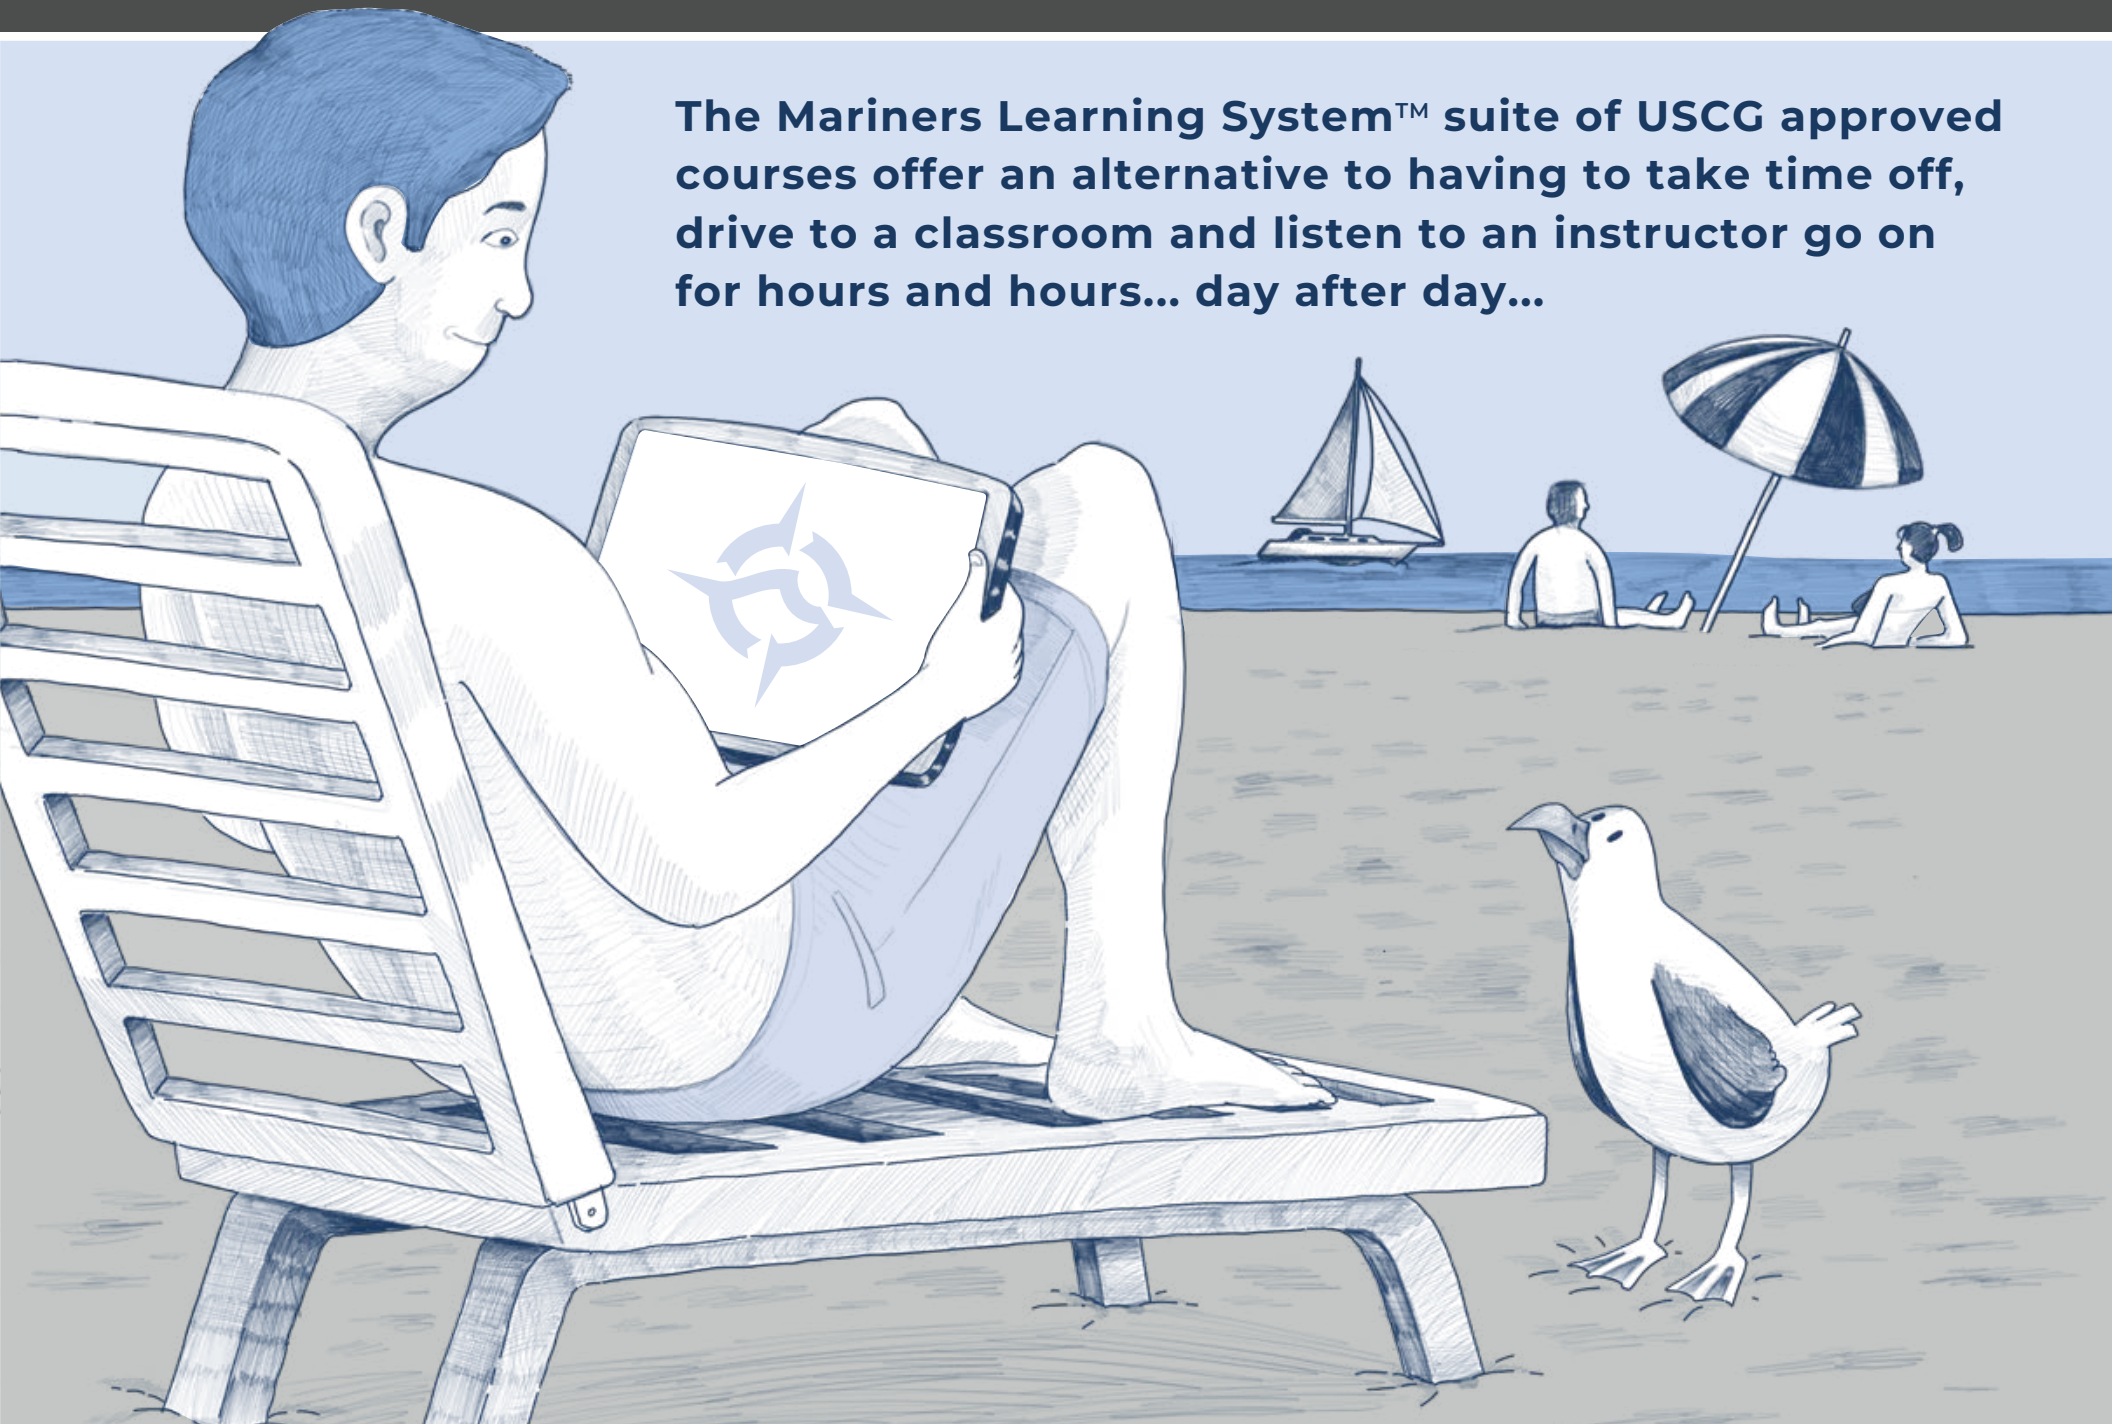

THE FOLLOWING ARE EXAMPLES OF INSPECTED VESSELS:

Although the necessary boating experience required for each version of Master License varies, the basic minimum requirements include:

You must be at least 19 years old.	
US Citizenship is required.	
You must have a minimum of 360 days of boating experience. 90 of those days must have occurred in the last three years. The Coast Guard calls this recency.	
Pass a physical and drug test.	
Hold a valid adult CPR and Basic First Aid Card.	
Obtain a Transportation Workers Identification Credential (TWIC card) this is a background check done by Homeland Security.	
And completion of the Mariners Learning System USCG approved 25/50 or 100 Ton Master course.	

The Mariners Learning System™ suite of USCG approved courses offer an alternative to having to take time off, drive to a classroom and listen to an instructor go on for hours and hours... day after day...

You are not required to advance through the different licenses one at a time. If you meet the USCG requirements for the 100 Ton Master, you'll get that license as your first license.
